Now, right quick, what is the 20th test? Bel you don't even know the 10th of the season. It should not be a hard task to pick up the 10th test.

At the time it was held in 1908, the number of deaths was a high one. The number of deaths was a high one. The number of deaths was a high one.

Then, too, there is the danger from fire, which ought not to be passed over lightly, nor undervalued. When the works are permitted, the men in the department stand ready to burn and as a rule, they are frequently called out from the evening of the 1st till the morning of the 3rd is a trying time for men, horses and apparatus.

It is possible to expect an accident to occur, but some effort at least must be made by cities and towns to avoid having their people injured, and more intelligent forms of celebration. It explains why the public parks during certain hours of the day, where the people are allowed to have picnics, are closed to the public.

North Carolina is more certain in its Republican than Maine with its Democratic. Now, growl about exaggeration!

But the reasons already given are not the only ones that may be urged in favor of a safe and sane Independence day celebration. There is no reasonable comparison in analogy between what happened July 4, 1776, and what in later times happens in commemoration of that event.

It is possible to expect an accident to occur, but some effort at least must be made by cities and towns to avoid having their people injured, and more intelligent forms of celebration. It explains why the public parks during certain hours of the day, where the people are allowed to have picnics, are closed to the public.

These boys should have been left to grow and know about their own life and the life of the people among themselves and stay out of the interference of the state.

Independence Day Disasters. National Live Protection Association. Independence Day is coming day of powder poisoning and lockups, day of hospital and ambulances, day of mutilation and loss of life.

It is possible to expect an accident to occur, but some effort at least must be made by cities and towns to avoid having their people injured, and more intelligent forms of celebration. It explains why the public parks during certain hours of the day, where the people are allowed to have picnics, are closed to the public.

Mr. Garmack's death is a tragedy to other people than his own. It is a tragedy to the people of Greensboro, N. C. It is a tragedy to the people of the State.

But the reasons already given are not the only ones that may be urged in favor of a safe and sane Independence day celebration. There is no reasonable comparison in analogy between what happened July 4, 1776, and what in later times happens in commemoration of that event.
