CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug May Start Terrible Salivation

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic and you will be better before you get sick, you just go back and get your money.

Give it to the children because it is perfectly harmless and can not salivate.

All the young men were wild to act as Nellie's escort home after an affair. The other girls, a little piqued, soon found out why. Nellie always invited her escort in for a piece of homemade cake and a cup of chocolate. And her cakes are wonders—fairly light and exquisitely flavored. There are fourteen bottles in Nellie's kitchen cabinet that are responsible for her success. They're all labeled Blue Ribbon Flavoring Extracts.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be buoy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

WITNESS ILL CAUSES 3 CASES TO BE CONTINUED

Illness of L. T. Puryear Causes Corporation Court at Danville To Postpone Important Cases.

(Special to Daily News.)

Danville, Va., Dec. 12.—The probability of a witness dropping dead if subjected to the agitation of cross-examination, caused the adjournment of the corporation court this morning. Today had been set for the trial of three cases, Judge Sugar Refining company proceedings against C. H. Dodson and company, The Royal Coffee company and W. S. Morrison and company, the sum total of damages asked being about \$100,000. One of the principal witnesses for the defense was L. T. Puryear who recently went through a severe illness. Mr. Puryear although willing to testify was restrained from doing so by his physician who advised that witnesses that excitement might result fatally. On hearing this the cases were continued until the next term of court as the defense contended that Mr. Puryear's evidence was vital. The cases involve the shipment of about 100,000 pounds of sugar at about the time the market broke. The defendants claim that they refused to accept the shipments because they came later than the date specified in the contract.

ETHREDGE AND MILLER WAIVE A PRELIMINARY

Alleged Auto Thieves Sent to Guilford Jail in Danville—Other High Point News.

(Special to Daily News.)

High Point, Dec. 12.—Walter Ethredge and Van Miller, Winston-Salem white men, charged with the larceny of the automobile of H. L. Coffield, of this city, waived preliminary hearing when arraigned before Judge Walter Royal in municipal court today. The two defendants were unable to furnish the required bond of \$500 and were sent to the Guilford county jail in Greensboro to await trial in Superior court. They were arrested in Griffin, Ga., last week after the automobile is said to have been found in their possession there.

Henry Smith, negro, is being held under bond by local police authorities charged with assaulting a white woman while on the passenger of a street car. The negro was driving the machine when it struck a Mrs. Johnson, the accident occurring in the eastern section of the city. Mrs. Johnson suffered a broken leg and is now a patient at a local hospital.

High Point police did a rushing business yesterday, being called upon to make no less than 25 arrests last Saturday at midnight until last night at 6 o'clock. A majority of the arrests were outgrowths of traffic encounters, violations of the Volstead act and thefts. As the result of police activities for the week-end, Judge Walter Royal this morning cleared probably the largest docket he has since becoming judge of municipal court here.

High Point is to have a city chorus. It is to be fostered by the Musical Art club and will be composed of the best musical talent in High Point. Complete organization will be effected and work in the chorus will begin during the first week of the new year, the director, Dan W. Smith, said.

High Point citizens are awaiting with interest the passage of a bill introduced in the legislature authorizing the city council to call an election to determine whether voters favor the extension of the city corporation limits. The bill has already passed the senate and is now in the house to receive action.

FUNERAL FOR FORMER KING MONARCHIST DEMONSTRATION

(Correspondent Associated Press.)

Coblenz, Nov. 21.—The funeral of the former king of Bavaria in Munich was referred to as a monarchist demonstration by the Rhenish Rundschau, a democratic newspaper published in Coblenz. The article, headed "The hopes of the Monarchists," says the pomp and luxury displayed at the obsequies of the late king surpassed all arrangements of a similar affair even during the best days of Germany's monarchy.

Recalling pre-war saber-rattling days in Prussia, the writer asserts that: "The pomp was less devoted to the deceased king than to the deceased idea of the kingdom. The monarchists of the German states placed common human sympathy for a dead king within the service of their party idea which aims at the restoration of a monarchy in Germany."
