BROKER IN MARKS MUST TELL HIS TALE TO JURY

Allen Sterling Goes On Trial In Federal Court At Pensacola Monday.

CLIENTS HOLDING THE BAG

Pensacola, Fla., Nov. 24.—The case against Allen Sterling, indicted by the federal grand jury here of using the United States mails for the purpose of scheming to defraud, has been set for trial in the United States court for Monday, November 28.

Sterling was arrested on October 10, at the instigation of the postoffice department, brought before Commissioner A. W. Davis and released under \$5,000 bond, this bond being reduced to \$2,500 at the preliminary hearing a few days later, when he was bound over to the federal jury.

On October 11, Sterling and two of his employes, W. A. Palmer and W. G. Wray, were arrested on county warrants at the instigation of the county solicitor on charges of obtaining money by fraud. Sterling's bond was placed at \$2,000, which he failed to make, and he is now in the county jail.

Jack West, another employe, for whom a warrant on the same charge was issued, was arrested in Mobile and brought back here.

The cases against them in the court of record are set for the early part of December.

Sterling had a brokerage business here with a branch office in New Orleans, and was dealing in stocks and bonds of a general character, principally in German bonds and marks, and had many clients who may lose what money they have invested.

AMERICA MAY LEAD IN RELEASING SOREHEADS

Other Nations Expected to Follow Suit If War Time Prisoners Are Released.

BUSILY COLLECTING DATA

Washington, Nov. 24.—America may take the lead among the nations associated with her in the world war in freeing those convicted of war time offenses if the program of leniency being considered by President Harding goes through, officials said today.

Investigation of the steps taken in this direction by foreign nations made by representatives of this country abroad was said by officials to have disclosed that prison doors are still closed upon violators of the war laws of all the other governments.

Foreign governments, officials said, have treated the question of war law offenders in two ways. Where individuals were arrested and held upon suspicion of disloyalty or intrigue but were not convicted before the end of the war the allied nations have given them their freedom, but those sentenced for such offenses still are held in prison.

The work of collecting data upon the war law violators in this country requested by President Harding, has been begun, justice department officials

GERMANS HOPE TO GET BIG LOANS IN AMERICA

Need the Money to Make Reparations Payment—Also Looking to British.

WANT LONG TERM LOANS

Special cable to date news. By S. B. CONGER. (Copyright, 1921, by Philadelphia Public Ledger.) Berlin, Nov. 24.—American cash, resources and industry occupied the center of interest in Tuesday's important deliberations of the taxation committee of the reichstag on ways and means of raising the wind for reparation payments. Chancellor Wirth practically declared that the government's only hope of raising the necessary funds for complete payment of the January and February installments of the reparations, aggregating about \$200,000,000, lay in securing an advance from Anglo-American banks, with which the government already was in touch.

Dr. Hugo, a member representing the great industrial interests, backed his arguments against the proposed plans for heavy taxation of industrial property and requisitioning of part of the capital stock by the government by declaring that the technical and business development of American industry has made such progress that the time was rapidly approaching when the German manufacturers, even though assisted by low market wages, would be unable to compete with the Americans. The movement for reduction in the costs of production has secured such successes as to overcome the handicap of high wages.

Chancellor Wirth announced the government already was in touch with prominent American banks as British bankers and had not found a long-term loan of adequate size, such as would be required to put Germany's financial house in order, arrangeable until the atmosphere of the Washington conference has cleared and statesmen and financiers are convinced they can put their spare cash into foreign loans instead of domestic armaments. Germany would have no use for a short-term loan of two or three months, having been almost ruined by her efforts to repay a credit of 250,000,000 marks gold raised to complete the payment of the first billion last August.

Government and industrial representatives therefore are casting about for money lenders willing to advance the necessary sum for a number of months over a period which will give the treasury a chance to repay or refund the advance without driving the mark down to zero. He could say nothing about the prospects of success yet, but looked with certain confidence on the chances of floating a long-term loan if the Washington conference were successful.

ATLANTA ATHLETIC CLUB WINNER IN A ROAD RACE

Atlanta, Nov. 24.—The Atlanta athletic club won the first annual road race of the Southern association of the Amateur Athletic union, which was started and completed at Grant field this afternoon during the progress of the Tech-Auburn football game with a score of 48 points.

Auburn came second with 66 points, Georgia Tech third, 68 points, and Birmingham athletic club fourth, 77 points. Stokes, representing the local club, covered the distance of 3.2 miles in 18 minutes 32 3/5 seconds.

PERSHING'S WAR SECRETARY IS A VICTIM OF PNEUMONIA

New York, Nov. 24.—Capt. William Corcoran Eustis, of Washington, D. C., personal secretary to General John J. Pershing during the war, died tonight following the recurrence of an attack of pneumonia contracted in France. He was 60 years old. Mrs. Eustis, four daughters and one son survive him. The widow is a daughter of the late Levi P. Morton, former vice-president of the United States.

FRANCE LEAVES TODAY

Washington, Nov. 24.—Aristide Briand, premier of France and head of the French delegation at the armistice and far eastern conference, left Washington this morning for New York, from which port he will sail tomorrow for home.

Sins of diet often result in pimples and boils

A familiar fresh food corrects their basic cause

THE causes of pimples and blackheads (acne) are always found in lowered vitality, very commonly associated with constipation and digestive disorders," says one skin specialist, and he further says that "the repeated occurrence of boils should always be looked upon as an indication of lowered vitality."

Scientists now know that the real cause of the trouble may be some "sin of diet."

It is now generally acknowledged that the lack of one food factor called vitamin is largely responsible for the lowered vitality that so often brings skin disorders and blemishes.

Something to correct the basic cause of these complaints is clearly needed. Scientists have discovered it in the familiar little cake of Fleischmann's Yeast, for yeast is the richest known source of the food factor essential to perfect digestion.

Physicians and hospitals are therefore prescribing Fleischmann's Yeast as an addition to the

diet. It yields remarkable results in the treatment of boils and acne so often due to sins of diet.

Fleischmann's Yeast is a highly digestible fresh food. Have it on the table at home and on your desk at the office. You will like its fresh, distinctive flavor, and the clean wholesome taste it leaves in your mouth. Eat from 2 to 3 cakes a day just plain or on crackers or bread. Within two weeks you should notice an improvement. Obstinate cases may require two or three weeks longer. If troubled with gas, dissolve the yeast first in half a cup of very hot water. This does not affect the efficacy of the yeast. Get Fleischmann's Yeast fresh daily from your grocer.

Send 4c in stamp for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York City.

FLEISCHMANN'S YEAST IS A FOOD NOT A MEDICINE

Avoid the use of so-called yeast preparations. Many of these contain only a small amount of yeast—as little as one-tenth of a yeast cake—mixed with drugs or medicines. The familiar tin-foil package with the yellow label is the only form in which you can get Fleischmann's Yeast for Health. Be sure it's Fleischmann's fresh Yeast. Do not be misled by yeast-substitutes.

THE SCIENTIFICALLY BUILT WATCH

WALTHAM Ladies' Wrist Watches Ribbon or Convertible Bracelet for \$45

TWINS

Yet Different in Style

VARIETY is the spice of... fashion—even in Ladies' Watches.

Here are two watches just alike inside, but dressed in different apparel—whichever you prefer. They are members of America's leading watch family—Waltham is their honorable name.

One is dressed in a black, pure silk ribbon (easily changed at the slightest of cost)—the other, being convertible, will adorn the wrist as a bracelet, or will hang (because of the disappearing "eye" in the case) as a chateleine watch or on a chain.

These fashionable and accurate timekeepers are only \$45. Sold by first-class jewelers. They are jeweled to give a lifetime of service.

Ask your jeweler to show them to you. He knows what fine watches they are.

Write for a valuable booklet that is a liberal "Watch" education. Sent free upon request. The Waltham Watch Company, Crescent Street, Waltham, Mass.
