BRIAND WANTS AMERICA TO UNDERSTAND FRANCE

Wants Nothing Withheld As to Military, Political Or Economic Situation.

MISTRUSTFUL OF GERMANY

Washington, Nov. 8.—M. Briand's desire in connection with the armistice conference is that nothing should be withheld from the American public as to the military, political or economic situation of France or the reasons why that government is or might be impelled to one course or another.

The military position and requirements of France are matters of anxious concern and General Buat, the chief of the French general staff, has brought with him to the conference a chest of documents respecting the present military strength of Germany and her potential power.

The army section of the French delegation has brought reports respecting the small arms said to be concealed in Germany. Arms and artillery factories owned by Germans, according to these reports, have been acquired, or are being constructed in countries around Germany beyond the supervision of the allied commission of control.

From a considerable documentation the conclusion is reached by the French general staff that the German government and German organizations are determined upon a methodical and long sighted preparation for war.

ARMISTICE DAY TO SEE FIVE N. C. TEAMS PLAY

Wake Forest and Trinity Meet in Raleigh, State and V. P. I. in Norfolk.

ELON AND GUILFORD HERE

Taking advantage of Armistice day yesterday had the largest tobacco market since opening day and tobacco growers were well pleased with the results of their sales.

Here in Greensboro, Elon and Guilford will meet in their annual clash, in Raleigh the Wake Forest Baptists and the Trinity Methodists will engage in their big interdenominational battle, and in Norfolk the two state technical and agricultural schools of North Carolina and Virginia, State college and V. P. I., will continue the series of hard fights that have always characterized the two institutions.

The three games all mean a tremendous lot to the teams and each squad is being specially drilled for these particular contests. Old rivalries are involved and the student bodies at all the institutions are getting wrought up to the old traditional pitch.

The Elon-Guilford game at Cone park will give Greensboro the only college game of the season. Although not a team is in the top rank in North Carolina, both teams have shown this year marked improvement over past years, and both will throw all their strength and skill on the gridiron Friday afternoon.

Mightily encouraged by the good showing against Guilford and perhaps too by Wake Forest's disastrous game with Richmond, Trinity has her sights set on the Baptists, and is out for blood.

DECEMBER JURORS PICKED

J. Elwood Cox, speaking for the bankers of Guilford county, appeared before the Board of county commissioners yesterday afternoon and asked that the commissioners exempt from taxation all county bonds now in the possession of the banks in Guilford county. SIGNS TEMPORARY ORDER RESTRAINING COLLECTOR

Complaint Filed By Ashe County Residents Against Gilliam Grisson, Revenue Collector.

Calloway Mahala and wife yesterday filed a complaint and several affidavits that Gilliam Grisson, collector of internal revenue for North Carolina, be restrained from collecting the amount of \$151.10 in taxes from the plaintiffs, this amount being the tax placed upon the real estate of the plaintiffs in Ashe county as a result of a still for the manufacture of whisky being found on this land.

It is contended in the complaint that neither of the plaintiffs have ever engaged in manufacturing whisky nor was there any knowledge on their part that an illicit distillery was on the land.

Judge Boyd signed a temporary order restraining the collector from collecting this amount for 10 days, and ordered him to file an answer to the complaint by November 13.

The hearing of Joyce's petition was concluded today after it had been announced that a settlement between Mr. Joyce and his wife had been reached whereby she would receive cash and jewelry totalling \$800,000, but would return to Joyce property valued at more than half a million dollars.

Judge Sabath said he probably would formally grant the divorce tomorrow or next day.

JOLLIES OF 1921 SECOND PERFORMANCE GOES BIG

Large Crowd Greets Second Show and Expresses Appreciation By Hearty and Continual Applause.

Another large house greeted the second performance of "The Jollies of 1921" last night at the Grand theater and showed with loud and continual applause its appreciation of the combined minstrel and musical extravaganza staged by the Shriners' club of Greensboro.

If the first night was a success—and no one has had the courage to face the unanimous approval to assert anything else—the second night was an even greater success. Confidence all along the line gave the actors more ease and they carried through their parts with an assurance born of their own victory. The audience liked especially the work of Malcolm Jones and gave him probably the best hand of the evening.

Miss Addie Brown's dancing number came in for hearty appreciation and the whole show went over with a bang and a glitter.

No statement was made last night as to the financial results of the performance, but it is believed that the two large houses a large sum was realized.
