**G. T. O. B. CLUB MEETING RECENTLY
 TO HOLD BIG
 DANCE
 OF PROMINENT
 T. P. A.'S**

The G. T. O. B. club of young men of the city, at its annual business meeting, held last night elected the following officers for the ensuing twelve months: President, Mr. Marvin Robbins; vice president, Mr. D. Persinger; Diawiddie, secretary and treasurer, Mr. Joe Wynn; censor, Mr. Charlie Harris; Critic, Mr. Woodall Rose.
 Following the election of officers it was the unanimous opinion of all of the members present that the organization should be made a more active factor in the social life of the city, and the entire membership of twenty-five was to one accord, pledged to this idea. It was decided that there should immediately be held a dance and luncheon on Thursday night of this week. Committees on arrangements were immediately perfected and invitations reading as follows have to-day been issued:
 The G. T. O. B. Club
 Requests the honor of your presence at their next supper and dance to be given
 Thursday evening, July twenty-seventh, nineteen hundred and sixteen at the Country Club.
 Supper seven-thirty Dance, nine-thirty

Regarding the meeting of the State board of directors of the T. P. A. recently held in Greensboro and presided over by President George S. Edwards of this city the following will be read with interest here:
 The State board of directors of the T. P. A. met in the office of the chamber of commerce last evening. State President G. S. Edwards, of Rocky Mount, presided. Other members present were A. H. Holland, J. J. Norman, of Winston; R. N. Carrier and C. C. McLean, of this city. A. L. Byrd, State chairman of the membership committee presented as his first report 35 applications for membership in the T. P. A. These members were secured by Mr. Byrd, Mr. Norman and State Secretary D. C. Crutchfield. Mr. Crutchfield stated that the North Carolina division was never in better shape, that the membership was larger and the financial condition stronger than at any time in the history of the association, this being true of the organization throughout the United States and not applicable to North Carolina only.

NEW FOR EDGEcombe

There may be nothing new under the sun, but now and then there is something new in good old Edgescombe, says the Tobacco Southerner. If a few years ago some one had predicted that hogs raised in the county would be shipped by the carload to distant markets as a business proposition, who would have taken him seriously? Yet this is what has happened.

ANNOUNCEMENT PARTY.

Blanche, July 26.—On Friday evening Miss Mary Powell delightfully entertained in honor of her attractive guest, Miss Helen Edmunds, of Winston-Salem.

The house rang with music and laughter and "all went merry as a marriage bell." But the merriest time came when the young men had found their partners by matching bells and were marching to the dining room to the strains of Mendelssohn's wedding march. The bells and the march being very suggestive of the secret which had been so safely guarded. Every face was filled with animation as they approached the dining room, which was profusely decorated with potted plants and cut-rose bouquets. The table was beautifully arranged. Everything bespoke a coming marriage. Upon the table was a couple dressed as a bride and groom. The bride stood in her conventional black, the groom in his white, on one side of which were written appropriate love gems and on the other side was the announcement of the approaching marriage of Miss Emma C. Powell to Mr. Bayard V. Chamberle, of Rocky Mount, on September 2.

This morning, George A. Holderness shipped 44 young hogs, 7 or 8 months old, to Richmond.
 Seventy-five years and more ago the farmers drove their hogs from here to Petersburg during the winter, but with the advent of cotton as the leading crop this ceased. Only a few years ago did a farmer ship his hogs away, but those who did ship them in the winter and most of them were hogs purchased elsewhere, brought here and fattened before shipment.
 The hogs shipped today were born and raised right here in the county.
 The results of their sale should be interesting reading.
