

MONROE ELEVEN BEATS SHELBY IN TOUGH GAME BY THE SCORE 14 TO 13

Victory Gives Union County Team Chance to Play Greensboro Saturday.

SHELBY PLAYS UPHILL

Charlotte, Nov. 22.—Monroe won its way to the semi-finals of the western high school football elimination contests here this afternoon by nosing out Shelby in a bitterly contested struggle by one point, the final score being 14 to 13.

Today's victory gives the Union county team the right to oppose Greensboro in the finals of group No. 1 next Saturday. The game will be played at Westra field here.

While Monroe and Greensboro are battling, the Charlotte high, one of the two undefeated elevens in group No. 2, will be playing Asheville, rated the dark horse of the west in Salisbury.

If Greensboro beats Monroe and Charlotte trims Asheville, the two winners would meet in a decisive contest at Davidson on December 2.

But if Greensboro and Asheville are the winners Saturday, the decisive game would go to Winston-Salem on December 2 instead of Davidson. Monroe outplayed Shelby in three quarters today, but the great offense of the Highlanders made in the fourth more than offset their shortcomings in the earlier periods. Shelby entered the fourth and last quarter clinging to the short end of a 14-13 score. Ritch's men forsake their straight football tactics in the opening period long enough to slip over a touchdown by means of an unexpected forward pass. They began a march down the field in the third and fourth quarters. Coach Ritch had shifted his heavy linemen to the backfield, and they tore through the thin red Shelby line for gain after gain. But in the last quarter, fighting with their backs to the wall and in sheer desperation, the Shelby elevens, ably coached by Dick Gurley, himself an exponent of the pass, uncovered an aerial attack that came within an ace of evening the game.

Conner, a trim end with hands like hams, shot the ball to McMurray. He was stopped within the very shadow of the Monroe goal. A line

buck netted a yard or two. Ritch's backs were not playing the line as well as his linemen were playing the backfield posts. Another buck and the ball was over. Hennessie kicked goal. Score: Monroe, 14; Shelby, 13. This stunt was quickly repeated. Conner whizzed the ball to touch-down, he gaining 10 yards before the ball was over. Hennessie, the Shelby captain, playing on his nerve when he should have been in bed, essayed to kick again, but failed.

In another minute the final whistle blew.

LANDIS AFTER THE INDEPENDENT CLUBS

Chicago, Nov. 22.—K. M. Landis, commissioner of baseball, today reiterated his stand against independent clubs which harbor ineligible players and cited the case of the Ottawa, Illinois, club, which was given permission to play a major league club due to false representations as to its lineup.

Independent teams are not under the commissioner's jurisdiction, he says, but the rules provide that "major and minor league clubs may not play teams that harbor ineligible players or that consistently play other teams using ineligible players."

Regarding the game between the Chicago White Sox and a team at Ottawa, Commissioner Landis said: "That game was secured through false representations by the Ottawa team that it had no ineligible." In response to a request by the White Sox for its lineup a list of players was submitted, which was examined here and found unobjectionable, so the White Sox were given permission to play.

Since the game was played it has been found that the Ottawa management listed an ineligible player under an assumed name, and hereafter it will be unable to secure any exhibition games with professional clubs, whether major or minor.

AMERICAN BALL TEAM MAKES BAD SHOWING BEFORE THE JAP FOL

American Artists Charge: With Throwing a Ball Game to Japanese Nine.

JAPANESE ARE IN THE AIR

Special Cable to Daily News. By GLENN BAIRD. (Copyright 1922, by Publications Public Ledger.) Tokio, Nov. 22.—America's reputation for sportsmanship suffered a severe blow when the American baseballers threw away Sunday's game to the Mita local nine, which is strong nationally but obviously no match for the American professionals. The ball park was the scene at the conclusion of a comedy which gave Mita a 3 to 3 victory that was marked by a spirit of enthusiasm by local fans over the first success, but a later reaction expressed by fans and press was one of disappointment over the visitors' questionable tactics. The general opinion was frankly expressed that the Americans dropped the game for advertising purposes, anticipating increased gate receipts later at Osaka and other parts. The facts largely bore out this unfortunate impression the Japanese received. Though it is unlikely the Americans intended to lose this game they certainly did not play real baseball during the first six innings at Mita. All previous games on the Japanese schedule have been easy victories, but Hoyt, pitching a easy fare for the Americans, allowed a home run in the first inning and 10 singles during the game.

Japan wanted a victory but did not want to pay for it. Thinking over that last exhibition they have decided they were played for fools by the United States team.

The Tokio Asahi expressed the disappointment, which is widely felt: "We welcomed the American team because we thought they were gentlemanly and sportsmanlike. They have now shown themselves to be full of the mean professional spirit. Japanese baseball followers are not foolish enough to believe they tried to beat Mita. It is likely they had in view greater revenue at Osaka, but they disappointed our hopes and left an unpleasant impression upon us."

The Hochi remarks: "The chief idea of the Americans was to let the Japanese players hit the ball as much as possible." The Kokumin strongly criticizes Americans and says: "They must have meant the final game as a souvenir for Tokio fans or as a drawing card for advertising for the coming games at Osaka. But the Americans should frame it more skillfully. This game was an insult to the Mita club."

All combine in praising the splendid game played by the locals but practically without exception where an opinion is expressed it is that the losers took the defeat purposely for unsportsmanlike reasons. Tokio sport writers are well aware that the American major leaguers easily play a style unapproached in Japan and resent the idea of being played for fools in order to increase the gate receipts. The future they have raised this week is likely to interfere seriously with the "diplomatic mission" with which the baseballers were charged.

FOOTBALL SEASON TO CLOSE THANKSGIVING

Chapel Hill, Nov. 22.—Carolina will abide by the declaration of the Southern Intercollegiate conference against post-season games. This decision was arrived at unanimously at a meeting last night of the faculty committee on athletics and meets with the approval of coaches and trainers.

A. V. Hobbs, chairman of the committee, said today: "In view of considerable discussion that has been taking place about proposed post-season football games, our committee thinks it proper to announce that they are in favor of carrying out the declared policy of the Southern Intercollegiate conference with regard to such contests." "Section 1, Article VII of the conference regulations, says: 'The members of this conference agree with the recommendation of the National Collegiate Association, that no member institutions play no post-season games in any intercollegiate sport.'"

Although this does not absolutely prohibit post-season games, our committee have voted unanimously that the University of North Carolina should regard Thanksgiving day as closing football season.

The decision in the conference in this matter was reached after careful consideration. It was the judgment of the delegates that from the standpoint of football, the condition of players, and the general relationship between athletics and other collegiate activities, it would be unwise to prolong the football season beyond Thanksgiving. The fact that our committee regards this as a sound decision in itself, we do not believe it advisable to embrace a policy specifically disapproved by it.

PROGRESSIVE LEADERS TO HELP REPUBLICANS IF GIVEN PREFERENCE

(Continued from Page One.) away from the conservatives which have hitherto held it. What the Republicans count on to prevent the bloc from being effective is the jealousy of the various prominent members of the party. The "Capper" power in the farm bloc is threatened by LaFollette and Brookhart. Borah is an individual who will follow nobody. Bottom line is much more conservative than either Capper or LaFollette. He moreover may conceive of himself as a possible candidate of the regular Republicans if they feel in 1923 it is to be given to the progressive sentiment of the country. Johnson is jealous of everybody and suspicious of everybody else. He steadily became a less significant factor, being overshadowed now by LaFollette, Capper and Borah. He is a candidate for president and will make any deal which will promote his ambitions.

ALVIN STULTZ FILES BANKRUPTCY PAPERS

Papers Shows \$23,010 Lost by Those Involved in "Quick Money" Scheme OPERATED AT HOSPITAL (Asheville Citizen.)

As the final episode in the financial scheme practiced at Kenilworth hospital, built on the Pond foundation of high interest and "quick money," bankruptcy proceedings filed in United States district court yesterday by Alvin D. Stultz, former lab assistant of Kenilworth, agent for physicians, nurses, reconstruction aide, former chief of physio-therapy and patients, showed that \$23,010 was lost to the scheme by those involved.

According to the bankruptcy petition, Dr. J. E. Dewey, with a loss of \$5,500 will be the heaviest loser in the deal, and Dr. J. C. Hynes, with \$4,800, the next heaviest loser. Dr. Hynes holds securities given by Mr. Stultz to the extent of \$14,000, but as it is alleged these were given within the past 90 days it is believed they will be included in the assets of Mr. Stultz.

The operation of the financing plan at Kenilworth hospital, with several physicians, nurses, patients and members of the personnel involved in the scheme of loaning money to patients, orderlies and waiters, through an agent, receiving a reported rate of 10 per cent per month for their money, with those asking for the loans paying a still higher rate, and the subsequent financial crash, was widely discussed throughout the city, following publication of the Citizen yesterday morning.

It is understood that several parties living in Kenilworth and vicinity have been interested in the proposition at various times during the past few months. It is believed that they were fully paid, together with interest before the downfall of the system.

Loans made to patients, orderlies and waiters, due at the present time, according to the bankruptcy petition, are 79 in number, amounting to \$4,242.44, with those obtaining the loans totaling all parts to \$10,000 in States, many in government hospitals and others as civilians.

Carried on in defiance of orders issued by Dr. T. R. Payne, commanding all parts to be returned to the States, many in government hospitals and others as civilians. It is reported that a number of those taking the ring in high finance regularly received their interest at the rate of 10 per cent per month, but the closing of the hospital forced them to press the agent for the capital, resulting in the inevitable crash, winding up with the bankruptcy proceedings filed yesterday.

Mr. Stultz, who asserted that he acted as agent for those loaning the money, has resigned his position, two automobiles owned by him are under the lien, and the scheme has been as assets and claims exemption for his personal effects.

According to reports from Kenilworth, Mr. Stultz was valued as employee of the institution and a trained laboratorian and became involved in the scheme to make loans as agent for physicians, members of the personnel, nurses and several patients, with the final wind-up as chronicled in the petition, filed in federal court, the liability side of his ledger greatly in excess of the assets and these debts consisting of accounts that are believed by many to be past the stage of collection, ranging in amounts from \$5 to \$100.

According to veteran ex-service men, the practice of "shaving" checks is an old army game, usually handled by one individual, but seldom has a system been unearthed on as large scale as that said to have been practiced at Kenilworth.

Creditors whose claims are unsecured are listed as follows: T. M. Wright, Kenilworth hospital, \$500; A. K. Queen, Candler, \$750; Laughlin Patrick, Kenilworth hospital, \$900; L. S. Neville, \$1,300; Ruby Nye Orrum, \$1,400; T. M. Harris, Kenilworth, \$270; Osborne Williams, Trenton, Tenn., \$1,325; Dr. G. C. Freeman, Kenilworth hospital, \$965; Dr. J. E. Dewey, Kenilworth hospital, \$6,300; Miss S. M. Patterson, Kenilworth, \$250; Miss A. E. Fisher, Kenilworth, \$700; William Seymour, Kenilworth, \$900; Miss Fletcher Copeland, Kenilworth, \$500; Dr. F. A. McNeil, Kenilworth hospital, \$200; and Dr. J. H. Booth, Kenilworth, \$1,500.

Dr. J. C. Hynes, Kenilworth hospital, is listed as creditor to the extent of \$4,800 and holds securities delivered within the past 90 days, listed at \$14,000.

W. E. Tate, Kenilworth, is creditor to the amount of \$500 and is secured by a first chattel mortgage on Kiesel's presser to the amount of \$550.

The Boston Motor company, Asheville, is creditor to the extent of \$250, secured by mechanics lien on Kiesel's presser in possession of Boston Motor company.

Mr. Stultz stated yesterday that while he hoped all liabilities could be met, he expected to be forced to labor to the end that all women who had sustained losses could be repaid by him.
