

THANKSGIVING BASKETS TO BE SENT TO NEEDY

Christian Endeavor Union Pledges to Supply 63 Baskets For Families.

OUTLINE HOLIDAY PLANS

The Greensboro Christian Endeavor union, at a mass meeting Monday night in the First Presbyterian church, unanimously agreed to follow its custom of sending Thanksgiving baskets to the poor.

The union voted to accept the invitation of Westminster Presbyterian church to hold the sunrise prayer meeting and breakfast at that church Thanksgiving morning at 7:30 o'clock.

MINISTER IS CALLED BEFORE GRAND JURY

Rev. Arthur Talmage Abernethy of Asheville Wrote Letter to Judge Making Serious Charges.

Asheville, Nov. 14.—Rev. Arthur Talmage Abernethy, pastor of the First Christian church of this city, was called to appear before the Buncombe county Superior court grand jury this morning, following instructions to the grand jury by Judge Walter E. Brock.

Judge Brock emphasized the seriousness of the charges, and expressed the opinion that a man occupying the position of that of the writer certainly would not make such allegations unless he was in a position to prove them.

CANVASSERS TO TALK PLANS FOR BIG DRIVE

Red Cross Campaigners to Meet At Supper In Y. M. C. A. Today.

DRIVE BEGINS WEDNESDAY

From 175 to 200 Red Cross canvassers will meet at supper at the Y. M. C. A. tonight at 8:15 to receive final instructions for the whirlwind campaign for the Red Cross membership roll call to be held Wednesday, November 16.

Five-minute talks will be made by Mrs. W. C. A. Hammel, secretary of the chapter, Miss Clyde Peelle, treasurer, and Mrs. Dorothy Hayden, county health nurse, and by Miss Louise Alexander, director of the canvassing teams. Territories will be assigned the 18 or 20 teams, supplies will be given out, and the last detail will be made clear.

Starting early Wednesday morning the teams will sweep the city from end to end, will visit the industrial plants in the outlying districts, and will seek to reach every person in and near Greensboro.

Plans for Christians were discussed rather fully. It was decided that the local union should draw up appropriate plans for the greatest of all holidays—Christmas.

JUNKING SHIPS TO COST U. S. OVER \$400,000,000

At That the Country Will Save About \$200,000,000 on Naval Program—Something in Salvage.

Washington, Nov. 14.—Actual cost to the United States of the scrapping of the present naval building program, naval officials estimated today would be between \$400,000,000 and \$500,000,000, exclusive of any salvage plan that might reduce this total.

Assistant Secretary Roosevelt said today that the American program would save the government about \$200,000,000 in naval expenditures. That figure is the difference between the total cost of completion of the ships, about \$600,000,000, and what scrapping them all would cost.

MR. DANIEL CONTINUES AS RECEIVER OF FIRM

He Has Reduced Debts of Southern Truck and Car From \$61,269 to \$38,627.

TO PAY 40 CENTS ON \$1

Judge James L. Webb, presiding over Superior court here, yesterday signed an order authorizing Garland Daniel, receiver, to continue until the first term of civil term of Superior court in Guilford county in January, 1922, his operation of the Southern Truck and Car corporation, a Greensboro concern, made defendant in an action filed in Superior court several months ago by J. A. Norford and his wife, Mrs. Beale May Norford.

Since the appointment of Mr. Daniel as receiver following the filing of the action by Mr. Norford the corporation has reduced the outstanding debts of the same from \$61,269.04 to \$38,627.15, of which the amount of \$10,000 is a promissory note to the Greensboro National bank for money borrowed and used to continue the defendant as a going concern prior to the appointment of the receiver and which is secured by first mortgage on all the property and assets of the defendant; that at a conservative estimate the assets and properties of the corporation are worth \$53,871.07, leaving the net worth of the corporation \$15,243.92.

According to Judge Webb's order the corporation is therefore abundantly solvent. Continuing his order reads: "That the receiver has only about \$2,367.88 on hand and can only pay the outstanding debts of the corporation by large and sacrificing sales of the properties of the defendant essential to its continuance as a going concern or by the borrowing of the amount necessary by the former directors or other persons interested in the defendant corporation; that in a recent meeting of the directors the receiver was requested to submit to the creditors of the corporation a proposition that the said directors borrow sufficient money to pay off all the outstanding debts on a basis of 40 cents on the dollar, immediately if such proposition be accepted by the creditors, and to leave some working capital for the defendant business, the said business to be continued by a reorganization of the corporation; that the said receiver has served as such efficiently and with the devotion to the work of the said receiver of practically the whole of his time since his appointment without any compensation."

Judge Webb ordered and adjudged that the receiver submit to the creditors of the corporation the proposition made by the directors; that if the creditors agree to such plan they will undertake to borrow enough money to pay off at once all such debts on the basis of 40 cents on the dollar, except the first mortgage debt to the Greensboro National bank of \$10,000 which would be paid off in full.

The court allows in the order signed Mr. Daniel to take from the funds of the corporation when it can be done without prejudice to the continuance of the operation of the corporation the sum of \$1,000 for the present on account of his services as such receiver.

The Southern Truck and Car corporation's plant is located west of the Central Carolina fair grounds.

MORRIS PLAN BANK TO USE SOUTHERN HOUSE

Building Next to Odell's Hardware to Be Remodeled At Cost of \$25,000.

DEVELOP SAVINGS BRANCH

The Morris Plan Industrial bank of Greensboro has leased for 10 years the building located between Odell Hardware company's store and the Greensboro Bank and Trust company's building, South Elm street. The first floor of the building will be remodeled immediately at a cost of approximately \$25,000. The entire front will undergo a complete change, while the interior will be put in first class condition.

C. C. Hartmann, architect, is now drawing plans for the renovation work. He will have the plans and specifications in such shape in the next few days so that the contract for the work may be let. It is expected that work will begin within about 15 days.

The building leased by the bank consists of three storerooms. The room next to the Odell hardware store will be occupied by the Morris Plan industrial bank, while the other two rooms will be sub-rented by the bank to other business people.

The bank will install a set of banking fixtures that will make it one of the best furnished institutions of its kind in the city; money will not be spared to make it an up-to-date banking house.

As stated sometime ago the Morris Plan Industrial bank will, now located in the office of the Gate City Building association, Banner building, feature its savings department, which in turn will strengthen its loan department materially. For this reason the bank's present quarters will be inadequate to carry on the renewed developments of the institution. The bank officials took their time in securing a suitable location. They believe they have one of the best sites for a bank in the city, located in the center of the shopping district.

J. F. Stevens, secretary and treasurer of the bank, has tendered his resignation, electing to remain as secretary and treasurer of the Gate City Building and Loan company. Mr. Stevens' successor has not been announced yet. Several experienced banking men are being considered by the officials, and it is expected that a selection will be made by December 1.

The bank will be under the direct supervision of the secretary and treasurer. Of course other officials will be in close touch with the institution. W. H. Bidinger is president, W. A. Hewitt, vice-president, while the following business men of the city are directors: R. G. Vaughn, W. O. White, Jr., W. A. Hewitt, Dr. Rigdon Deen, H. S. Richardson, W. H. Ridenhour, Thomas C. Bonshull, C. M. Vanosty and L. J. Duffy.

In addition to flushing its loan and savings departments, the bank plans to feature another line of finance, to accept notes from the various merchants of the city. In other words, when a customer buys a bill of goods on time from a merchant, the merchant may turn the note, indorsing it himself, over to the bank and receive his money. The bank and the purchaser will then handle the proposition; of course the merchant signs the note and is liable until the purchaser pays the bill in full to the bank. This feature will be a big benefit to Greensboro merchants.

It is said that the Industrial Finance corporation, of New York city, is interested in the bank, and will furnish assist in the development of this new feature. The New York house, if necessary, may take over some of the paper in possession of the local bank.

The Morris Plan bank is the worker's friend. A man needing a small amount of money is generally taken care of. Now the worker will be given an opportunity of placing small amounts with the savings department of the bank.

W. R. MARSH, AGED 86, OF HIGH POINT, IS DEAD

Funeral to be Held Today at Hopewell Church—Jail Bedding Fired By a Drunk

High Point, Nov. 14.—William R. Marsh, a Confederate veteran and highly respected citizen, died this morning (Nov. 14) at 2 o'clock at his home on Broad street, his death following an illness of several weeks.

Mr. Marsh was 86 years of age and had resided in this section of the state practically his entire life. He is survived by three sons and two daughters, John W. Marsh and Mrs. S. G. Yow, of this city; W. R. C. Marsh and Mrs. Ellen Myers, of Thomasville; D. W. Marsh, of Salisbury; and a sister, Mrs. Tamec Coltrane, of High Point.

The funeral will be conducted at Hopewell church tomorrow afternoon at 2:30 o'clock.

Prompt and efficient work of the North Carolina State Penitentiary officials probably saved the lives of several prisoners in the city jail early this morning. Crazed by liquor, a white man who was a prisoner in the jail, set fire to the bed-clothing and furniture, which arrived at the building filled with smoke. Breaking into the jail the firemen and police pulled the burning mattress into the street and extinguished the fire by the use of chemicals.

Fletcher Bodenheimer, young white man, was painfully injured this morning when struck by an automobile said to have been driven by Joseph Vaughn. The accident occurred on South Main street. Bodenheimer was given medical attention and is recovering.

The body of Alton Kirk Jester, son of Mr. and Mrs. W. A. Jester, of this city, who was killed in action in France, will be brought to this city tomorrow morning. The funeral will be held Sunday with military honors.

Dr. D. W. Daniels, of Clemson College, S. C., has accepted an invitation to be present for the formal opening of the Sherman hotel on the evening of November 22. It was announced today by J. Elwood Cox, chairman of the program committee. Dr. Daniels will be one of the chief speakers at the hotel opening. Governor Morrison will also be present.

The establishment of Rankin-Sherman Tire and Supply company was closed today, a petition for bankruptcy having been filed in Greensboro. According to the statement for the bankruptcy, the liabilities are estimated to be from \$5,000 to \$6,000, with the assets between \$1,500 and \$2,000.

Charm of Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for me in restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. W. M. REISS, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefited by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. HALL, 330 Jefferson St., Marinette, Wis.

These letters should induce others to try

Lydia E. Pinkham's Vegetable Compound

Be King of Your Dreams—Save

This is the age of the "twilight of the kings." One by one they are passing. But there is one domain in which everyone can still aspire to be a king—the domain of their own life plans. You have read the oft-quoted lines of Henley—"I am the master of my fate—I am the captain of my soul." There is an inspiration in these words that will appeal to all who desire to make life worth while. To be "master of your fate" requires more than good resolutions—it calls for a material foundation which for most of us can only be acquired by saving. To be captain of your soul requires above all the power of will and nothing will contribute more to the development of determination and will power than regular saving. This Association will help you to save—to become king of your dreams.
