

VERDICT SET ASIDE IN ALBRIGHT-LYNCH CASE

Judge Shaw Entertains Motion of Plaintiff in \$10,000 Libel Suit.

APPROVES JURY'S ACTION

(Special to Daily News) Charlotte, Nov. 9.—Judge T. J. Shaw in superior court today entertained motion of attorneys for plaintiff in libel suit brought by Judson D. Albright against A. E. Lynch and set the verdict aside on the ground that the first issue related to the publication of the alleged defamatory matter, which issue the jury answered in favor of the defendant, while there was some evidence that the same was published.

In disposing of the motion to set aside the verdict, Judge Shaw remarked to counsel for the plaintiff that he thought the verdict of the jury was a very wise one and best for all parties, but, if they insisted, he would set it aside and grant a new trial, since there was some evidence of publication.

The plaintiff, Judson D. Albright, sued the defendant for \$10,000 damages, alleging that his character and reputation had been damaged in that amount. Mr. Albright is a candidate for the Charlotte postoffice and is presumed to have the endorsement and backing of the Morehead organization. Mr. Lynch, the defendant, also a Republican though not a candidate for the postoffice nor any other office, alleged that if he did publish the matter alleged, he did so in good faith, believing it to be true and believing that as a good citizen he had the right to prevent, if possible, the appointment of Albright as postmaster.

The defamatory matter alleged was contained in a copy of a letter written in August, 1912, by H. N. West, of Mutual, Rowan county, to D. A. Barkley, of Charlotte. It was shown by witnesses for both plaintiff and defendant that D. A. Barkley had published the letter and sent copies of it over the country pretty generally in the year 1912 though Albright claimed that he had not heard of the letter prior to 1915.

LIVED YEARS ON BREAD AND MILK

For More Than Decade Malady Of Alabama Woman Was Continually Sapping Her Strength.

Mrs. H. P. Barrett, of Republic, a suburb of Birmingham, Ala., gives the facts of her remarkable experience with Tanlac as follows: "During the past 14 years I have spent more than one thousand dollars trying to get rid of a complaint that was gradually sapping my strength, but until I got hold of Tanlac nothing helped me. For the past four years I have lived almost entirely on milk and bread, and finally even that went against me.

"Before I had finished the first bottle of Tanlac I got so I could eat anything, and I certainly bless the day I first got this medicine, for I believe it has added years to my life. The people in my neighborhood were so surprised at the change in me that fourteen of them by actual count are now taking Tanlac."

Tanlac is sold in Greensboro by the Greensboro Drug company and all leading druggists.

WADE DENIES THAT HE HAS EVER BEEN KILLED

As Result of His Denial Murder Charge Against Ted Walker Is Changed.

WALKER IS NOW IN JAIL

William Henry Wade, like Mark Twain, declares that the report of his death has been greatly exaggerated. The police state that he is officially dead. William Henry says he is not and that he thinks he knows more about it than the police. He admits that his health is not altogether as good as it was before he and a bullet fired from a revolver held by Ted Walker collided on October 23, but he denies most emphatically that it was necessary to call for an undertaker as a result of the encounter.

Wade and Walker, both negroes, had a little trouble one Sunday night and Walker used a gun. Wade was hit. The cops heard about it and went to look for Walker. Somebody told them that Wade had died. Who gave this information has managed to keep his identity hidden. Anyhow the officers got to looking for the alleged murderer who, it is stated, really thought he had killed a man. Walker was found in Danville, Va., Tuesday and brought to Greensboro yesterday. Wade heard the officers that it would be necessary to change the charge against Walker.

So Ted Walker, instead of facing a murder charge in municipal court this morning, will be charged with an assault with a deadly weapon. William Henry Wade says he wants to be present to tell just how it happened and to prove to everybody interested that he is not dead. He is not certain that he will be able to get to the police station to attend trial but he will be there if possible. He admits that while Walker failed to kill him that the shooting lacked a lot of being funny for says he, "that fool nigger might have sure 'nuff killed me. He handled that gun awful careless like."
