

MASONIC DIRECTORY

CORINTHIAN LODGE, NO. 230, A. F. & A. M. meets the second and fourth Thursday nights in each month in lodge rooms, third floor, Masonic Temple.

GOOD MEDICINE FOR THE BLOOD

Plain Iron Most Economical. Goes Farther and Has Endorsement of Doctors.

ASK FOR ACID IRON MINERAL

When in need of a good tonic and some good medicine to clear up the complexion, enrich and purify the blood, remember Acid Iron Mineral.

This pleasant to take, very unusual and most economical natural iron medicine is so highly concentrated, it goes from two to six times as far as other and weaker preparations of chemist or laboratory.

It has two most important features recognized by the medical fraternity and has been in use in hospitals, sanitariums, private practice and by surgeons for thirty-one years. These features are:

First, Acid Iron Mineral contains no dangerous alcohol which often so disastrously affects the kidneys, nerves and stomach.

Second, Acid Iron Mineral does not act as a laxative and never upsets the bowels as so many prepared remedies do.

Being a natural product, tested, concentrated, bottled and sold by the Ferronite Chemical Corp., (Roanoke, Va.), its uniform excellence and freedom from harmful or poisonous elements is guaranteed. Children lacking plenty of rich, red blood and seemingly troubled with stomach or lack of appetite may be given Acid Iron Mineral, with absolute confidence.

If the user is troubled with constipation A. I. M. Laxative Pill or two on going to bed for a few nights is recommended as part of the Acid Iron Mineral treatment.

Both Acid Iron Mineral and the A. I. M. Laxative Pill may be secured of nearly all druggists, or will be sent prepaid on receipt of the price by the Ferronite Chemical Corp., Roanoke, Va.

CHICHESTER'S PILLS THE LAXATIVE PILLS... SOLD BY DRUGGISTS EVERYWHERE

BOARD OF HEALTH HOLDS MEETING

City's Ordinance Regarding Vaccination of School Children is Amended. Other Matters Are Discussed.

The city's health ordinance regarding the vaccination of school children was amended at a meeting of the city's health board last Monday, with Chairman J. W. Hines presiding. The following members of the board were present: Dr. M. R. Braswell, Mayor T. T. Thorne, Alderman W. E. Parrish and Dr. H. Lee Large, the city health officer. Several other matters were discussed and disposed of.

The original ordinance read as follows:

All principals or other persons in charge of public, private, parochial or other schools, are prohibited from admitting any pupil, teacher, or employee to the school or schools under their charge or supervision, except on a proper certificate signed by a physician, setting forth that such pupil, teacher, or employee has been successfully vaccinated or that he or she has had smallpox, or upon a proper certificate of physician of the City Health Officer to the effect that such pupil, teacher, or employee has been vaccinated successfully at least three times within the two years next preceding, or successful within three years. Every person so covered by certificate may be examined by City Health Officer, and such certificate revoked where such examination does not disclose evidence of immunity. Any principal or person in charge of any school within the city violating this Section shall be subject to a penalty of ten (\$10.00) dollars for each and every such offense.

The ordinance as amended at the recommendation of Dr. Large now reads:

All principals, or other persons in charge of public, private, parochial, or other schools, are prohibited from admitting any pupil, teacher, or employee to the school or schools under their charge or supervision except on a proper certificate signed by a reputable physician or the city health officer, setting forth that such pupil, teacher, or employee is immune to smallpox from having had the disease; or has been successfully vaccinated; or showing evidence of one successful vaccination has been vaccinated twice successfully within seven years immediately preceding that in which such pupil, teacher or employee seeks admission to such school. Every person so covered by certificate may be examined by City Health Officer, and such certificate revoked where such examination does not disclose evidence of immunity. Any principal or person in charge of any school within the city violating this Section shall be subject to a penalty of ten (\$10.00) dollars for each and every offense.

A more efficient sewerage system was recommended and adopted.

The regulations regarding the cleanliness of horse stables in the city will be enforced to their full extent hereafter, and all concerned will be made to abide by this ordinance fully.

The chief health officer, Dr. Large, reported that the mortality rate for the month of August was conspicuously good, as there had been no deaths from typhoid in the city and there were only two deaths from infantile diarrhoea. As August is one of the most favorable months for these diseases, the scarcity of such disease, and the unusually low mortality rate deserves special mention.

The general sanitary conditions of the city were reported to be good, and the work of the health department is going forward very efficiently, toward the goal of making Rocky Mount one of the most healthful cities in this section of the State in which to live.

MILT FRANKFORD GIVES GOOD SHOW

Milt Frankford, and his "Dixie Dancing Dolls" opened the week at the Masonic Opera yesterday, with a show featured by the excellent dancing of the company, and the remarkable performance of Milt himself on the piano. A big crowd attended the shows last night and judging from the laughter and applause the audience enjoyed the performance.

Frankford, as an Irish comedian, was the feature of the afternoon, and his excellent dancing and unusual playing on a piano brought forth hearty approval from the big crowd. Milt could play "Yankee Doodle" with one hand and "Dixie" with the other; played "The Sailor's Hornpipe" with one hand and another piece at the same time, with a cloth over the keyboard. Then he would play the bass with one hand and the treble with his foot. Next he played the piano and clog danced at the same time. There are a few of the things Milt did on the piano, and which highly pleased the audience. There were six clog dancers in the company, two of them ladies, and they were all good.

There will be a change of program tomorrow, Wednesday, and again Friday. There will no show today, as "Mutt and Jeff Divorced" will be staged at the Masonic tonight, in what is said to be one of the best Mutt and Jeff shows that has hit the theatrical trail. Milt and his dolls will be right there tomorrow with a new program.

'VICTORY' SLOGAN OF BUSINESS MEN

Leaders in American Business Affairs Meet at Atlantic City For First War Convention.

Atlantic City, Sept. 18.—With "Victory" as their slogan, American business men met here today for their first war convention. Leaders in finance, trade and industry, in the greatest gathering of its kind ever held in this country, met to discuss their war duties and to prepare for readjustments after the world struggle ends.

President Wilson in person, or a message from him through one of his cabinet members, will be an outstanding feature.

Prices, priorities, industrial relations, diplomatic problems—the whole sweep of war's intricate questions—will be treated in addresses by the country's war chiefs and distinguished foreign representatives. The convention was called by the Chamber of Commerce of the United States.

When the meetings close on Friday, America's business men will be in step with the country's march against poverty, "showing the world" and President R. G. Eliot, Charleston, S. C., in what spirit and with what determination business faces the task ahead? What may be done to control prices and profits will be one of the urgent problems before the business men. Secretary of War Baker, Secretary of Interior Lane, Food Administrator Herbert C. Hoover and Chairman Frank A. Scott of the War Industries Board, who are on the program, may touch on the price question. They will appeal for cooperation in war work.

President Eliot's message on private interests during the war is: "Every business man, firm or corporation must subordinate individual interests to the common cause. This may be ready to do, all that is needed is direction."

Secretary Eliot G. Goodwin stated the Chamber of Commerce has gone fully on record against war profiteering. "It must not be overlooked, however," he said, "that business cannot live without profit. That is the rule of the game. Patriotic business men are perfectly ready to work on another basis so long as they can live, but they must have clearly indicated what the new basis will be."

Special interest is shown in the address of Boris Bakhmeteff, Russian ambassador, and of Lord Northcliffe, chairman British Mission, who are on the program. Among prominent business men who will be heard by the convention are A. C. Redford, president of Standard Oil; and George M. Reynolds, Chicago banker.

The discussion of readjustments to follow the war will deal with the course of prices, the return of the army into civil and industrial life and the new international relations of the United States.

Under ways and means by which business may most readily adjust itself to war conditions will come discussion of industries not essential to war. Food conservation, labor troubles and foreign trade also will be taken up.

How business may render greatest service in winning the war will be a major topic throughout the convention. "The Chamber's executive committee," said President Eliot, "believes that the time has arrived when the business men of the nation should see what they may do to develop greater efficiency and render greater service in carrying the war to a quick and successful conclusion."

RECORD WAR CREDITS BILL PASSES SENATE

Washington, Sept. 17.—The war credit bill, authorizing new bonds and certificates aggregating \$1,525,000,000, and the largest measure of its kind in world history, was passed by the Senate late Saturday without a roll call or dissenting vote. It has already passed the house and will go to conference today.

The most important Senate amendment was that of the finance committee in increasing from one-seventh to one-fourth of one per cent of the bonds and war savings certificates authorized, the expense allowance for their flotation, and decreasing the allowance for the indebtedness certificates from 1-10 to 1-20 of one per cent.

As the Senate did not revise the amount of security issues proposed they must be changed in conference. They are \$1,525,000,000 of convertible four per cent bonds, subject to income surtaxes and war excess profits taxes, and \$2,000,000,000 each of war certificates of indebtedness.

The Senate late Saturday adopted an amendment by Senator LaFollette limiting the interest rate on the savings certificate to four per cent, but the rate on the certificates of indebtedness is left to the secretary of the treasury.

We haul Household Goods, Kitchen Furniture, Office Supplies. Apply Phone 214 Christian & Joyner. No. 666. This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

Ice-berg! Why you should drink PEPSI-COLA. SIZZLING hot in town! Streets baked! Even keeping in the shade doesn't help. Take a tip: Go get a glass of PEPSI-COLA! Like a breath from an iceberg; and more—it's got a certain tang, a certain invigorating snap that just makes you realize that it's a good little old world, after all—even in mid-summer. Be your own judge! There is no substitute for PEPSI-COLA—resent the suggestion. Try it now—today—at any fount. Or get a crate for your ice-box. At all grocers. DRINK PEPSI-COLA for Healthful Refreshment
