## Tar Heels Ludlow Clean Sweep of Series the Suffolk Cats Scope 3 to 1

### HEAD TWIRLING

#### Extra Inning Fray Re-Ins Win for the Downers in Game Fought Sensational and Star

The Heels drew first blood in the first inning when they hit the Cats for two runs. The game went into extra innings when the Downers came back to tie the score. The Heels then won the game in the eighth inning by showing two runs in the eighth, thus annexing three games from Suffolk and pulling them from their pinnacle position. The Heels' pitcher, M. J. Burns, was called upon for mound duty and he pitched brilliantly in an effort to stop yesterday's "Cats." Street called upon the aid of his staff, Burns in an extra inning of the game, Burns pitched the game of the Heels and he was sent against the Cats Monday after Slapshoe and he journeyed well but he was hurled after he had worked havoc in retirement. Yesterday Burns pitched back at the Tar Heels and a worthy foe for he had pitched but over opposing him he journeyed well throughout the game. Burns himself was pitched for in this one run game and he counted for two safely. A monstrous wall from the field when Umpire Harbison caught out at the plate in the eighth of the game and though the game was stalling at the Heels it was close the Cat's surprise came in the eighth of the game. The fielding features of the game were marked by the work of the first base for the Cats and the fielding and pegging of the Heels at shortstop for the Tar Heels.

### Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—giving those who have learned how to buy coal. The way to buy coal is to go direct from the mine. This gives several middlemen's profits. It also saves hauling expenses. Anyone can buy coal at mine prices, whether a car load or just a few tons. The only thing to be done is to go to the mine. This has been made possible through a plan evolved by a large and old established concern, THE BERNICE COAL COMPANY, with many offices at 691 Coma Building, Chicago.

This company has thousands of customers who buy their coal directly from the mine. It will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.
