

**DOES NOT  
ANY VACATIONS**

**Helps Americans  
by Furnish-  
Board at Resorts**

July 1. (Correspondence of The Associated Press.)—Americans who are on vacation this year to go to the resorts or seashores will be in the way in which the Young Men's Christian Association is at-tempting to solve the problem in Eng-land. The association has made the va-cation board for the average family that thousands who be-come sought recreation on the coast of England were unable to do so. The hotels have jump-ered to unheard of figures. The U. S. A. is offering these fam-ily breakfast in the east at \$1.50 a week for each person. It proposes to furnish nurses and attendants for children so they can have a real holiday. To accomplish this the association has established a hotel at Felixstowe and an-other at Mersey Bay, equipping them with furniture as it was able to obtain. All valuables must be left at home and only old clothes are being made for children. The association has reduced the rates for those of less than 16. This permits a family in circumstances to enjoy the vacation at much the same price as before the war. The U. S. A. leaders are planning to have vacation accommodations at these resorts and to use for two military camps.

**ROYAL AGENTS  
INJURE SHIPPING**

**American firms Lose  
with America Account  
Back Direct Agent**

June 14. (Correspondence of The Associated Press.)—American ship owners are complaining and North American concerns at a disadvantage to European competitors here. Their agents in this city are generally representatives of United States concerns, according to the American Chamber of Commerce for Bra-zil. Recently appointed a com-missioner the chairmanship of Act-ing General Hasskarl, to inves-tigate the shipping situation as it af-fects American business. The com-missioner reported that by leaving to the agents of ship captains the ser-vice of agents, North American own-ers have been heavily overcharged for fuel and other necessities in this city that eventually this expendi-ture is on the shipper. The chamber of commerce has declared by the chamber that the situation is a vital weakness in the trade development of the United States. As a remedy the recom-mendation is made that North American owners either establish their own agents or authorize the United States general to recommend agents in Brazil but in all South American countries.

**Names Delegate  
to Agricultural Meeting**

July 26.—Jose Duval, director of the department of agriculture, has named the Mexican representa-tive to the meeting of the Interna-tional Institute of Agriculture which will be held soon in Rome. This is the first time Mexico has sent a delegate to the congress in ten years.

**Is New Mexican  
Minister to Denmark**

July 26.—Jose M. de la Cruz, former president of the mu-nicipal government of Mexico City, has been named by President Carranza Minister to Denmark. His duties also extending to Norway and Sweden. Senor Garza will be in Copenhagen.

**Celebrations  
Held in Mexico City**

July 7.—Celebrations of the centenary of peace have been held with- in a few days by nationals of the various countries residing here. On July 4 festivities were conducted at the Country Club or elsewhere and the shops of business men allied nations were closed and the fiestas included infor-mation to returned soldiers of the war.

July 6, two memorial ser-vices were held for Allied soldiers who died in the war. One was conducted at the French colony and the other by the French people of the capital. These foreign colonies generally held in the festivities.

**PROHIBITION HAS  
EFFECT ON BERRIES**

**Causes Strawberries Assume  
More Profitable Price on  
Recent Market**

Philadelphia, July 26. (Correspond-ence of The Associated Press.)—Prohi-bition indirectly produced an extraor-dinary condition in the strawberry mar-ket this year. Prices went higher than ever before because a Chicago packing house opened what was said to be the largest fruit preserving plant in the world in the heart of the strawberry district of Del-aware and the Eastern Shore of Mary-land and bought the product of great berry producing fields virtually without regard to cost to meet the tremendous demand for ice cream and soft drinks produced by the "dry" period. Strawberries that normally sold for from five to ten cents a quart were snapped up at from thirty to thirty-sev-en cents. The price to the consumer never went below thirty cents this sea-son. Strawberry syrup for flavoring soda water formerly sold at sixty-five cents a gallon is now quoted \$3.50 a gallon. Farmers are elated. Many of them made an average of \$1,000 an acre on their strawberry crop and they are looking forward to big profits next year. The packers, when the strawberry season was over, sent their employes to other work and closed the factory.

**A FOOL AT 40**

It is an old proverb that every man is either a fool or a physician at 40. Well I fooled along for 40 years in the drug business and practice of medicine before I perfected a blood medicine that I thought and knew I could offer the public with impunity. I have perfected "Number 40 For the Blood," and to show you that I do not wish to fool you I will send you your money by mail if you return the front of the carton with the statement that you have tried one bottle of "Number 40 For the Blood" without satisfac-tory result for any scrofulous disease, for blood poison, and stomach trouble, constipation, or in fact any disease for which it is recommended. J. C. Men-donhall, Evansville, Ind. Sold by the Standard Drug Co.—adv.

**Even If You  
Can Afford**

to be buying new tires all the time, it is poor business to do so when our vulcaniz- ing will prolong the life of your old tires 50 to 100 per cent. If you are sceptical, give us an apparently worn-out shoe or tube to prove to you our statement is not exaggerated. Try it on the worst roads under the worst conditions, and if you prove us wrong don't pay us a cent.
