CHOP THE WEEDS AND FIGHT THE MOSQUITOES

Just about the pestiest thing that can pester a man when on a hot summer evening he places his woolly head in a downy pillow and begins what he thinks is going to be a sure enough restful snooze—is the singing whiz of the mosquito. Forthwith mankind generally, and they run the scale from the tiny fellow to the big 300 pounder, begins to fret and to slap and to remain still for a bit to slap again, and finally to get up and fan on the light and press the light and chase the pest to his hiding place. Sometimes success attends these efforts, but more often not, and maybe next day's work is impaired because of the length of the mosquito chase the night before and the hour that he "finally got to sleep."

Why not let's stage the battle in a little more effective manner and in Rocky Mount invoke some system in fighting this pest that is really effective. Let's go after the fellow not in our own homes, but in his and when we do we will have made a master stroke stroke to really put him out of business. Other towns and cities have done this thing, resorts have even put them entirely out of business because they found their guests were not going to stay there for a vacation trip to fight mosquitoes, and yet we permanent homefolks in Rocky Mount are not interesting ourselves to any great extent in protecting our own selves against them.

If you don't want to fight mosquito toes in your neighborhood get busy right away and see that standing, stagnant water isn't allowed to stand and stagnate for much longer. Old tin cans, jars, receptacles, drains, ditches, etc., filled by the rains make excellent breeding places. A little attention and they can be done away with, and the water drained and if not a little grease or oil, preferably kerosene, will have a deadly effect to their breeding, stopped up gutters to the houses, which should really be cleaned at this season of the year are other breeding places, these should drain and it is to your advantage to see that they do or they will soon be precipitated to the ground and leaking before hands.

But most of all chop the weeds that keep the dampness following the rains for here the mosquito has his greatest chance to breed in this section. Don't burn rags, but put this energy in chopping the fennels and when you do you have taken a long step in putting an end to Mr. Mosquito.

That ouija board the War Department is using to locate Bergdoll must be a fake.

'IS WORTH WEIGHT IN GOLD' HE SAYS

Willhide Was So Run Down His Condition Alarmed His Wife and Friends.

"Tanlac has been worth its weight in gold to me," said Walter S. Willhide, a well-known employee of the Federal Reserve Co., in Raleigh, N. C., who lives at 75 Howell Ave., Milwaukee. "My wife and friends were really alarmed about me, but now I never felt better in my life."

"I don't believe anyone ever suffered more from stomach trouble than I did for five years," he said. "After every meal gas would form and I had such sharp pains across my heart I could scarcely breathe. Dull, heavy, dizzy headaches would come on me and I had to lie right down or I would fall over. My back and stomach hurt as had I could hardly bear my clothes to touch them. I was nervous as a cat and the least noise at night would excite me. The muscles in my legs would cramp at night—until I would have to get up and walk the floor to get relief; I lost fifteen pounds, my appetite was completely gone and I was so weak I could hardly do my work."

"Only two bottles of Tanlac have rid me of every one of my troubles. I eat anything and never have an uncomfortable feeling in my stomach, my nerves are like steel and I never have a headache, dizzy spell or pain of any sort. My friends are congratulating me on how well I look and I certainly feel fine."

Tanlac is sold in Rocky Mount by the Kyser Drug Co., in Pinetops by the Pinetops Drug Co., in Tarboro by R. E. L. Cook, in Momeyer R. F. D. from Nashville by C. A. Edwards and Co.

REMOVES TOUCHY CORNS and BRINGS INSTANT RELIEF

Apply a few drops on a sore, touchy corn or bothersome callous. Instantly the soreness leaves. "At-Ease" removes hard corns, soft corns, or corns between the toes, without soreness or irritation. "At-Ease" the guaranteed corn remover is sold at all drug stores.

THE QUICKEST EVER

Easiest and Most Economical, Too!

How would you like to be able to wash an average week's washing in ten minutes without rubbing or scrubbing? Then add a few minutes to rinse and blue and hang out?

Blue Monday would really be bright Monday then, wouldn't it?

That's just what you can make it—right now, and you don't have to buy any special apparatus. Just a regular tub, a round stick and a bar of Clean-Easy Naphtholein Wash Soap.

Soak your clothes over night. Shave ¼ bar of Clean-Easy into 4½ gallons of water. Bring to boil—let soap dissolve. Put in clothes and stir for ten minutes. Rinse, blue and dry. Your laundry is cleaner, and better done than ever before.

Cleaner, because Clean-Easy goes after every speck of dirt and grime, loosens it, dissolves it and absorbs it in water. The boiling water kills every germ, making the laundry absolutely clean.

Better, because the garments are not frayed and worn by rubbing and scrubbing. And because Clean-Easy does not hurt the fabric. Get Clean-Easy today from your grocer.
