

Ladies' Stylish Brown Russian Oxfords

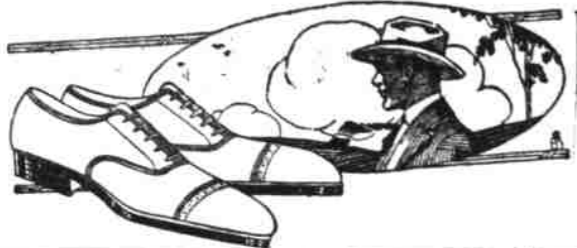

WHITE DRESS BOOTS

You will find these boots the ideal hot weather dress shoe. They are made with both straight and curved heels, in a variety of leathers and materials; and the best styles we could find.

Priced \$4.95 to \$7.45

CHILDREN'S SHOES

There is one department of our store devoted entirely to children's shoes, and to the proper fitting of growing, tender feet. Those in charge are especially fitted for the work, so when you send your child here you can depend absolutely on proper methods, and you get the very best stock.

FOOTWEAR THAT WILL GIVE SERVICE ALL SUMMER AND DURING THE AUTUMN

We have never witnessed a greater popularity of brown oxford ties than this season has brought; and such popularity seems ultimately fitting, since footwear of this quality not only fills every style requirement, but gives a service that outlives any particular season. These brown oxfords are real war-time adjuncts of the economical wardrobe.

In our stock you will find a most enchanting assortment, mostly with the ever popular military heel, and with either plain or wing tips. There are lines and styles to suit every foot; and the list of sizes is very complete. They are priced all the way from \$4.95 to \$8.45.

"EVERY INCH A SHOE STORE"

MEN'S HOT WEATHER OXFORDS

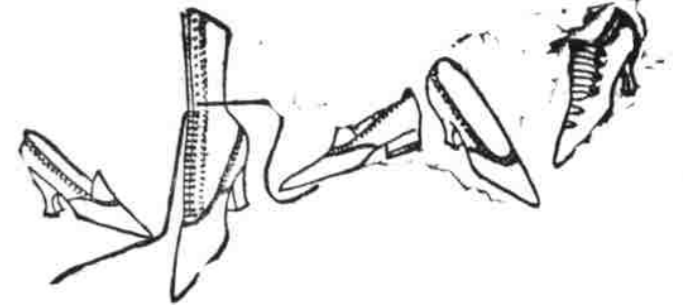

We have a big stock of men's Palm Beach, white and grey oxfords—the kind that add a touch of coolness and completeness to your summer attire, and, more important than all, give your feet the comfort so necessary during the hot months.

The Prices Range From \$3.50 to \$5.00

LADIES' PATENT STRAP PUMPS

Last week we received a new shipment of beautiful patent leather strap pumps. The lot includes many distinctive styles not shown heretofore, and we are glad to announce them at this time, when the demand for this class of footwear is so steadily increasing.

Priced \$4.95 to \$8.50

MOSQUITO IS MENACED BY BOY SCOUTS HERE

Organization Affected for Work To Be Done in Greensboro During the Week

DESTROY BREEDING PLACE

The Boy Scouts of this city held a mass meeting Friday night at the Y. M. C. A. for the purpose of organizing a campaign to combat the mosquito menace in this city. Several speakers addressed the company, among them being M. E. Block and Supt. Fred Archer, of the city schools. The campaign is to start tomorrow morning at 9 o'clock and it is estimated that it will take but two days. The scouts have been divided into five groups of 10 boys each and these teams will take separate sections of the city and will make it their duty to eliminate all breeding places of mosquitoes. Each house will be examined and all cans or pails which might fill with water and form a breeding place will be overturned or disposed of in some way. The young men are working in the service of the city and will have the city authorities back of them. The help of the negro preachers and school men has been secured and the negro boys will care for the negro section of the city. This is an important campaign and all the citizens are asked to help the boys in every way possible. In this campaign the boys will be under the direction of Dr. J. T. Reeves, the city physician, and City Health Officer Donavant.

MEETING TO BE HELD IN INTEREST OF COLLEGE

Committee Meets Tomorrow Night to Further Plans for Securing College

COMMISSIONERS DONATE

The plan to secure for Greensboro the Presbyterian College for Women, combining the Peace Institute at Raleigh and Queen's College at Charlotte, is being carried on at full blast. The Presbyterians of this city are to hold a meeting tomorrow night at the First Presbyterian church to further the interests of this project. A. M. Seales is chairman of the committee for soliciting subscriptions and arranging plans among the Presbyterians, and T. A. Hunter heads the committee for the same purpose among those who are not Presbyterians. The city board of commissioners has agreed to contribute \$100 each year for five years to the fund, considering it as a good, sound business investment. Some objection was, of course, raised with regard to the city commissioners contributing to a denominational college, but the committee explained to them that this college would not be a strictly denominational college. While it will be under the auspices of the Presbyterian church, its doors will be open to young women of any denomination. The college will be located within a radius of two or three miles of the city and it is estimated that in the process of building between \$300,000 and \$400,000 will be expended among the merchants of this city.

GREENSBORO GOLFERS WINNERS IN TOURNEY

Defeated Representatives of Winston-Salem Yesterday By Score of 20-4

HAD SUPPER AT THE CLUB

Winston-Salem Country club golfers were defeated here yesterday afternoon by representatives of the fraternity in the Greensboro Country club. The score was 20-4. After the match, the players had supper together at the clubhouse. This event was delightful. A fine meal was served and a number of felicitous talks were made by various men in attendance. So highly pleasing was the meeting of the men of the two clubs, that it was agreed unanimously that the affair should be repeated soon and often. The second match between the clubs will be in a fortnight on the Winston-Salem course. The play yesterday was match for 18 holes. Three points were possible in each twosome, one on the first nine, one on the second and the third for the 18. The results follow with the Winston-Salem man in each pair named first: Farish 0, Harrison 2; Fallin 0, Hobbins 3; Cromer 0, Elzemeyer 2; Harris 1, Watt 2; Jerome 0, Scott-Hunter 3; O'Brien 1, McAlister 2; P. H. Hanes 0, Gunter 3; J. G. Hanes 0, Bush 3; Williams 1, Rev. Vincent Taylor 1; Hill 1, Smith 1.

ECLIPSE OF THE SUN COMPLETE IN OREGON

Birds Sought Their Nests and Chickens Their Roosts; Scientists Interested

GENERAL OVER COUNTRY

Baker, Ore., June 8.—Untimely twilight, fast followed by a deeper darkness, swept over a strip of the northwest 50 miles wide today when the solar eclipse, foretold by men who have reduced the movements of astral bodies to an exact science, came to pass. The phenomenon found noted scientists ready for it here. Telescopes were trained to study and photograph the sun's corona and observe the eclipse in all its phases. Definite conclusions drawn from these observations will be available only after comparison of results attained and deductions as to their significance. The observations were declared to be successful, a slight cloudiness being the only drawback. When the eclipse became total, birds sought their nests and chickens went to roost. A gloom as deep as night enveloped the land and electric lights were turned on in doors while street cars and automobiles had their headlights burning. Within a few minutes after the total eclipse, daylight rapidly returned.

DONALD THOMAS IS HERE WITH MERCHANT OF CITY

Comes from Valdosta, Ga., to Be With Felder-Briggs Company in Conduct of Clothing Store.

DR. WALDO HOLT HERE ON BRIEF VISIT TO FRIENDS

Dr. D. Waldo Holt was here during the past week for a short visit with friends. He recently graduated at Jefferson Medical College, Philadelphia, where he ranked high among his classmates. His excellent success is gratifying to his many friends here. Dr. Holt is a son of Dr. W. D. Holt, of McLeansville. He is a graduate of Trinity College at Durham, and will be remembered well here as a member of the Daily News staff, where he served for some time. He will go July 1 to Duke, this state, and will spend the summer there practicing his profession. He goes then to Philadelphia for a year's hospital training.

SHERIFF AND A WOMAN ARE FATALLY WOUNDED IN FIGHT

Gadsden, Ala., June 8.—In a pitched battle between officers and alleged deserters from the army in Big Wills valley near here today, Sheriff John Lewis and a woman were probably fatally wounded and two men less seriously hurt. The officers were approaching the home of Weas Wright when fire was opened on them. They returned the fire, wounding the woman. The men fled and two of them were shot, while Sheriff Lewis received a shotgun wound in the head.

THE SOLAR ECLIPSE WAS TOTAL AT ORLANDO, FLA.

Orlando, Fla., June 8.—The solar eclipse was total here at 6:40 o'clock and hundreds of persons from this state and scores of others from nearby states were here to witness the phenomena. Most of south Florida was affected by the eclipse, it being almost total from coast to coast. The direction of the 50-mile wide astral pencil across this state was from northwest to southeast, crossing the peninsula from about Cedar Key on the Gulf coast to about Melbourne on the Atlantic.

Whitney's Horse Wins

Belmont Park, New York, June 8.—John, owned by H. P. Whitney, an outsider in the betting, won the classic suburban handicap here today. Hollister was second and Battle third. Cudgel, the favorite, was never prominent.

College Baseball

At West Point 9; Princeton School of Aviation 8. At Andover, Mass.; Exeter 10; Andover 1. At Battle Creek, Mich.; Michigan 2; Camp Custer 6.

C. W. ROBERTS RE-ELECTED SECRETARY AND TREASURER

Charlotte, June 8.—After electing officers for the ensuing year and adopting resolutions re-affirming the patriotism of the organization the 11th annual convention of the Southern Commercial Secretaries association was adjourned late today. Atlanta was selected as the next convention place.

Montgomery Views Phenomena

Montgomery, Ala., June 8.—Montgomery viewed the phenomena this afternoon. Obscurity of the orb reached its greatest degree at 6:37 o'clock and lasted one minute, at which time 97 per cent. of its surface was covered.

Partial Eclipse at Knoxville

Knoxville, Tenn., June 8.—A partial eclipse was plainly visible to the naked eye, although many observers used smoked glass. During the period the temperature dropped from 78 to 74.

People Watch Eclipse

New Orleans, June 8.—A 90 per cent. eclipse of the sun was visible here at 6:38 this evening, thousands of people lining the business streets to view it.

Astronomers Witness Eclipse

Denver, Colo., June 8.—Astronomers from the staff of the Yerkes observatory of the University of Chicago and other observatories who gathered here today to make observations of the total eclipse of the sun found that their elaborate preparations had gone for naught. Heavy clouds covered the sky during the greater part of the eclipse.

Scientists Gather at Goldendale

Portland, Ore., June 8.—The eclipse of the sun became visible here today at 2:45 p. m. Reports from Goldendale, Wash., where scientists have gathered to view the eclipse, indicated that a slight haze from forest fires might obscure the corona but that observations could be made successfully.

Heavy Clouds Mar Eclipse

Jackson, Miss., June 8.—Observance of the total eclipse of the sun this evening was marred by heavy clouds, making it impossible to get a glimpse of the phenomena.

Funeral Today

Funeral services of Mrs. J. M. Stutts who died Friday will be held at the home on Oak street, Glenwood, this morning at 9:30 o'clock. After the service the funeral party will leave for Gibsonville where interment will take place.

Do You Want a Car? Then Buy it Now!

There is absolutely nothing to be gained by waiting; there is no indication of immediate relief from freight deliveries to insure a greater supply—rather, the delivery problem may grow worse; there will be no increased production to supply the demand, but, instead, a decreased production is virtually certain.

There is everything to be gained by buying now, if you buy

A Chevrolet

WE HAVE THEM READY FOR DELIVERY, TOO!

We are fortunate in having a large stock of Chevrolets in our show rooms, ready for you to drive out. They haven't been driven through from the factory, either, but have been delivered to us by the usual freight route. But while our present supply is ample for immediate demands, we are not at all sure that it will remain so. If you contemplate buying, buy tomorrow! We may be able to fill your order later—and, again, we may not.

THE CHEVROLET IS THE BEST AUTOMOBILE BUY ON THE AMERICAN MARKET TODAY!
