### DINNER PAIL FAST PASSING FROM MILL

Restaurants and Cafeterias Are Taking its Place in Pittsburgh.

Pittsburgh, Jan. 14.—The dinner pail is passing from the mills and factories of the Pittsburgh district. Restaurants and cafeterias are taking its place in the more important plant because executives are beginning to realize that a hot, palatable meal makes the workman more concentrated and more contented and more valuable than the cold, indigestible food packed away in a tin bucket.

In the Homestead mills of the Carnegie Steel company in Munhall, a few miles from Pittsburgh, more than 11,000 men are fed in the cafeteria every day, and the number is constantly growing. At the plant of the Westinghouse Electric & Manufacturing company in East Pittsburgh, also in suburban, 1,200 employees get their food in the company restaurant, and a new dining hall and modern kitchen is being erected. When it is completed, the company will be able to feed 3,000 of its workers at one time.

The American Sheet and Tin Plate company has 22 cafeterias in daily operation in its different plants. It was one of the pioneers in the movement.

In the Munhall works cooked meats and vegetables are kept hot in steam tables, and served as the men desire, or as the various shifts reach their lunch or dinner hour. Pies, cakes and coffee, in fact many desserts, of which the workmen seem very fond, are also available at all hours, as well as tea and milk. The men can thus buy a hot meal for 25 to 35 cents.

Our employees are delighted with the meals served in the plant," said a woman representative of the Westinghouse company who is in close contact with the work. They get better food for less money than they get at home, and they get it when they need it. We lose money by the arrangement, because we provide food at actual cost and give away the coffee, tea and milk. But it pays in the long run, for it satisfies everybody."

These workers' dining rooms, it was explained by our company superintendent, must not be confused with the dining rooms which have long been in service for office forces and officials of manufacturing concerns.

"Providing warm food for the white-collar men was a luxury the shopmen never expected to attain," he said. "But now we are giving all our men who eat it warm meals, and we are glad to do it. This plant will never go back to the dinner bucket system."

### THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from drug girls who are constantly in direct touch with the public, there is no preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent life insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation, write to Dr. Kilmer & Co., Blairstown, N.J., for a sample bottle. When writing be sure and mention the Evening Telegram, Rocky Mount.

### MAJOR-GENERAL WOOD WARNS AMERICAN PEOPLE

"Universal Service brought to the colors, through the draft, first and last, approximately three million men, and it is safe to say that not over fifty per cent, probably less, of the men were fit for line service when the nation was called to the colors," said Major General Wood in a recent article in the Metropolitan Magazine.

"When it is remembered," he said, "that the men sent to the camps for training had passed the Selective Draft Boards, and that they represented those who were considered most fit to undergo training and preparation for military service, it does not take much imagination to picture the physical and health conditions of the remaining thirty per cent. Think what this condition means; what its effect is—upon the race, upon national efficiency, national morality and character!"

"The mobilization of the selected men of our nation brought to our attention an intolerable, unnecessary and dangerous condition—dangerous to us and to the race."

"To get well, or stay well and strong, it is absolutely necessary to have healthy blood, rich in plasma, oxygen, iron and the natural cell-salts that nature provided

to nourish and revitalize the cells. You cannot live without oxygen, and if the cells of the body are not supplied with the cell-salts that feed and nourish them they soon wither, just as a plant droops and dies for lack of water."

Dr. Reusing's remarkable discovery, which he recently announced and named REOLO, rapidly increases the number of red blood cells and supplies the oxygen, iron and cell-salts that the blood must have to keep the body well or make it well.

This wonderful REOLO formula which has been used with remarkable success by Dr. Reusing in his private practice, may now be obtained through registered druggists who are licensed Distributors of the Dr. A. L. Reusing Laboratories, Akron, Ohio.

REOLO is not expensive. Each sealed package contains 100 pleasant, tasteless tablets, sufficient for two weeks' treatment, and only costs a dollar. It is sold under the Positive Guarantee that if you are not absolutely satisfied with the results after taking the two weeks' treatment, your money will be promptly refunded.

REOLO is sold in Rocky Mount by Standard Drug Co. Licensed Distributor for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

### THREE HUNDRED CASES OF STRANGE SICKNESS

Moskow, Okla., Jan. 14.—An average of 300 cases of strange malady, disease and trouble similar to that reported at Shadrack and other Oklahoma towns are being treated in Moskow according to physicians who have studied and devised means of combating the disease. No deaths have been reported.

The epidemic did not become general until October 1, 1918, when 12,480 cases were reported.

### IS YOUR BLOOD HUNGRY FOR IRON?

#### Who Should Take Nuxated Iron

Modern Methods of Cooking and Living Have Made An Alarming Increase in Iron Deficiency in the Blood of American Men and Women

##### NUXATED IRON Helps Make Red Blood

The Kind That Puts Roses Into the Check of Women and Force Strength and Courage Into Veins of Men.

"Is your blood starving for iron?" Iron is red blood. If you want to feel well and look well, you should eat more iron. Eat Nuxated Iron.

"Modern methods of cooking and living have made such an alarming increase in iron deficiency in the blood of American men and women that I have often wondered where the lack of iron in the blood of people who lack iron in the blood and who never suspect the cause of their weak, nervous, run-down condition, comes from. My opinion is that the men and women feeding themselves with metallic iron—Nuxated Iron—should take it.
