While their guns bombed the western front the Germans are taking troops from the eastern front for use elsewhere lespite the provision of the Russo-German armistice prohibiting such action. The artillery activity in France has been noderate over most of the front and most violent on the right bank of the Meuse northeast of Verdun, the scene of the German attack nearly two years ig0,

German infantry has not been active and it is probable that Field Marshal Von Hindenburg is awaiting for more cinforcements before making his herilded attack.

Russian advices tell of the German withdrawal on the east, adds, "that ome of the troops are being taken to Mr. Flynn said he had offered his the Roumanian front. Roumania is not taking part in the peace negotiations and the UKraine which lies south of

Moldavia and Bessarabia is oppostd to the Bolsheviki. South of Juvincourt in the Rheims sector of Champagne the French have carried out a raid into the German lines and brought back prisoners. On the British portion of the front there have been raids in addition to the artillery duels but no large operations are indi

inted. Leon Trotsky, the Russian foreign ninister has protested against the Gernan transference of troops from the astern front but also has ordered Russian factories to stop the manufacture d munitions. He did not indicate whether his government would take another tep against German violation of the
