Run Down? Ayer's Sarsaperilla is a tenic. It does not astimulate. It does not make your feel better one day, then as bad as ever the next. There is not a drop of alcoho all about Aper's Sarsapa- in it. You have the steady, even gain free from alcohol. A strong that comes from a strong tonic. Ask isc. J.C. Ayer Co... your doctor all about this.

### THOMASVILLE NEWS

(Special to Daily News.)
Thomasville, June 20.—The friends of the late Capt. 10 L. Jones, who lived along the line of the Piedmont railroad, are subscribling money for a monument va., to be at the bedisde of their daughto be erected at Denton, N. C., to the ter, Miss Susie, who is at that place for memory of the man to whom Denton and the surrounding country is no great memory of the man to whom Denton and the surrounding country is so greatly indebted for the development and material advancement of the country all along the line of the Piedmont railroad, which was planned and built by the untiring effects of this man alone, and already a sufficient amount has been reported to secure a monument, but it is earnestly desired to make the shaft as fitting as possible and any one desiring to contribute to the monument may seed subscriptions to J. L. Armifield, of this place. When the full amount has been raised and the monument set in place, it is desired that appropriate exercises be beld at Denton at the unveiling. It will be recalled that this man built this railroad without aid and the servetion of this munument by his friends, whom he aided, is but a slight work of appreciation of the uniting efforts Captain Jones Spent during his railroad. All the towns along the line of this railroad. All the towns along the line of the railroad as well as Benton, the present terminus, owe their development to this road. This is a noble and fitting effort sand should receive the support of every one along the line of the railroad as well as all the friends of Captain Jones.

Mr. and Mrs. J. L. Armifield left Mooday for Wrightaville Beach to spend a few days ago, and the property in Mount Airy will show a good, hig increase over last year, personal to the property in Mount Airy will show a good, hig increase over last year, personal to the monument of the property in Mount Airy will show a good, hig increase over last year, personal to the property in Mount Airy will show a good, hig increase over last year, personal to the property in Mount Airy will show a good, hig increase over last year, personal to the college of the power allower company, came in from Charlotte today, and with the mayor and bloard of alterment is discussing the matter of permits tonght. The company is headed Durhamwards, and will put its lines of transmission here if it can be made agreeable. The survey for this route was made long ago and the engineers pronounce it an ideal course. Mr. Lee is much struck with the possibilities of Durham There are in sight about 20,000 horsepower, a strong man also perhaps Mayor Follows and the property of this place. The Velustion or real worth of the property in Mount Airy will show a good, hig increase over last year, personal termination of the engineers pronounce it an ideal course. Mr. Lee is much struck with the possibilities

Electric Brick plant has been burned and it has been found that they are some of the finest brick ever seen. The clay is fine and the brick all burn well. This plant begins operations favorably and will, no doubt, prove to be one of the beet paying plants in the town. The plant is turning out between 30,000 and 40,000 brick per day, and as soon as business justifies, the capacity will be increased.

List the company here would have to take its power. The charlotte corporation has unlimited supply now ready come in. Quite a nice little party received at the Brown house from Missouri.

The change in the weather is gladly welcomed. Saturday was an ideal summer day in this mountain city.

SACLARA SMOKER, be ALL HA-matter was then gone over and it looked to make its power. The Charlotte corporation has unlimited supply now ready with what it has in prospect.

Messrs Lee and Millmow were here day in this mountain city.
