

### GUILFORD POLLS TO BE OPENED SUNRISE TODAY

#### Friends of Prof. Whitaker Ask That Citizens Give Him Large Vote.

### TO VOTE AT OLD PLACES

The regular voting places throughout Guilford county will be opened this morning at sunrise for the special election authorized by Governor Morrison to elect a successor in the legislature for D. L. Donnell, recently appointed to the board of Guilford county commissioners.

Prof. T. E. Whitaker, of Oak Ridge Institute, the choice of the Democratic executive committee, is the only candidate in the field for the vacant seat; the Republicans have not announced a candidate.

Owing to the fact that Professor Whitaker will have no opposition there will more than likely be a tendency on the part of the voters to remain away from the polls. But friends of the Oak Ridge man are anxious that a large vote be cast for him.

Professor Whitaker will be at home in the general assembly having served in that august body a number of years ago. He is a man of ability and will make Guilford a first rate representative, say his friends.

Voters living in Morehead township will cast their ballots at the following places: Morehead No. 1, at the city hall; Morehead No. 2, at Jennings Garage, West Market street; Morehead No. 3, in the new courthouse; Morehead No. 4, Five Points; at Fields' store and at Turner's store, Glenwood.

Those living in Guilford will vote at the following places: Northeast Greensboro at the chamber of commerce; West Greensboro at Eagle Hose; Southeast Greensboro at the fire department station; Asheboro street and at the regular precincts of Proximity, Revolution and White Oak.

The other places in the county will be the same as those of the recent regular election. The polls will close at sundown.

### NEWS OF RAMSEUR.

#### Hold Pretty Flower Show—Armistice Day Well Observed.

Ramseur, Nov. 14.—Census Bowman, of Asheboro, was a Ramseur visitor Monday.

Rev. Mr. Underwood and Mr. Lowdermilk, of Pleasant Garden, passed through Ramseur Monday on their way to attend the annual conference of the Christian church, which convenes at Danville this week.

Mrs. J. A. Marsh, of High Point, after visiting friends here the past week, returns home Saturday.

Armistice day was appropriately observed by the high school last Friday.

The address was delivered by Prof. D. M. Weatherly, of Randleman. Professor Weatherly was in his best on this occasion, and his speech was not only patriotic but beautiful.

A goodly number of Ramseur people attended the chrysanthemum show and community fair at Franklinville Saturday. Miss Leona Brower received the \$5 prize for having the largest flower in the show.

H. B. Moore and M. E. Johnson will attend the North Carolina state Baptist convention, which meets in Rocky Mount Tuesday.

Mrs. J. M. Forest, Jr., and child, after spending the week here, returned home yesterday. Mr. Forest accompanied them.

### WILSON NEWS BRIEFS.

Lewis Nelson Shelton Dies From Paralysis—John Durham in Trouble.

Wilson, Nov. 14.—Louis Nelson Shelton, a former Wilson county man, on Monday, November 7, while fishing near Snow Hill was stricken with paralysis and when found later in the day in his boat his body was partly under water. He succumbed to the stroke Sunday morning and was buried near Snow Hill this afternoon at 3 o'clock. He is survived by his widow and a devoted daughter.

Sunday afternoon on the plantation of Henry Menahay, in Black Creek township, two negroes, Isaac Ford and James Wiggins, got into an altercation and Ford shot Wiggins in the stomach with a .44 pistol, the ball puncturing the intestines in four places. Wiggins is in a local hospital and it is thought he will die.

John Durham, a white man of near Black creek, had a hearing here Saturday before Magistrate J. R. Hardy on a serious charge—for alleged criminal knowledge of a girl over 12 and under 14 years of age. There appearing probable cause he was bound over in a justified bond of \$2,000 for his appearance at the December term of Wilson Superior court. Durham is a married man and the father of a large family.

### BEWARE THE COUGH OR COLD THAT HANGS ON

#### Chronic Coughs and Persistent Colds Lead to Serious Lung Trouble. You Can Stop Them Now With Creomulsion, an Emulsified Creosote That is Pleasant to Take.

#### A New Medical Discovery With Twofold Action. Soothes and Heals the Inflamed Surface and Kills the Germs. Endorsed By Highest Authorities.

#### Money Refunded If Any Cough or Cold, No Matter of How Long Standing, is Not Relieved After Taking According to Directions.

### FINE FOR BUILDING UP THE SYSTEM AFTER COLDS

Of all known drugs, Creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation and inflammation while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Increases appetite and body-weight. Ask your druggist. (Adv)

### NOELL CASE IS AGAIN UP TO DANVILLE COURT

#### Man Charged With Attempted Criminal Assault May Get a New Trial.

### AGED FARMER DROPS DEAD

(Special to Daily News.)

Danville, Va., Nov. 14.—The question of whether or not William V. Noell shall have a new trial on a charge of attempted criminal assault on Lora Gee will probably be determined tomorrow. The case is marked on the docket for disposition tomorrow, but Judge D. Price Withers said this morning that the commonwealth's attorney had not yet presented his brief setting forth reasons opposing the trial. John W. Carter, commonwealth's attorney, said that he hoped to have the brief ready in which event the court is likely to render a decision. The defense seeks a new trial alleging certain irregularities in that the jury in visiting the Noell factory, where the assault is said to have taken place, undertook certain work tests with a view to determining the carrying powers of the human voice.

Should the new trial be granted, it is unlikely that a hearing will be given at the present term of court. The jury failed to agree at the first trial, but at the second Mr. Noell was convicted of a simple assault, fined \$500 and sent to jail for 12 months.

Damage estimated at \$20,000 was done in South Boston last night when fire destroyed the Syndicate Dollar store, a comparatively new concern, which was wiped out. The loss is understood to be covered by insurance. For an hour the business district of the town was menaced by the fire which had secured such a good hold that by the time the fire department arrived the two-story brick structure on Wilburne street was wreathed in flames. After an hour's fight, during which time three engine streams were played, the fire was controlled. Several adjoining stores suffered lightly from water damage.

Figures on manufactures in Virginia, published today by the census bureau, show that Danville led the state in industrial development between the years 1914 and 1919. Portsmouth came second, Alexandria third, Lynchburg fourth and Richmond fifth.

Danville's industrial progress during that period reads like a fairy tale, the number of persons engaged in work increasing 112.2 per cent and the value of manufactured products jumping 43.1 per cent. The number of persons engaged in manufactures here increased during the period named from 2,350 to 6,065, capital from \$4,782,000 to \$29,261,000; salaries and wages paid increased from \$1,228,000 to \$6,361,000, and the cost of materials used from slightly over \$5,000,000 to \$16,251,000, or 497.2 per cent. The increase in the value of manufactured products was from \$5,558,000 to \$30,183,000.

Announcement was made today from Richmond that Mrs. Harry Semones, nee Miss Hattie Jane Anderson, has been elected queen of the Virginia historical pageant, which will be held in Richmond during one of the early weeks of next May.

The maid of honor from this congressional district is Miss Marian Spragens, of South Boston. The vote was taken throughout the state during October.

John Stallings, an aged farmer who lives some miles south of Raldisville, N. C., dropped dead on the Union street sidewalk at 1 o'clock this afternoon. He was suddenly seen to collapse, and despite the prompt arrival of a doctor he quickly breathed his last. He was here selling tobacco. The remains were removed to an undertaking establishment there to await relatives.

The long-delayed North Danville water improvement became effective today when the old Knapolls reservoir was put into service, supplying North Danville and materially increasing pressure, which has been a source of discontent for several years. A new motor to replace that which was burst out accidentally arrived Saturday and during Saturday night and Sunday the pump was run at full pressure, putting 2,000,000 gallons of water into the container. Pressure was increased throughout the city as a result.

Committees of citizens started out today to secure \$6,000 for the Danville library. The annual Red Cross roll is also on today and tomorrow, with workers soliciting business houses and individuals.

An unusual situation has arisen here over the recent construction of six cottages in the rear of the city park, which are occupied, but which have neither path nor road leading to them owing to the fact that the owner of the property, M. Koplen, is at loggerheads with the city. Koplen has asked the city to build a road for the exchange of a small piece of land, but the city has refused, declaring that the park property would be injured thereby. Occupants of the houses have been forced to climb over the park fence and to use the driveways in coming to and from home. Plus, however, has his drawbacks, as the park gates are locked early in the night.

### NO RESISTANCE SEEMS POSSIBLE TO THE BOLD STROKE OF MR. HUGHES

(Continued from Page One)

On this basis Mr. Hughes could show a victory to the country in securing a large measure of disarmament and in getting the Japanese out of Shantung and Siberia where Mr. Wilson left them. And Japan could consolidate her position on the Asiatic mainland.

## Thirsty Fibre

TRADE-MARK COPYRIGHT 19

It is Thirsty Fibre (millions of him in each ScotTissue Towel) who absorbs four times his weight in water and is responsible for that essential, thirsty, absorbent quality found only in ScotTissue Towels.

The Person Who Doesn't Like Paper Towels Never Met Thirsty Fibre

—never enjoyed the full-fledged satisfaction of a soft, white, uniformly inviting towel that really dries. Never realized that there is no basis for comparison between ScotTissue and ordinary towels—that ScotTissue is a towel which can't be copied.

ScotTissue Towels instantly absorb because each Thirsty Fibre drinks four times its weight in water. Thirsty Fibre gives your towel dollar greater buying power—one towel which dries is cheaper and more satisfactory than two that don't.

Tear a ScotTissue Towel and notice how closely the soft, fleecy Thirsty Fibres are woven. Put a ScotTissue Towel in your ink-well and watch the ink line climb.

### An Unusual, Convincing Trial Test

The right way to test the economy and satisfaction of ScotTissue Towels is to arrange to have a trial test conducted in your wash-room in competition with any towel you may be using. ScotTissue Towels are distributed through the jobbing channels and any ScotTissue jobber is authorized and qualified to make the trial test.

In addition we will gladly arrange to have a towel efficiency representative discuss towel or toilet paper service with anyone who is interested in improving service and lowering annual costs, by addressing:—

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

### CALOMEL SALIVATES EVEN WHEN CAREFUL

#### Treacherous Drug can not be Trusted and Next Dose may Start Trouble

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury; quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.

### The Easiest Way To End Dandruff
