WILMINGTON GAZETTE.

THREE DOLLS. PER ANN.] PUBLISHED (WEEKLY) BY *ALLMAND HALL*.—TUESDAY, NOVEMBER 27, 1804. [VOL. VIII. NO. 412.

☞ THE Subscribers to the Wilmington Gazette are informed that on the 31st of December ensuing, the 8th year's subscription will become due, and that their accounts will be brought up to that period, and presented for payment. Those who live at a distance, are solicited to inclose the amount they owe (which will shortly be made known to them) by post.

After the first of January 1805, subscription to the Gazette will be Three Dollars a Year, if paid in advance, or Four Dollars, payable as usual.

Advertisements will be inserted, as usual, at 75 cents a square for the first week, and 50 cents a square for each continuance.

A discount of 25 per cent. will be made to subscribers who advertise by the year.

To those who are acquainted with the labour and expences of newspaper Printing and the present enormous rate of living in Wilmington, I would presume it unnecessary to say any thing on the propriety of this alteration in the terms of subscription; to others, however, it may be proper to observe, that the present expence of printing and circulating the Gazette, is at the lowest computation 1200 Dollars a year, (exceeding by one third its original expence) which must be paid in actual cash; and to meet this demand there is a subscription of but 1500 dollars, from which may be deducted at least 25 per cent. for bad debts—Hence it is evident that the present proceeds are unequal to the imbursements. To sustain the Gazette on such terms, would be unwise in its proprietor, and could not be desired by its patrons.

I take this opportunity to acknowledge myself indebted to those of my subscribers and other customers who have been punctual and honest in their dealings; but I cannot agree with a certain *honorable* writer, that I am under obligations to those who refuse to pay after being indulged for several years, or to those who under specious promises of payment, ungenerously withhold from me the rewards of from three to eight years labour.

The Gazette will be continued to its present subscribers, on the proposed terms, unless countermanded by the first of January next.

Subscriptions are taken by the year only (except transient persons) and an order to discontinue the Gazette after the commencement of a new year, cannot be complied with until the end of that year.
