BUSINESS MEN STRONG FOR COUNTY HOSPITAL

Group of 24 Issue Statement Appealing For Support For Women In Fight.

PREACHERS ISSUE APPEAL

Strong indorsement for the bonds for the construction of a Guilford county tuberculosis sanatorium was given yesterday by three distinct groups of Greensboro citizens, a group of 24 business and professional men, a group of seven preachers, and a group of 12 doctors. The election will be held Tuesday, December 20.

In an open letter to the women of Guilford county the 24 business and professional men say they "are with you in your fight for a county tuberculosis hospital. We sincerely hope that your unselfish efforts will receive the help due from every pulpit in the county next Sunday and that in the meantime every fraternal order, every social club, every business organization in the city will urge its members to vote early Tuesday morning and work late in getting out the vote that a large majority may show again that the people of Guilford always go forward when going forward time comes."

"Why not ask the city council to let the fire bell be sounded at 12 o'clock Tuesday, rain or shine, to warn those who have not voted? Why not get permission to sound all the church bells in the city at 2 o'clock, 3 o'clock and 4 o'clock Tuesday to warn again those who may not have voted?" The letter is signed by R. C. Vaughn, W. E. Allen, J. W. Fry, Julian Price, J. W. Brawley, A. W. Gold, E. MacKenzie, J. A. Matheson, C. H. Ireland, J. Norman Wills, R. H. Brooks, A. Wayland Cooke, A. M. Scales, C. H. McKnight, J. S. Betts, T. A. Glascock, W. D. Meyer, L. H. Hole, Jr., W. A. Hewitt, J. A. Hendrix, and Charles B. Hole.

The appeal of the preachers is addressed to the Christian people of the county: "As ministers of the gospel we are deeply interested about the proposed tuberculosis hospital. If you have registered, pray over it before you stay away from the polls Tuesday and thereby vote against the building and maintaining of the hospital for the afflicted. The good women of our county—the real burden bearers—in homes now blindly nursing the tubercular have made a wonderful fight against this disease. They have made a wonderful fight for an intelligent registration to establish this hospital."

Are the Christian people of the county to fall them on next Tuesday? The opportunity is yours. May the responsibility for defeat be not yours." The signers are Rev. Charles F. Myers, First Presbyterian church; Rev. J. Clyde Turner, of the First Baptist church; Rev. J. H. Barnhardt, of the West Market M. E. church; Rev. R. Murphy Williams, of the Presbyterian Church of the Covenant; Rev. C. E. Hodgin, of the Westminster Presbyterian church; Rev. E. Frank Lee, of the Buffalo Presbyterian church; Rev. Wade C. Smith, of the Church by the Side of the Road.

With the bonds already indorsed by the county medical society, a group of doctors nevertheless issued a statement yesterday, in part as follows: "As practicing physicians of Guilford county, slaving day and night to better health conditions, we warn you—we plead with you—as a matter of personal precaution and of self interest (if for no other reason) that Tuesday may be the day of your opportunity to do a real service to yourself. Vote for the hospital and lessen your own personal danger." The doctors are Dr. P. J. Pate, C. W. Banner, A. F. Fortune, W. M. Jones, Frank A. Sharpe, J. W. Tankersley, W. J. Meadows, C. S. Gilmer, W. P. Beall, J. A. Williams, P. S. Hyatt, Charles W. Mosley.

ESCAPED CONVICT, WORN AND WEAK, RETURNS TO THE GANG

(Special to Daily News.) Asheville, Dec. 16.—No man pursued Ernest Blair, 19, escaped convict from the Buncombe county chain gang, but he fled on and on from state to state over a period of eight months, dodging and disguising, he said, until he was worn and weak. Yesterday he walked into the county commissioners' office and gave up. He will finish out a term of 18 months, having served six prior to his escape last winter.

Blair effected his escape from the convict camp by pretending to have an attack of appendicitis. While in the Mission hospital awaiting an examination, Blair stole away in night with only his bed clothing, leaving his stripes behind him.

For over eight months he rambled the country seeking peace of mind, he said, but ever with him was the fear of arrest. He lost weight from worry and finally returned to serve out his sentence, he said. The commissioners decided to give him credit for the six months already served, and today Blair is crushing rock on the river road near the French Broad camp. He was convicted of larceny in Superior court last January.

MISS WILSON DIES AT THE HOME OF SISTER

Mrs. Moran, of Burlington, Is Seriously Burned; Recovery Is Doubtful.

OTHER BURLINGTON NEWS

(Special to Daily News.)

Burlington, Dec. 16.—Miss Daisy Wilson died at the home of her sister, Mrs. John A. Barnwell, on Morehead street, Thursday morning at 1 o'clock. She had been ill for several years, having been in the hospital for treatment several times. The funeral service was held from the First Presbyterian church yesterday afternoon at 3 o'clock, and was conducted by Rev. E. C. Caldwell, of Graham. A large congregation of sorrowing friends gathered in the church to pay a last tribute to her memory. Her nephews were the pallbearers and the nurses of the city were flower-bearers. Many lovely floral tributes bore silent testimony to the high esteem of her friends and the love of those who knew her. Surviving are two brothers, C. A. and J. W. Wilson; two sisters, Mrs. J. A. Barnwell and Mrs. Jesse and one half-sister, Mrs. T. A. Barnett, all of this city.

The Burlington tobacco market closed today for the Christmas holiday period, and will reopen on Tuesday, January 3, 1922.

The Burlington Printing company has purchased the office supply and stationery business from C. F. Neese, lawyer, and will conduct the business in the store of the Carolina Office Supply company, which is a department of the Burlington Printing company. The board of publication of the southern Christian convention has purchased the book business of C. F. Neese and combined it with the Carolina Office Supply company, thus enlarging greatly the volume of business of the office supply firm.

The Burlington graded schools closed today for the Christmas holidays, and will remain closed for two weeks, giving the faculty and student body a much needed vacation and rest.

Mrs. Bettie Moran, wife of D. E. Moran, city letter carrier No. 1, was seriously burned at her home on Morehead street Wednesday morning. In removing ashes from the grate her clothing caught fire. She was alone with her baby, her husband having gone to the postoffice. She immediately ran outdoors and into the home of Mr. Moran's parents, next door. Her father-in-law extinguished the fire by placing a bed quilt around Mrs. Moran, but not until she had been severely burned. Her recovery is doubtful.

Clerk of Court D. J. Walker stated here today that 75 county pension checks had been mailed to Confederate soldiers and 66 checks were mailed to widows of Confederate soldiers. The checks were mailed on December 15, and were for \$50 each. A check was mailed on June 15 for the same amount, making \$100 in all for each soldier and widow of soldier in Alamance county.

Rev. S. M. Rankin, of Greensboro, will preach at the First Presbyterian church here Sunday morning, December 19, at 11 o'clock.

Miss Margery Cheek left today for her home at Fayetteville after spending six weeks in this city receiving treatment from a specialist.

HICKORY WILL RECEIVE FREIGHT RATE RELIEF

Corporation Commission To Take Up Matter of Adjustments—Rotarians Going To Morganton.

(Special to Daily News.)

Hickory, Dec. 16.—Although Hickory has more than 70 different manufacturing plants, a large nursery and the general run of mercantile establishments, it has long had an unsatisfactory freight rate, being higher here than in any other town in this section of the state, it is said. Hope of adjusting the inequalities that have obtained here for many years has grown with the announcement by the corporation commission that rates to this city would be taken up when the present adjustments are made. Manufacturers here have seldom complained, but they feel the competition, and town builders realize that this city is laboring under a handicap, though slight, that is hard to overcome. Industry has thrived here because many business men prefer this section on account of the climate and the proximity to cheap water power. Secretary Van Herve of the chamber of commerce is authority for the statement that the freight rate discrimination is soon to be removed.

Hickory Rotarians have accepted an invitation to spend Wednesday afternoon, January 11, at Morganton, as guests of the state school for the deaf and dumb, and a full attendance of local members is expected. Notions from Asheville, Charlotte, Gastonia and Statesville also will be guests of the school, which will provide dinner for them.

Morganton business and professional men are considering the question of forming a Kiwanis club and with that end in view a dozen citizens of that town attended the weekly Kiwanis dinner here to get pointers. The local club put on some fine work for the visitors.
