

Annual Conference of the M. P. Church Closes at Burlington

Climax of Final Session Was Stationing Committee's Report. Greensboro Pastors Are Returned—Statistician's Report Shows 223 Churches, 24,720 Members, 109 Ministers.

(Special to Daily News.) Burlington, Nov. 14.—The final session of the 86th annual conference of the North Carolina Methodist Protestant church was held this morning at the local Methodist Protestant church where the sessions of the annual gatherings have been held since the beginning of the conference last Wednesday morning. The morning session today began at 8:30 o'clock. Devotionals were conducted by Rev. G. W. Holmes, of Saxapahaw, after which the conference launched into the transaction of

the numerous items of business, including the reading of reports of various conference committees. A motion prevailed to change the time for the meeting of the next annual conference to Wednesday before the first Sunday in November, 1922.

Rev. S. W. Taylor, the conference treasurer, read his annual report, which showed the account of the finances of the conference, including the raising of over \$27,000 for all purposes of the conference during the year. The report of the committee on fraternal relations was presented by Rev. T. F. McCulloch, of Greensboro, and in it was contained expressions of appreciation for the presence of Dr. T. H. Lewis, president of the general conference, and other distinguished divines representing the various interests of the denomination. The report also expressed profound pleasure for the entertainment given the ministers and delegates in the homes of the people of Burlington. Thanks were expressed also for the courtesy of the various daily newspapers for the space given to reports of the proceedings of the conference.

Rev. S. W. Taylor, of this city, was re-elected conference treasurer by a unanimous vote of the conference. The election law of the conference was discussed, and certain clauses relating to qualification of voters amended. Rev. L. W. Geringer, the conference statistician, read his annual report, which showed that there are 223 churches, and a membership of 24,720, and 109 ministers and preachers. A total of over \$22,000 was paid the pastors of the conference during the year, and a total of over \$199,000 was contributed by the entire membership of the conference.

A matter that occasioned much discussion was that of the apportionment of the general conference of \$80,000 for the coming year. This amount is apportioned to the various charges on the basis of percent of pastor's salary and 50 per cent of church membership.

The climax of the conference, as viewed by some members of the conference, was reached at 12:30 p. m., when the stationing committee read its report. The report was presented by S. C. Whitaker, of Enfield, who was secretary of the committee. The report contained the list of the appointments of ministers to the various charges in the state, as follows: Alamance, G. W. Holmes; Albemarle, T. A. Williams; Allison's Grove, J. P. Alexander; Anderson, to be supplied; Asheville, C. A. Inzer; Ashboro, L. W. Geringer; Beas, Chapel, E. C. Cowan; Bessemer City, C. E. A period of the morning session was devoted to the interests of the new college project, and several ministers either made pledges or increased their pledges, the highest amount pledged by any minister being \$1,000. Final adjournment of the conference was reached at 1:00 p. m., and the annual assembly was dismissed with prayer by Dr. Andrews.

The annual conference as a whole was a very delightful gathering of a body of Christian men and women who represented a great denomination, a denomination that has made rapid progress in recent years. The 200 or more ministers and delegates left today for their various homes feeling that their stay in the city was a most pleasant and profitable one. The conference was one of the most successful that has been held in several years.

COUNTRY CLUB FOR HICKORY IS NOW AN ASSURED FACT

(Special to Daily News.) Hickory, Nov. 14.—Patrick and company is the name of a new wholesale grocery business to begin operations here this week with J. H. Patrick, for 20 years associated in this line of work as organizer and secretary-treasurer. J. W. Shuford is president and J. D. Elliott vice-president. The goal of \$25,000 having been attained, promoters of the Country club announce that they expect to run the total subscriptions up to \$30,000 before they begin business. Officers will be elected this week with the arrival of the charter. The club has bought land two miles north of Hickory on the Lenoir highway and will erect a modern house and build golf links.

Although Postmaster Bagby's resignation has been with the postoffice department at Washington since August 11 last, his successor still is unnamed. Raymond L. Hefner, assistant postmaster, made the highest grade in the examination, it is said, Albert E. Deal of the local office and Horace A. Abbe, a local business man, held second and third. The candidate the Republican organization endorsed failed to qualify.

The Gasoline That Delivers the Goods

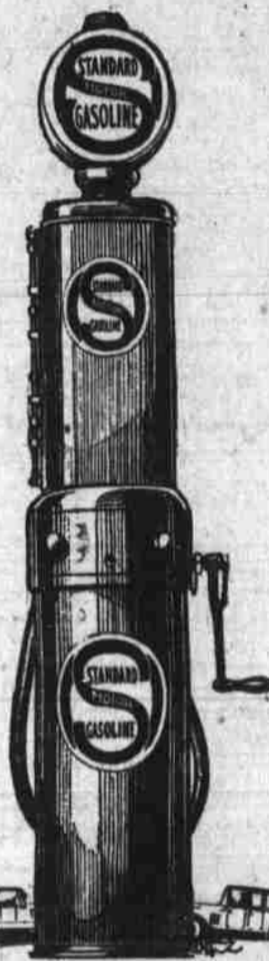

Delivery service, with its innumerable stops and starts, puts motor fuel to a severe test, especially in cold weather. Unless the gasoline is quick firing, valuable time is frittered away every time the motor has to be started. The alternative of allowing it to idle every time a call is made means wasting a lot of gasoline.

But there are other qualities that are desirable in gasoline besides the "pep" that proper volatility assures. There must be sturdy pulling power for heavy grades, combined with big mileage per gallon. The motor fuel must burn up so completely that there is practically no half-burned residue to foul the moving parts of the motor and dilute the lubricating oil.

These properties of a well balanced motor fuel are all possessed by "Standard" Motor Gasoline. It is an improved article which leads other gasolines in every important quality that makes for efficient and economical operation.

Work with your engine, not against it. Give it "Standard" Motor Gasoline for power and Polarine Oil for lubrication.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method That Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable, or no disease that will lead to as much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries which you smoke in a duster pipe or cigarette. The smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs and carries medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless. It contains no cubebs or tobacco, and may be used by women and children as well as men.

If you suffer from catarrh, asthma, nasal deafness, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Any well-stocked drug store can supply Dr. Blosser's Remedy.

A trial package containing eight cigarettes will be mailed to any sufferer for ten cents (coin or stamps) by the Blosser Co., 25 DD, Atlanta, Ga., to prove their beneficial and pleasant effect. adv-hd

"Diapepsin" for Bad Stomach, Indigestion

Take "Pape's Diapepsin" now! In five minutes your stomach feels fine. Don't bother what upset your stomach or which portion of the food did the damage. If your stomach is sour, gassy and upset, and what you just ate has fermented into stubborn lumps, head dizzy and aches; you belch to gas and acids and cramps undigested food—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only 50 cents for a large case at drug stores. hd-a

That Cocoa Chord try it on your palate

If you hammer on one note of the piano for a minute or so, the sound becomes monotonous. Also, there's no harmony. . . .

If you drink a cocoa made of only one kind of cocoa bean—same effect exactly.

But consider Mr. Runkel. There's no monotony in his cocoa—no harping on one note or one kind of bean! He blends four kinds of bean to get that famous chocolaty taste—blends them into a pleasing harmony.

That's why Runkel's tastes better with each succeeding drink. That's why Runkel's has that chocolaty taste. That's why no other cocoa can be quite so good—because that blend is Runkel's property.

Get a can at the pre-war price, and send for "The New Cocoa Cookery," a book of recipes for cooking and baking with Runkel's. Runkel Bros. Inc., 450 West 30th St., New York.
