The Massachusetts Congressman Makes Caustic Criticism of The Fighters and Men Who Would Pay Fifty Dollars For a Ringside Seat at the Fray

Washington, June 8.—A resolution designed to prevent the Dempsey-Carpentier fight at Jersey City, July 2nd, unless congress shall meanwhile fairly treat Americans who served in the world war was introduced in the house today by Representative Gallivan, Democrat of Massachusetts. In a statement representative Gallivan characterized Dempsey as "acting just who dodged the draft and declined that France had been at war for months before Carpenter joined the colors." The men who will pay \$50 for a ringside seat to look at the twelfthers overwhelmed members of the last congress with their letters of protest against paying a mere pittance of a soldier's bonus to real combatants. Said Mr. Gallivan: "It would not have cost them more than fifty dollars to have helped meet the cost of a million bonus bill. I am opposed to this international load on American sons where millions of American mothers are to be wasted until the American service men have been fairly treated by the American government."

## Governor Plans Big Conference To Promote Better Relations of Races

Raleigh, June 8.—A conference of North Carolina Negroes has been called by Governor Conover Morrison to meet at Raleigh on June 28 to promote more friendly relations between the races in his state.

The governor has written letters to several civic prominent and influential negroes of the state urging them to attend the meeting which is to be held at noon in the Yarmouth Hotel.

"Governor Morrison writes: 'I am calling a conference of white citizens,' Governor Morrison writes, 'at noon at Raleigh in the Yarmouth Hotel at 12:30 p. m. June 28 to consider ways and means of preserving and extending the friendly relations now existing between the races in North Carolina by raising the standard of living and increasing the efficiency and contentment of our negro population.'

More detailed information relating to the proposed conference will be announced later. The governor is understood to have consented to calling the all since it had been promised in his inauguration that he will personally be in negro areas. This course of action was without foundation but was set in motion because of the electoral tie along with scores of other white citizens in the "Redoubt Camp."

Details on the negro schools which did not receive credit for a late certificate are needed to take advantage of the opportunity to prepare to meet independently by attending one of the negro schools to be held this summer. There are about 25 negroes in which schools will be held this summer under the direction of the State Department of Education.

All of the negro schools are provided free and to the teachers and it is the aim of the county superintendents to educate all second grade students. Upon the county school census, the teacher may apply to the state for aid in obtaining a county summer head and obtaining the credit for the work.

Information desired concerning the schools may be secured from the county superintendents of the various counties who are often directors of the negro schools.

He threw his hat at the intruder, he said, but the "bob" only arched his back, unsheathed his claws and bussed a charge to battle. Bradshaw then beat a hasty retreat for the county jail, he said.
