

Pithy Paragraphs

Graft, since the memorable day when the contributor sent in the order for the removal of the editor's offending molar, had not gladdened the heart of this manager of this Tower of Titters until the day's mail brought a box of ginger snaps with the following verse:

*Ed. says to "say it with ginger,"
He bids us make it snappy.
I've sent him a box of Zu Zus,
That ought to make him happy!*

*With a mouthful of these delectable
delicacies (ad gratis) the editor is
moved to remark feelingly,*

*Yes, say it with Zu Zus,
I like to be fed;
Or say it with flowers,
But wait till I'm dead;
But wouldn't I be in
A helluva fix
If unprinted Graphers
Should say it with bricks!*

All of which brings us to the announcement that we still have on hand a supply of 50 checks to be awarded to all contributors whose jokes land on the National screen. Remember, too, the two tickets to the National given to each of the winners in this column.

For certain considerations an old dandy had consented to spend the night in an old house that had the reputation of being haunted.

KERNERSVILLE WEDDING.

Mrs. India Luella McCulston and Ralph Fagg Were Married Saturday

(Special to Daily News.)
Kernersville, Nov. 28.—The beautiful colonial residence of Mr. and Mrs. Thomas Calvin McCulston of this place was the scene of a charming wedding last Saturday morning.

November 25, at 10 o'clock when their eldest daughter, India Luella, became the bride of Ralph Fagg Fagg, of Stoneville.

On account of the illness of the bride's mother, the wedding was a very quiet affair, but this in no way detracted from its solemnity or beauty.

Only the immediate members of the bride's family, her pastor and his wife, and the groom's sister witnessed the ceremony.

The spacious home of the McCulstons was beautifully decorated for the occasion, the drawing room, library, and reception hall being a mass of beauty with its setting of autumn leaves, southern smilax and white chrysanthemums.

The marriage vows were spoken in favor of an improvised altar at the foot of the staircase in the main reception hall of the McCulston home.

Promptly on the hour, to the strains of the wedding march from Lohengrin, the bride descended the stairway, unattended. She made a very charming picture in her going-away costume of midnight blue duvetyl with squirrel trimmings and pearls.

The bride bouquet was an unusually beautiful one of white roses and lilies of the valley. The only ornament worn by the bride was an exquisitely wrought bar pin of platinum and pearls, the gift of the groom.

At the foot of the stairway the bride was met by the groom and her pastor, Rev. J. Mason Richardson of the First Baptist church, who performed the ceremony. The impressive ring service was used.

Immediately following the ceremony Mrs. Fagg left by auto for Winston-Salem where they took the train for Nashville, Tenn. They will spend the winter months in Nashville returning to North Carolina probably about April.

Mrs. Fagg is the charming and accomplished daughter of Mr. and Mrs. T. C. McCulston and comes from one of the oldest and most prominent families of this section of the state. She is a member of the younger social set and is known and loved by a large circle of friends.

Mr. Fagg is a young man of splendid character and pleasing personality and is a successful and well established tobacco merchant.

NO MORE CLINICS IN STATE FOR PRESENT

Work Among School Children Will Be Left to Local Physicians, Says Dr. Hooper.

(By Associated Press.)
Raleigh, Nov. 28.—Announcement that the state board of health has adopted a policy not to hold any further clinics for treatment of school children in North Carolina counties in the immediate future and to leave such work to local physicians, after with teachers and parent-teacher organizations, was made by Dr. G. M. Hooper, director of the division of school health supervision, here today.

This decision was reached by the board after having held what were termed successful clinics in 11 counties since May 2 to November 17, during which 2,487 children underwent operations. Eleven hundred and twenty-six of them had been hospitalized, were given free surgical and hospital treatment in temporary hospitals set up at each clinic.

"After having presented such an example at this great work," said Dr. Hooper, "we feel that we can leave the clinics to the local medical profession to carry on with the teachers and parent-teacher organizations. Students needing medical attention should be cared for, either through private channels or public clinics."

"Our decision to stop holding clinics for the present does not mean we have permanently abandoned them. Action by the superintendent as to whether the \$50,000 appropriation for this special work will be renewed and possible legislative action by the general assembly will determine finally whether we shall resume the work," he said.

FRANK PAGE PRAISES PROGRESS IN COUNTY
Opening of Highway High Point to Winston to Be Celebrated at Union Cross Dec. 5.

(By Associated Press.)
Raleigh, Nov. 28.—Statements regarding the "progressiveness of Guilford and Forsyth counties as shown in the construction of the High Point-Winston-Salem concrete highway," the completion of which will be formally celebrated at Union Cross December 5, were issued today by Frank Page, chairman of the state highway commission, and Charles M. Upham, state engineer.

"The opening of this highway marks the beginning of economic transportation between High Point and Winston-Salem, and the entire territory will realize the great benefits," said Mr. Upham. "The highway has been built of the very best material in the laboratories and later inspected by expert engineers. The road is an example of the latest methods in highway construction."

"Construction of other improved highways already is well under way in this section. The road between High Point and Greensboro is paved all the way, while the highway from High Point to Lexington, Salisbury and Charlotte has many miles of hard surface with work still under way."

"From Winston-Salem to Mocksville and from Winston-Salem toward Yadkinville concrete construction work is in progress. A person riding through the country from High Point to Raleigh is surprised to learn of the large amount of paving completed in the state," he said.

FIERY, ITCHING SKIN IS QUICKLY SOOTHED WITH THIS SULPHUR
Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

The mentho-sulphur preparation is applied to the itching spots and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small tin of Mentho-Sulphur should be had at any good drug store.

We guarantee exquisite satisfaction, for, between us and the North Pole, there are no finer writing instruments than EVERSARP and WAHL PEN. EVERSARP has the exclusive *lifted tip* that grips the lead. WAHL PEN has the sensationally-new *all-metal barrel* that cannot crack or split.

Look again over your gift list—and give a WAHL PEN to every one to whom you gave an EVERSARP last year. Both are made in gold or silver, in the same beautiful designs, and match perfectly. You can choose from 90 styles of WAHL PENS. Any dealer can supply velvet-lined GIFT BOXES in which EVERSARP and WAHL PEN can be presented singly, or together, as writing sets.
