

DR. ERDMAN TALKS ON THE BOOK OF ESTHER

Professor of Theology at Princeton Seminary Speaks to More than 70 Ministers

REPRESENT 300,000 FOLK

Dr. Charles R. Erdman, of the Princeton Theological seminary, delivered a series of lectures at the First Presbyterian church, this city, to more than 70 Presbyterian ministers throughout the state who have come here for the express purpose of hearing him, spoke last night on the Book of Esther.

In his first sermon here, Sunday morning, Dr. Erdman made the statement that he would not try to tell things that the persons assembled did not know, but he intended refreshing the memory of things that they already know.

Dr. Erdman sets at naught in a practical way, he traces the greater part of it back to actual history, and says that very little be accepted on faith.

The most inspiring happening of the evening was when Rev. H. G. Hill, 91 years old, of Maxton, rose from his chair by the side of the lecturer and ask permission to speak.

You have the floor, doctor," said the Princeton professor. "You are the youngest man among us."

Rev. Mr. Hill became so fervent in his sermon of about five minutes that he dropped his umbrella from under his arm and never realized that it was gone.

The ministers here, coming from all parts of the state, represent a total congregation of 300,000 persons. They will stay through Thursday, and the lectures by Dr. Erdman will be given every day during that time at 12:45 and 7:30 o'clock.

In the lecture last night Dr. Erdman paid a decided compliment to the Jewish race, saying that they were a people of loyalty and patriotism. One striking example was that there were Jews in every army during the world war. They fought each other, but they fought for the flag which gave them protection, said Dr. Erdman.

A Jewish rabbi of one of the largest synagogues in New York once made the remark, said Dr. Erdman, that he would not respect a Christian pastor who would not proclaim his belief in Jesus Christ and his crucifixion. Although the rabbi did not profess the same belief, he was broad-minded enough to respect the person who tried to convert others to the religion he worshipped.

This morning Dr. Erdman will speak to the visiting ministers and also to a large number of laymen men who are taking advantage of his lectures. Lunch will be served at the church and persons who only have an hour off from their work during the middle of the day are cordially invited to hear this theologian.

In the evening at 7:30 he will speak in the church auditorium, and all persons are invited.

Dr. Erdman told a Daily News reporter last night that he had spoken in many places, but he had never seen things so thoroughly organized as they are here. He paid a decided compliment to the work of Dr. Charles F. Myers, pastor of the First Presbyterian church, in arranging these lectures.

Persons who have heard Dr. Erdman have been immensely impressed. He talks in a definite, practical manner, and the visiting ministers have been frank in their praise.

Baltimore Banker Shot and Robbed On Streets Of City

Baltimore, Dec. 4.—Harry Ades, banker, was shot and wounded and robbed of a watch containing \$4,512 as he sat with his son and daughter and a girl employe in his automobile before the bank tonight.

Two negroes, who opened fire without warning as Ades was preparing to drive down to deposit the money, escaped into an alley and hid pursuers when they turned into Broadway street.

An eyeglass case and a number of documents which Ades carried in his breast pocket stopped a 38 calibre bullet and probably saved his life. Three suspects have been arrested.

Wabash Train Derailed
Omaha, Neb., Dec. 4.—Passenger train No. 14, on the Wabash railroad en route from this city to St. Louis, was derailed at Shenandoah tonight. Several persons were slightly injured. All coaches remained upright. The cause of the accident is undetermined.

PROPOSE TO ORGANIZE A COTTON COMMISSION

A. W. McLean Outlines Plan to Be Put Up to Cotton States Legislature

MUST CONTROL THE PEST

Memphis, Tenn., Dec. 4.—Plans for the organization of a permanent governmental cotton commission, with representatives from every cotton producing state, for the purpose of recommending legislation by the states which will aid in solving problems now confronting the industry, were proposed here today at the second annual meeting of the cotton commission, composed of delegates named by the governors of 12 southern states.

Under the plan suggested by A. W. McLean, of North Carolina, which will be acted upon by the conference before adjournment Wednesday a uniform act may be formulated for presentation to the legislatures of cotton producing states, and which will provide a permanent commission, the members of which will be named by the governor or legislatures of each state.

The necessary uniform state legislation which would enable the cotton producing sections of the country to work together in controlling and eradicating insect pests, and the adoption of more efficient marketing and warehousing the staple, was strongly urged, not only by government and state experts but by a number of other speakers connected with various branches of the industry.

The act providing for a permanent commission, as proposed by Mr. McLean, should, by its terms, be designed to control the action of the commission "on matters of common interest, and about which there shall be no conflict of interest," and should provide, he declared, that all actions of such commission should be recommendatory only "unless and until the various states concerned, shall, by legislative act, give affirmative sanction to the measures proposed by the commission, and provide the means of making the same effective."

In his address Mr. McLean said that the most pressing and urgent question now facing the cotton industry in the south was the control and eradication of insect pests.

Estimating the total damage to the crop from the weevil in recent years at several billions of dollars, Mr. McLean said:

"It would seem that unless some more intensive and extensive measures are employed, the boll weevil, aided by other pests, may eventually destroy the great cotton industry of the United States."

Funeral Services ARE HELD FOR MANN
Veteran Legislator Is Laid To Rest At His Home In City Of Chicago.

Chicago, Dec. 4.—Funeral services for Congressman James R. Mann, who died in Washington Thursday after a brief illness, were held here today with representatives of the navy, senate, house and many other notables in attendance.

At Mrs. Mann's request the services were both simple and brief. The Rev. Ralph W. Davis, pastor of the Hyde Park Presbyterian church, delivered a short eulogy, paying particular tribute to the qualities which made him a leader in the fight "all the way from pure food to pure manhood and pure womanhood."

The pallbearers were chosen among neighbors and business associates. The honorary pallbearers included "Uncle Joe" Cannon, Congressman Ira Copley and Kenesaw M. Landis.

The senate was represented by Senators McKinley, Pomerene, Willis, Harrell, Cameron, and Ball.

The lower house delegates besides the Illinois delegation, included Representatives Charles R. Crisp, Georgia, and Joseph W. Byrns, Tennessee.

The navy was represented by Admiral Moffett.

John A. Panagiotou Is Now a Citizen of United States
Customers entering Manuel's cafe, at 112 West Market street, last night found John A. Panagiotou, the management, in high glee. John was feeling too good for anything.

John became an American citizen yesterday when he was awarded his final naturalization papers by the United States District court. Glowing with pride John told his friends he was delighted to get his papers and that he would do his very best to serve Uncle Sam as an honorable and upright citizen.

Thin? Run-down? Sure Way to Get Right Weight
Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1850, has meant to thousands of underweight men and women, a plus in their strength. Follow checks fill out. You stop being a calamity-lover. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peppy, boyish face doesn't make you look important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again

Government Begins Six More Suits Against Constructors
Washington, Dec. 4.—Six additional suits seeking recovery of large sums alleged to have been misapplied in construction of the war time army cantonments were filed today in many cities by representatives of the department of justice.

TWO HOUSES BURNED EARLY THIS MORNING

West Schenck Street Homes Almost Completely Destroyed—Loss Of Several Thousand.

An early morning fire starting from unknown source shortly after 1 o'clock destroyed the house owned by Mrs. A. Crabtree, 407 Schenck street, and practically destroyed the next house, 405 Schenck street, rented by T. A. Webster. The two houses are said to belong to a Mrs. Armstrong.

Rough estimates this morning were that the loss of the houses will amount to several thousand dollars. It is believed that the fire was caused by a possibly a thousand. Very little was saved from the Crabtree house, and practically none from the Webster home.

The Crabtree's were not staying in the house last night, and it was said by the neighbors that they were with Mrs. Webster's parents, at Pomona. Their house caught from the Crabtree house.

Mr. Crabtree said this morning while the house was burning that when he woke up the first truck was coming in on his street. His wife, who was in the house, was at the same time aware of the fire at the same time he did, and they got out of the house together. The first fire truck with its one fire of hose, could not curb the fire against the wind which sprang up about that time, and it looked as though the entire group of wooden structures might go unless more hose connections could be put into use.

About 1:20 this morning the other trucks arrived, no regular alarm having been sent in until shortly before 2 o'clock, and the fire was quickly put under control.

The fire started from the back of the Crabtree house, and when Mr. Crabtree realized that something was the matter and tried to turn on the lights they failed to burn. That points to the supposition that there was defective wiring somewhere. Mr. Crabtree had no idea how the blaze started.

HARSH TREATMENT IS FAVORED BY HAYNES

Prohibition, Commissioner Asserts That the Dry Law is Well Enforced.

New Orleans, La., Dec. 4.—Roy A. Haynes, federal prohibition commissioner, advised today at an enforcement conference of the Anti-Saloon league here today, declared that prohibition in the United States was a success and denied that it is breaking down the morals of the country.

"There never was as drastic a law passed in any civilization which has been so successfully enforced in such a short time," Commissioner Haynes declared. "It is not true that prohibition is breaking down the morals of the country. The law is enforced as well as any law on the books."

SECRETARY MELLON REPLIES TO CRITIC

Says Such's Charges Untrue And Aims Such As To Do Department Harm.

Washington, Dec. 4.—Replying today to the address by Governor Blaine, of Wisconsin, at the meeting of progressives Saturday, Secretary Mellon declared that the Wisconsin governor "distorts my statements and endures a portrayal, an injurious situation which does not exist" with reference to the collection of incomes and surtaxes on excess profits.

Mr. Mellon said there was no basis whatever for the charges and suggestions "ought to be conveyed" in the speech by Governor Blaine, who attacked the secretary for alleged discrimination in favor of wealthy taxpayers.

Secretary Mellon replied to a criticism of the department's handling of the collection of incomes and surtaxes on excess profits.

LEGION MEMBERS WILL SOUND PATRIOTIC NOTE

Public School Students to Hear Program Topics of Patriotism This Morning

WEEK BEING OBSERVED

Today has been designated as patriotic day on the American education week program which is being observed throughout the country. Members from the local post of the American legion will today visit various of the city schools and make short talks to the students.

Sidney S. Alderman will speak to the high school students this morning at 10:30 o'clock. Others who will visit the schools are R. T. Ward at the Simpson and Cypress street schools, Rev. G. T. Bond at the West Lee street school and Bob Denny at the Ashborough street school.

The program for today calls for special attention being centered on the flag, music as a nation builder, universal use of English language in the United States and the citizen's duty to vote.

While no addresses will be made in the city schools today by special speakers, the public school teachers will observe the program. Speakers from the local American legion post will appear in the county schools Friday morning.

Yesterday was American citizenship day and special thought and teaching was stressed upon naturalization, the help of immigrants to become Americans and the duties of citizenship.

The observance of American education week has been sponsored historically by the American legion. In outlining the purpose, Jack Stevens, commander of the Henry K. Burton post said:

"The American legion, among other things, exists for the purpose of upholding and maintaining the constitution of the United States of America and to foster and perpetuate a 100 per cent Americanism; to inculcate a sense of individual obligations to the community, state and nation and to safeguard and transmit to posterity the principle of justice, freedom and democracy."

In line with these purposes, the legion advocates the observance of American education week during which time special emphasis is to be laid on the study of American history, respect for the American flag and the inculcation of patriotism through appropriate patriotic activities. To object to be obtained is better citizenship.

The president of the United States has given his indorsement to this project by the issuing of a proclamation calling upon national, state and local authorities to give their support toward the making of this week most beneficial. Mayor Claude Kiser has asked that all residents of this city co-operate in the observance in order that the educational system of the country might be improved and to bring about a better understanding between the home and the school with the purpose of mutual helpfulness.

THIS NEW ASPIRIN BRINGS ONLY RELIEF
Ordinary aspirin is the world's most effective pain stop but many folk after taking it are subject to severe attacks of heartburn. This being the case, they fear to continue its use.

Now science has wrought a new aspirin—TINGLES LAXO ASPIRIN. It has the pain killing powers of genuine aspirin with a mild laxative and laxative added. It is the digestant which forestalls the discomforting heartburn.

The laxative cleanses the system, thus attacking the cause of the pain or ache.

Colds, head aches, neuralgia, rheumatism are all remedied by this new improved aspirin with the three points:

It's absorbed easily
It relieves pain quickly
It's a gentle laxative
