

Auburn Team Leads All Dixie Squads In Points Scored On the Gridiron

But the Ability to Run Up High Scores Isn't Always a Sign of Football Success—Tech, North Carolina and Vanderbilt Stand Out in Ability in the South.

Atlanta, Ga., Nov. 12.—Ability to run up high scores on opponents does not always determine success on the gridiron as shown by the records of leading southern football teams, for a check tonight of the total scores of the five teams that have not yet lost to a Dixie rival shows that only two of them, Auburn and Centre, rank with the first five high-scoring eleven of their section.

Auburn leads the south and ranks high in the nation, according to tabulations to date with a total of 264 points to 35 for its opponents in eight games, and Centre is second with 50 to 47 points in the same number of contests. Georgia Tech, North Carolina and Vanderbilt, the other three major eleven which have not lost a game that would affect their standing in the south, led in total scores to date by Virginia Military Institute, Alabama, Virginia Polytechnic Institute, and half a dozen other highly coached gridiron machines.

Vanderbilt, which tied its inter-sectional match with Michigan in the only southern team which has not lost any game this year, for Alabama which earned a brilliant victory over Pennsylvania had previously been downed by Georgia Tech and Texas, but the most striking feature of the season which comes to an end in less than three weeks has been the frequency with which Centre's Colonels have been scored upon and the comparatively low total of Georgia Tech.

The games of Saturday, however, showed hardly an upset, barring South Carolina's decisive victory over Furman, for the veteran North Carolina machine that whipped V. M. I.'s name off the list of undefeated, had gone into the contest with a record of having overcome a much more impressive list of opponents than had the Virginia Cadets.

Georgia Tech's triumph over Georgetown university was the fourth successive one, Vanderbilt defeated Kentucky although held to a low score, Auburn was an easy victor over Tulane, Florida piled up a tremendous total on Mississippi college, Tennessee and Clemson, and Texas to form in winning from Mississippi A. and M. and the Citadel, respectively and Virginia and Georgia added another six games to their annual gridiron meetings. Davidson exhibited clear superiority over Wofford, V. P. I. added to its long string of victories over North Carolina State and the crippled Washington and Lee Generals, while defeated, registered themselves as the fourth team to cross Centre's goal line this season.

Although Texas A. and M. defeated Centre, 23 to 14, during the Christmas holidays, the Colonels went through the regular season last year with the St. Xavier college team of Cincinnati, which was played in a preliminary game, as the only one to violate the Colonel's goal this year. Harvard, Virginia Polytechnic and Louisville university have crossed it in addition to Washington and Lee, while Kentucky has scored a field goal on the Colonels.

Better matched games among southern teams, not only was shown by the work of Centre's opponents but was demonstrated in the play against Georgia Tech, which up to this time last year led the south and probably the nation, with a total of 246 to 66 points for its opponents in eight games, but can muster a total of only 124 to 83 points in this year's seven games.

Tabulation of the five leading scoring machines through yesterday's games with number of games played, scores and opponents' scores follows: Auburn 8-254-35, Centre 8-254-47, V. M. I. 7-243-16, Alabama 6-231-78, and V. P. I. 8-214-29, while North Carolina and Vanderbilt rank further down the list with the Tar Heels 7-141-59 and the Commodores 7-140-38.

PRINCETON TEAM BIDS FOR MYTHICAL HONORS OF EASTERN FOOTBALL

Tigers' Triumph Over Crimison Leaves Only Old Eli In the Way.

EASTERN SQUADS VICTORS

(By Associated Press.)
New York, Nov. 12.—Triumphing over Harvard, 19 to 13, in the first of the annual "big three" gridiron classics after a grueling struggle, Princeton's alert, fighting eleven today had strengthened its claims to the mythical championship of Eastern football. The Tiger must face the Bull Dog of Yale next Saturday in a final test, but followers of the team that dashed spectacularly from behind to crush such elevens as Chicago and Harvard were confident of a crowning victory.

While the Harvard-Princeton battle held the center of the elite's football stage, keen interest was manifested in several other major games. Chief among these was Cornell's smashing victory over Dartmouth 38 to 0, at the Polo grounds; Lafayette's decisive defeat of Rutgers, 35 to 6 at New Brunswick, N. J. and Pittsburgh's sensational return to six division over Pennsylvania at Philadelphia.

Army and Notre Dame fought hard to score in the final quarter of the game, but the Princeton team, which had led 10 to 0 at the end of the first half, held its own against the Irish and the Fighting Irish in the final quarter.

Princeton's triumph, coming on top of talk from Harvard sources that the two teams might meet next year because of schedule limitations, shattered two Crimison traditions. It was the first defeat administered by the Tiger since Harvard's own sold since 1886 and the first time since in 1908 that the same team has beaten the Cambridge eleven twice in a season.

Harvard fumbled paved the way for both Princeton scores and loose play and frequent penalties figured prominently in the contest, which was largely devoid of the spectacular because of the stonewall character of defensive work by both elevens.

Birth of a Daughter Spurs Player On to Greater Speed

Williamsport, Nov. 12.—George Flinders, star quarterback of the Williams and Mary football team, became a father just before the close of the second quarter of the Williams and Mary-Kennedy college game yesterday. He returned to the game after being apprised of the arrival of a daughter, and put up the best gridiron exhibition of his career, carrying the ball for repeated gains that brought the spectators to their feet.

Richmond, Va., Nov. 12.—Damage estimated at between \$75,000 and \$100,000 was caused and the entire fire fighting apparatus of this city carried off into the afternoon when fire destroyed the four-story brick building occupied by the Pitts Furniture company, in the heart of the downtown retail shopping district here.

In the year ending with June there has been an increase in the world's ship building of 39 merchant vessels and 2,896,133 gross tons.

THE TARHEELS AHEAD FOOTBALL RACE FOR SOUTH ATLANTIC PRIZE

Two Games Stand In Way of Sectional Championship, Both Hard Battles.

SUPERB FIGHTING SPIRIT

Two games now stand between the University of North Carolina football team and a clean-cut claim to the South Atlantic championship.

Those games are with Davidson at Charlotte next Saturday, and Virginia at Charlottesvilleville Thanksgiving day. Barring an unprecedented upset Carolina will defeat Davidson and she will enter the Virginia game the favorite, though the steadily rising strength of Tommy Campbell's team is forecasting a terrific battle.

Assuming a Tar Heel victory in both games, which nobody has a right to do, least of all the Carolina team, there will be no other team in the South Atlantic section with a record that approaches that of the Tar Heels. V. P. I. probably comes next on the records, but the games against North Carolina two weeks ago against an otherwise excellent team, and furthermore the Tar Heels will have to meet the V. M. I. cadets, no small job for any team, as State college can beat anyone.

Beyond question Bill and Bob Fisher have made a great team at Chapel Hill, great in many respects, greatest most of all in their ability to rise to the occasion when the moment demands the utmost. There has been no finer example of fighting with its back to the wall than Carolina showed in the last quarter of the game with West Virginia. After a close, hard battle all the way, with a slim margin of three points due to George Sparrow's dropkick, the Tar Heels lost the lead in the middle of the last quarter when Snyder intercepted a pass and ran 75 yards for a touchdown, making it 7 to 3 against Carolina.

While Snyder's dropkick left McDonald's team superbly and McDonald at top speed 34 yards down the field with a varied, powerful attack and desperate team spirit to a touchdown. Two brilliant passes, and runs and tackle plays carried the ball to the 18-yard line in rapid succession. The McDonald settled down to a crashing line attack using Merritt chiefly, that finally earned a touchdown and the game in the last few minutes, the quarterback himself leading the ball across the line.

Carolina can look, too, for a hard game with Davidson. She always finds it whether she is looking for it or not. Davidson annually plays against Carolina than against any other team in the South Atlantic. M. I. game and partly looking forward to the Virginia game, Davidson's players will be on their toes to catch the men who appear near their backs.

It appears now that the teams in North Carolina will line up in their records with Carolina first, State second, Wake Forest third, Davidson fourth, Wake Forest fifth, Elon sixth, and Guilford seventh.

V. P. I. showed tremendous fighting in scoring 24 points against State. Every play was a success, exactly right for the Virginians and everything just wrong for Hartwell's crew. State is a better team than the one that defeated Princeton, but did not look impressive at all. Baptists, but Davidson picked up in defeating Wofford by 34 points.

OBJECT TO BIG SUM FOR PROFESSIONALS

New York, Nov. 12.—The United States Golf association today issued warning and protest against the growing practice of offering large purses as an inducement for professionals to compete in open tournaments and exhibitions.

The U. S. G. A.'s says a statement of the association's committee, "has no desire to hinder or hamper any professional from competing in prize money tournaments and offering purses to the limit of his ability, nevertheless the present officials feel that if the practice now in vogue is not checked great harm will be done in creating a class of professional players who will devote their entire time and attention to attending tournaments.

The executive committee is aware of the great development of the game of golf by professionals and amateurs. It also is aware of the keen desire of the ordinary golfer, throughout the country, to witness the performance of the leading professionals, and we assume that the growing interest in the game is partly responsible for the money inducements offered in open competitions.

The committee feels that in their efforts to promote the game, the best interests of the game, they cannot allow this practice to continue or increase without a protest.

It is also a matter of concern that requested that member clubs and national associations give this matter their earnest consideration, and in the future, when contemplating the staging of such tournaments, that the question of moderate prize money awards be carefully considered, bearing in mind that if this practice is allowed to be commercialized by the professionals, as in other sports, the phenomenal interest now taken by the ordinary golfer in the game will be nullified to a great extent.

HAT
Cleaning, blocking, shaping, repressing. All kinds of hats rebounded.
JOHN BASSELL

SOME SPOW UNDERWAY FOR THE SENEGALESE

President Is Expected to Address Joint Meeting On Tuesday, November 21.

MUCH ROUTINE BUSINESS

Paris, Nov. 12.—(By the Associated Press)—The Echo de Sports today publishes a detailed account of the meeting of the French boxing federation at which the Senegalese, Sittling Siki, was disqualified for nine months for his attack on M. Cunyn, manager of the boxer, Franzer.

Cunyn joined Descomps, manager of Georges Carpentier, in entreating for an acquittal, saying: "Of course it is deplorable but it is entirely responsible. He held a title too heavy for him. He is a child who has been allowed to play with a gun."

Descomps recalled that his protégé, Carpentier, had always upheld the dignity of boxing—in fact, that he had christened "the ambassador of muscle."

"Don't rob him of the chance of recognition from Siki, that which he has lost," he pleaded.

The writer declares the color question was in no way involved and that it was not even considered. He proposes that as Siki volunteered for military service in 1914, he might be given "amnesty" in celebration of his last day.

The culprit himself aroused certain sympathy before judgment was announced, declaring: "When I was plain Siki, my attention was paid to my boxing, they were only laughing at me; but since I became champion people get angry."

His manager, Hellera, accepted the situation philosophically saying that "he has bound to come sooner or later."

"Siki has a heart of gold," he added, "but serves his art—cannot master. He thought his action would be a great gesture in the eyes of the spectators."

"He never wished to go to America, among the people who he said 'despised negroes' and I had the utmost difficulty to get him to cross the channel to fight in London."

"He has often declared that if no longer able to box he would sell shoes and make his money as a merchant, but he would prefer to abandon his pugilistic titles if not allowed to live as he liked."

AMATEUR ATHLETES MEET NOVEMBER 19

New York, Nov. 12.—Abolishment of registration fees for athletes admitted to membership in the Amateur Athletic union is one of the proposals to be considered at the annual convention of the organization here November 19, 20 and 21.

The proposal to abolish the annual renewal clause in the registration requirements. Under the present system, the fee for each year's registration and other important bills, leaders said. There were private predictions that the Dyer bill would be passed early in the regular session at the latest.

Former Governor of Florida Charged With Irregularities While in Office.
Pensacola, Fla., Nov. 12.—Sidney J. Catts, who in 1913, a comparative newcomer to the state, secured his political equilibrium by bolting the Democratic party after losing the gubernatorial nomination and securing the governor's office as an independent prohibitionist, is scheduled to go on trial in Federal court here Thursday on the second of two indictments growing out of alleged irregularities during his four-year term.

He faces two counts of a federal indictment charging that he held two negro ex-convicts in peonage on his farm in Walton county. It is charged on the ground that they are, in effect, British strongholds and the cabinet ministers in the British election campaign claiming that the effect of the Anglo-Irish treaty has been to secure the aid of the Irish government in suppressing the republican resistance.

SHIP SUBSIDY WILL BE BEFORE THE CONGRESS

President Is Expected to Address Joint Meeting On Tuesday, November 21.

MUCH ROUTINE BUSINESS

Washington, Nov. 12.—Ship subsidy, so far as the house is concerned, will form the backbone of the legislative program for the extra session of Congress called for November 20, by President Harding as the program is being developed in conferences here among Republican leaders. The President is expected to address Congress at a joint session Tuesday, November 21, or to send a message urging speed with the subsidy and supply bills in order to avoid, if possible, an extra session of the new Congress next spring.

Doubt as to the fate of the ship subsidy bill increased as members returned after the election. Signs of growing opposition to the measure, especially in the senate, were not lacking. The vote in the house, it was predicted even in Republican quarters, would be close.

Many Democrats and some Republican leaders are asserting privately that the bill will not get through the senate by March 4. The budget, if possible, an extra session of the new Congress next spring.

Republican leaders are preparing to put pressure behind the appropriation bills to clean them by March 4. The budget, if possible, an extra session of the new Congress next spring.

The regular appropriation bills cannot be taken up in the house until December, and precedence will be given the ship subsidy measure at the special session. The Liberty loan bill remains the senate's unfinished business and may be taken up during opening week. The Dyer anti-laboring bill, under a Republican steering committee decision, is to come up next in the senate but is not to be pressed to the extent of blocking appropriation and other important bills, leaders said.

EX-GOVERNOR CATTS WILL GO ON TRIAL

Former Governor of Florida Charged With Irregularities While in Office.
Pensacola, Fla., Nov. 12.—Sidney J. Catts, who in 1913, a comparative newcomer to the state, secured his political equilibrium by bolting the Democratic party after losing the gubernatorial nomination and securing the governor's office as an independent prohibitionist, is scheduled to go on trial in Federal court here Thursday on the second of two indictments growing out of alleged irregularities during his four-year term.

He faces two counts of a federal indictment charging that he held two negro ex-convicts in peonage on his farm in Walton county. It is charged on the ground that they are, in effect, British strongholds and the cabinet ministers in the British election campaign claiming that the effect of the Anglo-Irish treaty has been to secure the aid of the Irish government in suppressing the republican resistance.

Irish national troops are being treated exactly as if they were British and throughout the country men suspected of giving information to the government are declared in government circles to have been executed as spies.

There is still a considerable body of British troops in Ireland, and the Sinn Féin "Tommy" is a familiar figure in the streets. But except in a few instances the British soldiers have not been molested, the attacks of the republicans being confined to the Irish national troops.

With a complex motor weighing only 100 pounds, French builders are turning out what is claimed to be the world's smallest practical automobile.

EIGHT CITIES UNITING IN EPISCOPAL MEETING

President Is Expected to Address Joint Meeting On Tuesday, November 21.

MUCH ROUTINE BUSINESS

A nation-wide campaign service and conference will be held at 8 o'clock Thursday evening at Holy Trinity Episcopal church, when plans will be laid for the nation-wide campaign in this district. The churches of Greensboro, Winston-Salem, High Point, Burlington, Reidsville, Leaksville, Spray and Mayodan will be represented.

Added interest attaches to this gathering from the fact that it will be the first appearance in Greensboro of Bishop Coadjutor E. A. Penick since his consecration, and every member of the two Greensboro parishes is urged to be present on this occasion. Rev. S. S. Best, of Durham, manager of the nationwide campaign in this diocese, will also be present. The meeting will be in charge of Rev. R. E. Gribben, of Winston-Salem, who is the representative from this convocation on the diocese committee.

Rev. Francis Coffin, of Kinston, preached yesterday morning at Holy Trinity church, and last night at 8 o'clock he addressed a joint meeting of the members of Holy Trinity and St. Andrew's parishes at Holy Trinity church on the nation-wide campaign. Mr. Coffin made a fine impression here and his wonderful appeal for a greater awakening in church work was very effective. The results of the campaign in the last three years in Kinston had been highly satisfactory, he said, and he hoped that wherever the plan was carried out, fully in other parishes, the results had been most gratifying. He described the nation-wide campaign as the effort of the church to awaken its membership; it is really an every member canvass. The campaign will be on in Greensboro and in fact the whole of the United States for the next four weeks.

DE VALERA LEADS IN IRISH CIVIL BATTLE

Captured Letter Reveals War Plan Sent to the Leader for His Approval.
Dublin, Nov. 12.—(By Associated Press)—Since the resumption by Eamon de Valera, of his title of president of the Irish republic and the reconstitution of the republican council of state, backed by the republican army, the war in Ireland has entered a new phase.

Captured correspondence has revealed proposed war measures which have been submitted to de Valera for approval, and it is assumed that whatever is now done is with his sanction. One proposal, calling for the burning of the private houses of two newspaper proprietors is believed to have been vetoed by de Valera. The policy now seems to be to attack barracks and Irish government armed forces on the ground that they are, in effect, British strongholds and the cabinet ministers in the British election campaign claiming that the effect of the Anglo-Irish treaty has been to secure the aid of the Irish government in suppressing the republican resistance.

Irish national troops are being treated exactly as if they were British and throughout the country men suspected of giving information to the government are declared in government circles to have been executed as spies.

There is still a considerable body of British troops in Ireland, and the Sinn Féin "Tommy" is a familiar figure in the streets. But except in a few instances the British soldiers have not been molested, the attacks of the republicans being confined to the Irish national troops.

CENTRAL LABOR UNION ENDORSES Y. W. C. A.

Also Pledge Support of Organization in Securing Baseball Franchise.

REPORT OF COMMITTEES

The wholehearted endorsement of the campaign by the Y. W. C. A. in its effort to raise necessary funds for the completion of certain started work was the feature of the semi-monthly meeting of the central labor union, held in the hall of the Gant building yesterday afternoon. The matter of the campaign was brought before the meeting and a substantial donation was given.

But following close upon the heels of the Y. W. C. A. campaign was the discussion of the effort certain business men of the city are making to retain the local baseball franchise in the Piedmont league, and numerous speakers impressed the fact that the loss of professional baseball in Greensboro would be felt more keenly by the working people than any other class. "The loss of baseball would be a backward step to this progressive city," declared several speakers.

In behalf of the union the secretary was instructed to write to the president of the Merchants association inquiring the efforts of those attempting to keep baseball, and assuring him that the Central labor union went on record as being willing to cooperate with those endeavoring to secure the baseball franchise again in this city.

Reports made to the assembly showed that the labor co-operative campaign, now being conducted by the Central labor union, was progressing rapidly, and that the necessary amount of funds required to entertain the North Carolina federation of labor here next year was practically raised.

Delegates from nearly every craft in the city were present and made reports on the state of trade and organization work concerning their particular fields. These reports showed that a great deal of enthusiasm is being manifested by the members of all organized trade unions in this city.

The Central labor union are as follows: C. B. Honeycutt, president; Kenneth Buck, vice-president; R. D. Apple, recording secretary; H. A. Wilson, financial secretary; W. N. McSwain, treasurer; A. F. Smothery, J. H. Henley and C. J. Lochridge, trustees; and Hunter Walker, sergeant-at-arms.

Begin Plans For Funding the Rumanian War Debts

Washington, Nov. 12.—Preliminary negotiations for the funding of Rumania's \$41,000,000 war debt to this country, including \$5,000,000 interest due, probably will be conducted this week by Secretary Mellon, chairman of the American debt funding commission, pending return to Washington of other American commissioners. The Rumanian debt commissioners who reached this country last week are scheduled to confer with Mr. Mellon tomorrow. The only members of the American commission in the city are Secretaries Mellon and Hughes, and Senator Smoot, Republican, Utah. Secretary Hoover, who is in the west, is not expected back before the end of the month.

Darvonal, French Champion Beats Burke in Tennis Tit

Paris, Nov. 12.—(By Associated Press)—Henri Darvonal, the French professional tennis champion, today won the first match in what is called the world's professional tennis championship competition by defeating the British professional champion, Albert Burke, 6-1, 6-4, 6-2.

Luisen Gaudin, the world amateur tennis champion, was the referee. The second match will be played at Cannes and the third, if it should be necessary, in Paris, next spring.

The Football Season Is Nearly Over! Then Basketball Will Come Into Its Own.

Even now players are getting the "kinks" out of their limbs—getting their eyes trained for the "straight" shot—and training for that sureness of foot that is so essential to the game.
