A Prominent Nurse Testifies

Covington, Ky.—"I have been recommending Dr. Pierce's Favorite Prescription to my patients and persons of a few friends for several years, ever since it restored me to perfect health after a very serious illness with inward trouble."

In every instance that I have known women to take Dr. Pierce's Favorite Prescription for feminine weakness, or if in need of a special tonic during expectancy, it has never failed in giving the utmost satisfaction. It is a woman's medicine that can be depended upon to relieve nervous conditions, besides building up and strengthening the entire womanly organism. I shall always praise Dr. Pierce's Favorite Prescription most highly."—Mrs. PATTIE ELLIOTT, 1413 Kendall St.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Doctor Pierce knew, when he first made this standard medicine, that whiskey and morphine were injurious, and so he has always kept them out of his remedies. Dr. Pierce's Favorite Prescription can be procured in all drug stores in either field or tablet form.

Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package of the tablets.

Since the beginning of the war, goods exported from the United States exceeded the imports by about \$17,000,000,000.
