## Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was never able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound and I noticed an improvement right away. Now I weigh 185 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for my sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish."

Pinkham's Vegetable Compound, the best medicine in the world for my sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish."

—Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound and I noticed an improvement right away. Now I weigh 185 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for my sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish."
