#### **Business Conditions Show** Improvement In November

Washington, Dec. 22.-Business conditions during November showed further increases in both production and distribution, according to a state-ment tonight by the department of Mill consumption of cotton for No-

cent of the entire crop.

Increases were reported in the production of pig from steel ingoing zinc
and coke and in leather. A slight
decline in the unfilled orders of the
deputies and their homes. United States Steel corporation was attributed largely to increased production and better transportation.

Prices, both wholesale and retail.

Death In W. Virginia Toy rose slightly in November, according to the department's review, which mentioned as a significant movement the increase in the price of farm products together with the improve ment in relative purchasing power.

# Freight Rate Reduction Great, Says S. M. Felton

Chicago, Dec. 22.-Reductions railroad freight rates have averag-ed 12 per cent within the last year and are costing the railroads \$471. 500 annually, the western railways committee on public relations said in a statement tonight protesting against agitation for further tions. Additional reductions natives, it seems to us that the duty sented that commends itself to the prosperity of the country" the state-

have been reduced, the prices of other commodities have advanced, the statement said. Total freight earnings of the country's roads for Sep-tember sione declined \$47,773,000 through the rate reductions.

# Investigated By Senator

Washington, Dec. 22,-Affairs two oil companies, the Prairie Oil and Gas and the Standard of New York, were delved into today by the senate we size up the situation, hell's to pay and no pitch hot.
