**MUST FILE SUGAR STATEMENTS NOW**

If Statements Are Not Filed by July 15, Sugar Supply Will Be Cut Off

County Food Administrator Paul R. Capelle is anxious that no dealers in sugar or hotel, restaurant, boarding house, hospital or other institution shall find themselves in such position after July 15th that they cannot purchase sugar. "The order is perfectly clear," stated Mr. Capelle.

"No dealer in or user of sugar can purchase sugar since July 1, except household consumers. All retail dealers, hotels, restaurants, boarding houses, hospitals, county homes and other institutions are included in this list. All of these should write without delay to the Sugar Division of the Food Administration at Raleigh stating the nature of their business and asking for proper blank forms upon which to file their statements. When these statements have been made out and returned to Raleigh the Sugar Division will send certificates for the sugar requirements of each firm or institution.

"The attention of all dealers in sugar is called to the requirement that all dealers must keep an absolutely accurate record of the names of purchasers and of sales and quantities of sugar and are further reminded that the maximum quantities of five pounds to the country household and two pounds to the city household must be rigidly observed.

"Sugar dealers are required to sell sugar only to their regular customers.

"Beginning July 1, eight inspectors were put into the field by the Food Administration and they will be able to check up the records of dealers and ascertain the names of any users of sugar who have been purchasing from dealers other than their regular customers."

**WOULD WALK 20 MILES TO TELL IT**

Miss McKensie Gains Twenty-Five Pounds on Tansac and Health Is Restored—Tells Friends About It.

"I'm so grateful for the wonderful relief I have gotten from taking Tansac, that I would be willing to walk twenty miles to tell anyone who suffers like I did, what this medicine has done for me," said Miss Adela McKensie, 424 Sixth Avenue, south, Nashville, Tenn.

"I suffered for about eighteen months from nervous prostration and kept getting worse in spite of all I could do. I had no appetite at all, and after eating, my stomach would burn like I had swallowed a fire-coal. I would turn cold one minute and hot the next at times, and I was so nervous I couldn't sleep still. I could hardly sleep at all and I felt off at least sixty pounds.

"After I had tried several different medicines without getting any relief, my brother got me a bottle of Tansac and I started taking it. By the time I had finished my second bottle, my appetite began to improve and the troubles were greatly relieved. The burning sensation in my stomach has disappeared, the nervousness is all gone, I sleep like a child at night and besides gaining twenty five pounds in weight, I am in splendid health again."

Tansac is sold in Rocky Mount exclusively by Kyeser Drug Co., in Spring Hope by Southside Pharmacy, in Nashville by Nashville Drug Co., in Sharpshooting by Hadspeeth & Robbins, in Castalia by Bartholomew Drug Co., and by leading druggists in every town.
