BY POLISH TROOPS IN RUSSIAN PLANS**

General Buddeny's Cavalry Is Routed and Forced Back In Great Disorder
SOVIETS REPORTED TO HAVE LOST HEAVILY
Mounted Forces Were Completely Annihilated—Isolated Detachments Which Made Their Escape Are Pursued By Victors

Warsaw, Sept. 2.—The bolshevik army of General Buddeny, noted cavalry leader, was annihilated during the operations in the Lemberg sector which began August 29 and ended September 1, said the Polish official statement of the military situation issued today.

Isolated detachments of the Buddeny forces succeeded in escaping and are in disorderly retreat. General Buddeny's mounted men had been endeavoring to break through the Polish lines and march upon Lublin. They had nearly completed an encircling movement against Zamosc, midway between Lublin and Lemberg, but were outflanked by the Poles and attacked from the east, the communication states.

Their displacement resulted in the defeat of the soviet forces along the Lublin front, and the Russians were compelled to retreat in great disorder with the Poles in pursuit. The bolsheviks are reported to have lost heavily in killed and wounded.

At the same time, the report continues, the Poles captured thousands of prisoners, sixteen guns and enormous quantities of material.

**BOARD TO SETTLE
BARBER TAX ISSUE**

Matter Is Expected To Provide For Lively Aldermanic Session Tonight
One of the most lively sessions that the board of aldermen has held in quite a long period is expected to take place tonight when the matter of raising the tax upon the barbers of the city as a retaliatory measure for the recent increase in the price of haircuts and shaves will be brought up for final disposal.

The motion to increase the tax on barbers was introduced at the last session and tabled for action tonight. The proposed motion has attracted considerable discussion in the city and for that reason more than usual interest is attached to the aldermanic session. The barbers have given assurances that they will appear en masse and show reason why the raise in taxes should not be consummated.

It is known that several members of the board are champions of the movement and will their utmost to see the motion passed.

Several other matters of importance are also calculated to come up before the board. As the state revenue law has been amended so that the city may again place a 4 1/2 tax upon public amusements, this matter will doubtless be gone into and the city take measures to receive the former revenue rate on the operators of "for hire" cars. Exactly what other matters will come up cannot be said, as several surprises are always sprung at each session.

Spreading Rails Cause Of Wreck Near Wilson

Wilson, Sept. 2.—Yesterday afternoon No. 89, southbound passenger train, on the Atlantic Coast Line railroad, while going at a high rate of speed, left the tracks in a recent crossing of Toisnot swamp on the outside of the corporate limits of Wilson. The cause of the accident was spreading rails said to have been caused by rotten cross ties. The engine and tender, express and mail cars passed over safely but five passenger coaches and one Pullman left the track and were more or less damaged.

Harvey H. Parker, of Tarboro lost his head and jumped through an open window. He rolled down a twelve foot embankment and was bruised about the head and body. Ten others received minor bruises. SPOTLIGHT TURNED ON THE SENATORIAL RACES BY PROBERS

Senator Poindexter Is Chief Witness Before Chicago Committee Today
ELECTION FRAUDS IN MICHIGAN MENTIONED

Chicago, Sept. 2.—Senator Miles Poindexter, of Washington, chairman of the republican senatorial election committee, today told the subcommittee investigating campaign expenditures that there was "no fixed rule or system by which senatorial candidates are helped."

"We supply funds for campaign activities upon which we have agreed with the candidate or his campaign organization," the witness added. Questioned concerning the \$3,000 spent on O. E. Weller, republican senatorial aspirant from Maryland, Senator Poindexter told the investigators that this was not an example of the general practice of the committee.

Senator Kenyon brought out the point that the senatorial committee had arrangements by which the former's maximum campaign fund of \$200,000 was guaranteed by the national committee. In return all moneys collected by the senatorial committee are to be turned back to the national treasury of the party, Senator Poindexter said. He added that Senator Prellinghausen, of New Jersey, is chairman of a subcommittee in charge of collecting funds and that he in turn had organized an auxiliary committee headed by Elliott Washworth, of New Jersey.

"They have not raised any money to speak of," said Senator Poindexter, and Senator Reed of the investigating committee supplemented it with the remark:

"Not yet."

Senator Pomerene, asked the witness that if the \$200,000 was divided equally among the 32 states in which senatorial elections are to be held this fall would not the sum average \$6,250 in the state, and he then called attention to the federal statute limiting expenditures of senatorial candidates to \$10,000 except in states where a lower limit has been set by the state.

"In view of the \$176,000 expended in Michigan for a nomination in your committee of the opinion that \$200,000 will be a reasonable sum for all the senatorial elections," asked the Ohio senator.

"It will be fairly reasonable so far as the purpose of our committee was concerned," responded Senator Poindexter.

He agreed with Senator Pomerene that the organizations within the states would probably spend some funds of their own.
