**Florence Vidor at The Imperial.**  
According to the King Vidor production starring Florence Vidor and shown yesterday at the Imperial theater, where it remains until today, marriage is "The Real Adventure." This second Associated Exhibitor feature starring Florence Vidor is a picture of Henry Kitchell Webster's novel, "The Real Adventure." As directed by King Vidor and interpreted by Miss Vidor and a splendid cast, it is photoplay entertainment of a far higher than average quality.

As marriage is a phase of life known to all, either by experience or observation, it is a subject fascinating to all, and will delight all who see it at the Imperial theater. In "The Real Adventure" the romance of courtship is compared, in a cleverly satiric vein, with the reality of marriage.

There are attractions that go to fill out a real evening's entertainment in Snub Pollard in "Out On Bail."

**Wesley Barry at the National.**  
One comes out of the National today where the Warner Brothers production, "Heroes of the Street," opened yesterday, feeling satisfied with oneself and the world—the right sort of feeling that comes from having witnessed the right picture. Of course, if one sets out to seek the reasons for this state of complacency, they are not hard to find; there was Wesley Barry, giving one of the greatest performances of his young boyish life; and there was a picture with an honest-to-goodness genuine love and mystery story that just "got you," making you rock with laughter when you were least expecting to, and making you feel half ashamed because you felt weepy at the pathos with which the picture is interspersed.

It is a wonderful picture and we advise everybody not to miss seeing Wesley Barry at his best. We gratefully remember his fine acting in "Penrod," "School Days," and "Rags to Riches," but they were nothing like this one. Here his personality shines undimmed as the mischievous, loving youngster who suddenly numbers up and devotes some of his days to tracking a gang of dangerous crooks.

Other attractions on the same bill and the Pathe Review, and coming on Friday for two days is James Oliver Curwood's "Man from Hell's River."

## DAUGHERTY CASE WILL COME TO CLOSE TODAY

**Committee Will Wait Until After Holidays to Report Findings to Congress.**

### CHARGES FALL THROUGH

Washington, Dec. 20.—Public hearings on the impeachment charges brought against Attorney General Daugherty probably will end tomorrow before the house judiciary committee, which is expected to report to the house that it found no evidence on which to base an impeachment proceeding. The report will not be made, however, until after the Christmas holidays because of the absence of members from Washington during that time.

When the committee adjourned tonight after two long sessions, there remained to be heard only half a dozen witnesses. These are officials of the department of justice who will be questioned concerning allegations in the specifications drawn by Representative Kelle for Republicans, Minnesota, which had not been touched upon at the time Mr. Keller withdrew from the case.

Examination of the department officers began late today over the protest of several committeemen, who insisted that the attorney general should not be asked to offer witnesses to testify concerning charges in support of which no evidence had been presented. Chairman Volstead insisted, however, that the committee ought to go into all of the charges in an effort to satisfy itself as far as might be possible as to whether there was basis for them.

Before this line of inquiry was opened Representative Woodruff, Republican, Michigan, laid before the committee evidence which he contended showed "unnecessary delay" by the department of justice in bringing suit against the Wright-Martin Aircraft corporation for the recovery of \$2,891,715 growing out of alleged abandonment of that corporation by assistant Attorney General Seymour announced that suit for the recovery of this amount soon was to be filed and Col. Guy D. Goff, former assistant attorney general who had been charged in the case, denied the charge of unnecessary delay.

Most of the remaining time of the hearing today was taken up with inquiry into the building trade cases growing out of the Lockwood committee investigation in New York. Colonel Wm. Hayward, federal district attorney at New York, went into details concerning the various cases, showing which ones had been concluded, which now were awaiting trial and which ones the government did not act in because Interstate Commerce was not involved.

### STATESVILLE NEWS.

Funeral Services Held For Mrs. Tetus Mayberry—Preston Crater Dead.

Statesville, Dec. 20.—The remains of Mrs. Tetus Mayberry, of the Lovelace neighborhood, in Wilkes county, near the Fredell county line, who ended her life by shooting herself through the head with a 22-caliber revolver, were buried yesterday at Mt. Pisgah church. Prolonged ill health is given as the cause of the tragedy. Mrs. Mayberry is survived by her husband and three children. Preston Crater, son of Mr. Rufus Crater, of North Fredell, died Monday at his home in Elkin. He was born and reared in Fredell county, but at the time of his death was engaged in the mercantile business in Elkin. The deceased is survived by his wife and one son and one daughter; two brothers, James and Lee Crater, of Yadkin county, the latter being clerk of Superior court of Yadkin county; Will Crater, of Iredell county, and two sisters, Madames L. and R. Trivette.

H. C. Kyle, who lives on the mountain road west of Barium Springs, fired two shots from a 40-caliber pistol yesterday at a negro, who was alleged to have cursed his children. The shots were fired at close range at Morrison, who was on his own porch, both going wild. Deputies Tomlin and Hoke and Prohibition Officer Hal Hybarton, who made the arrests, found three gallons of whisky on Morrison's premises.

### Suicides Attempt to Cast Mystery Over This Action

New York, Dec. 20.—Of the more than 15,000 persons who committed suicide in this country last year, a greater number than ever before sought to cast mystery over the manner of their going, declared Dr. Frederick L. Hoffman, consulting statistician of the Prudential Life Insurance company of America. In an analysis of suicides in 1921, made public tonight.

"To an increasing extent," said the report, "the facts and circumstances are deliberately confused to make the verdict death from accident the only alternative. The majority of cases, however, the surrounding circumstances are suggestive of deliberately planned self-murdering; 'accidental falls' and 'accidental shootings' are becoming more prevalent."

"But the most appalling aspect of the present day suicide problem is the recurring frequency with which others are drawn into the tragedy of murder, and under conditions which are frequently revolting."

Dr. Hoffman's report presented tables, based on statistics from 25 cities to show that the suicide rate per 100,000 had increased to 15.7 in 1921, as compared with 12.4 in 1920. It was a fraction higher than the average—12.2—for the five-year period 1917-1920, but compared favorably with figures for the three preceding five-year periods, which showed rates of 17.6, 19.5 and 20.4 respectively.

### Forsyth Lawyers Hold a Memorial For Patterson

(Special to Daily News.)  
Winston-Salem, Dec. 20.—The Forsyth bar association this afternoon held beautiful and impressive memorial exercises in the Superior courtroom in honor of the late J. Lindsay Patterson, who at the time of his death a few weeks ago in a Statesville sanitarium was president of the local association. Judge Brock, by request, presided over the service. After the adoption of suitable resolutions, splendid personal tributes were paid to the life of the deceased by attorneys E. R. Jones, Clement Manly, E. E. Gray, Sr., and W. F. Carter, the latter of Mount Airy. Mrs. Patterson and number of friends attended the service.

**Gratification of Owners.**  
The appreciation which has been expressed by those who have already secured the Revised Edition by the coupon Bible offer is most gratifying to this paper. It was expected that a desire to acquire such a remarkable volume would be voiced by many, but it was not expected that such an overwhelming number would take advantage of the opportunity so quickly. The consensus of opinion seems to indicate that it was a real inspiration to have Christ's spoken words put in red type, making its identification easy.

The high praise which has come to the paper for the manner of distribution is most pleasing also. The only regret is that it cannot go on indefinitely. The number of Bibles is decreasing so much more rapidly than was supposed possible that it is feared everybody cannot be supplied. No coupon gift can be recalled that has seemed to fill so great a want. It is therefore urged that those not already possessing this Bible secure the three necessary coupons at once. Today's coupon is elsewhere in the paper, with additional information as to how to obtain this unusual Bible.

## Why Not Make It a Good Old Fashioned Christmas With Gifts For the Home?

What woman, given choice of what she would receive on Christmas morning, would not choose things that would add beauty and comfort to her home? There may be a suite—for living room, dining room or bedroom—that some one dear to you would like above everything else. Or, if not a suite, then a single piece to fill in some empty corner or brighten some nook. When choosing gifts we should think first of the happiness they are to bring—and we believe we can show you the gifts that will excite the most real and lasting pleasure.
