churches who do not accept the be-liefs, as taught, would withdraw, excellent for all.

W. H. SWIFT. Greensbore, Nov. 8, '22.

THE REV. Mr. BOCHME AND BLACK MOUNTAIN FOLK.

orget the men who have served it syth and Guilford wished a road built; without the participation of The Daily News: The original monument cost the and federal treasury project— In the varied fields of literature, on in the varied fields of literature, on I the hustings or on the acture plat-form must possess, at least, two rare gifts: fluency of speech coupled with a vivid imagination. For example, we would cite a late work of Coman Doyle's, entitled "The Lost World." Everyone familiar with this volume will recall the thrills experienced while reading this highly colored product of this master mind. So vivid is the portrayal that the reader can actually see the giant pterodac-

asset. So that land was annexed to Forsyth. The grading was done as contem-plated, and the counties paid their scaly ichtliyosaurus and stegosaurus insinuating their repulsive and moun-tain-like bodies through its turbid insulating their repuisive and moun-tain-like bodies through its turbid waters. Here, also, those venturesome Englishmen found and were held cap-tive for sometime by a band of red monkeys, which were so nearly human as to supply the long sought "missing link" in the Darwinis

Mountain is the pioneer or first town ship in North Carolina to issue loca township bonds for the building o hard surfaced roads within the town ship' The Central highway passes cas

and west through the entire to also through the town of Black Mountain and no finer drive nor wider thoroughfare can be found south of the Mason-Dixon line. The record of the Black Mountain

section's response to the three liberty loan drives, when reckoned from a per capita of wealth standpoint, was exceeded by no other place in the land that we have been able to get a record from. And the most gratifying feature was, no driving, coaring nor

persuading had to be done. At the mill sites, in the outlying districts, where the products of the forests are manufactured into lum-ber, and where by the very nature of things nothing but temporary dwellings on exist, where one must locate ings can exist, where one must locate this year and move again next year, you will find conditions and living just like you will find it over the en-tire world where this line of work what has and in this connection T what to say that with charity for all and malice toward none. I would re-spectfully suggest that if he, whose heart is burdened with such extreme solicitude for the benighted "back woodsman." would make even a casual visit to the crowded tenements a member of a church, just as there is no demerit in not being a mem-ber. It all depends upon the charac-ter of the individual. A church is a society to be joined or quit as one degradation, insanitation and pol-ution there, jn 20 minutes than he to pretend to believe what is not would find in a lifetime of travel believed. It would' be an excellent among the "back woodsmen" of thing if all those in the different western North Carolina, What a limit less field there for breaking the shackles of vice and "Christianizing." How this reminds us of the most scathing arraignment of the ages; when the venerable prophet Naaman sought audience with King David and told him of the rich man whose flocks

covered a thousand hills, had puttern by and selzed upon a poor lamb, the only earthly possession of a very poor man. Said David, "As the Lord liveth he shall die." Said the prophet Naaman, "Thou art the man." Consistency! what a rare jawel thou art

This mountain neople are more than 99 per cent descendants of their revo-lutionary forebears, and while the writer has not the pleasure of ac quaintance with the respective heads of your county and city government, the men who hold the positions of trust and responsibility, he will ven-ture the assumption that a majority of these came from away back in the "sticks" of old Guilford; but sad to

with dignity and honor. Close observation, for 49 years, of the ever increasing tide that flows from the rural districts to the towns and cities has furnished unmistat-able proof that the country population is the great reservoir upon which the towns and cities must depend for. their very life blood and but for this continuous infusion, could not very ong exist.

COMMISSION FIGHTS

ably in order to see into the hole.

There are people who know exactly where the money goes that the householder pays for his coal, but they are not numerous. Perhaps the general public will be able to answer the question after the coal commission shall have made its report. There is no great difficulty in finding out what the owner of the coal land gets per ton, what the capital invested in machinery and lease gets, and what the railroad gets for hauling it-to Greensboro, for instance. Distributors have frequently disclosed that what they get is cost of capital and hauling-they handle it to keep their ice teams employed during winter, and for fun. maintain their acconization for distribution of ice in the months of heavy demand; to get that stated in terms of dollars and cents per ton ought not to present any heavy difficulties, either,
