

Reduction of Willard Batteries

(Effective December 15th)

Far Below Pre-War Prices

The same high standard of material with the latest improvements in construction. Lower cost of production and greater demand for Willard Batteries have made the decline possible.

Since January 1st, this year Willard Batteries have been reduced as shown here

Franklin, Dodge \$22.00 at

Buick, Hudson, Studebaker, Essex, Chandler, Nash, Lexington, Cole, Chalmers, Packard, Wyllis Knight \$16.20

METHODIST PROTESTANT

West End, Spring Garden street, near

January 1922

It is almost here. There are always a great many changes in finances around the first of the year. Old loans are paid off—money is accumulated during the year—and new investments are sought.

Our Dividend Bearing Certificate

offers a very attractive investment. You pay \$100.00 per share for this, and it pays 5 per cent dividend, payable semi-annually, with an additional dividend at the end of 6 1-2 years of about 1 per cent or more. It is non-taxable. It may be redeemed at any time at face value. Compare this with any investment on which you pay taxes and see which nets the larger return.

Could a First Mortgage Bond Be Safer

This certificate is backed by first mortgages on real estate in Gilmer and Morehead Townships. We lend our money on homes, for the purpose of building or paying for those homes. The moral risk is good, the property is insured, so nothing could be safer than this. The mere fact that this association has loaned hundreds of thousands of dollars in the past 18 years and never lost a dollar of principal or interest is sufficient proof.

We shall be glad to have you come in and talk to us about this.
