Just Arrived—

The Standard Eight
—Touring and Sedan—
Seven Passenger

The latest thing in motor car construction is offered to Rocky Mount in the Standard Eight Dark Blue body with fenders in black and the stream line body gives it the appearance of the power and the durability which it has. Equipped with a motor made for the Standard Eight only it performs like a lion on the hard pull and has the pick up on the quick get-away. The double ignition system is largely responsible for the praise with which the Standard Eight has met and is a large factor in the smoothness of action, unity of operation, and the wonderful performance that is keenly noticeable to every owner of this car.

From Pittsburgh, Pa. to New York over the Allegheny mountains, no stops and not a single change of gear, 500 on high. This is the record of this wonderful car that is built in Rocky Mount within your reach. Smart in appearance, although not flashy, it is the ideal car for the lady who enjoys to drive herself. The ease in operation has won many admirers in experienced drivers, allowing them the freedom of security and satisfaction of knowing it will perform when called upon.

The upholstery of the front and rear compartments and seats is made of genuine hand buff leather over coil hair and is all that you could wish for comfort. The rear compartment flooring is covered with plush lined carpet and in the Sedan you will find a complete vanity set for the ladies and a smoking set for the men. In fact it is a true palace on wheels, it has all that you could think of except hot and cold running water.

Ask for a demonstration—when you are contemplating buying a new car or not—ask for the privilege of showing you just what the Standard Eight will do under any conditions.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood
Catarrh is usually caused when it strikes up your nostrils and air passage, causing difficulty breathing and other discomforts that linger until you are unable to get into your bed.
This is why you should at once realize the importance of your condition and have a course of permanent relief with worthless medicine which touch only the surface, to be rid of catarrh, you must drive the poison out of your blood.
If you wish medical advice as to the treatment of your own condition, write to the Chief Medical Adviser, Bellans Specific Co., Atlanta, Ga.

GIVE THEM NEW LIFE

by recharging your batteries at this charging station. We guarantee to put a new breath of life into them, so that they will give you all the "juice" you ever had—and even more. No sparing on current here—we give your batteries all they will stand.
