Valuable Property.
 AGREEABLY to the last Will and Testament of Peter Mallett, Esq. deceased, late of Fayetteville, the Subscribers offer for sale on a liberal credit, the following property lying in different parts of North-Carolina.

Cumberland County and Town of Fayetteville.
 A Tract of Land adjoining lands of Mrs. Smith and Isaac Williams, Esq. near Aveyborough on the South-west side of Cape-Fear river, about 20 miles from Fayetteville.
 A Tract of Land containing about 320 acres, known by the name of Council Hall Tract, adjoining the town of Fayetteville; from the fertility of the soil and its vicinity to the town this land is considered very valuable and will be laid off in lots to suit the purchasers.
 A Lot and House on the west side of Gelespie-street in Fayetteville, where the deceased formerly resided; the buildings are in good repair and the whole well calculated to accommodate a genteel family. Three unimproved Lots on the west side of Gelespie-street, between Franklin and Mumford-streets adjoining the Lot on which the dwelling house stands.
 10 or 15 unimproved Lots on the west side of Gelespie-street, between Mumford-street and Mallett's Mill.
 A large Warehouse at present occupied by Messrs. Nesbit and Campbell, on Gelespie-street near the Town-house, subject to a small ground rent.
 A Lot and Dwelling House on the east-side of Green-street near the Court-House, now occupied by William H. Williams, Esq.
 A Lot and Dwelling-House on the east side of Green-street, in possession of Mrs. Emmet, and subject to her life rent.
 Two Lots at lower Fayetteville on which there is a Tobacco inspection under the direction of Messrs. Davis and McDonald, together with a large three story Warehouse, three small Warehouses and three extensive Sheds with every necessary accommodation for the inspection and storage of Tobacco.—If the purchaser should incline, one of the Lots on which stands a large shed will be sold separate or divided into two Lots.

Orange County and Town of Hillsborough.
 300 Acres of Land in the Haw Fields adjoining lands of Gen. Mebane.
 A Grist Mill on Eno River and in the town of Hillsborough, the Mill runs two pair of stones, with the necessary machinery of a Merchant Mill, the whole in tolerable repair; from the natural advantages this Mill possesses, it is considered to be the most valuable in the state.

New-Hanover County and Town of Wilmington.
 One half Lot in the Town of Wilmington on the South-side of Princes-street, extending along said street from Front-street to the river.
 A Tract of Land on the East side of the North-West branch of Cape-Fear River, about three miles above Wilmington, joining lands of Wm. W. Jones and Henry Waters, Esquires; a considerable part of this land is of the very best tide swamp, and is considered equal, if not superior, to any Rice Land in the State; it is well worth the attention of those who propose engaging in the culture of Rice; the whole will be sold or it will be divided to accommodate the purchaser.
 A large body of Land on the West side of the North-East river, extending along the river from Henry Waters's plantation called Forceput to Major Moore's son Fishing-creek, a part of this land is tide swamp and well suited to the cultivation of Rice.
 Also three Tracts of Land on Little Cohears in Sampson county, well calculated for Corn and Cotton.
 The Subscribers will receive proposals at Fayetteville by letter or otherwise for all or any part of the above described property until the 1st of October next, if unsold the Mill and Lands in Orange county will be offered at Auction in Hillsborough on the 9th day of October. The Lots, Houses and Lands in Cumberland, at Fayetteville on the 26th day of the same month and the lands in New-Hanover on the 18th day of November next. Application may be made to Mr. James Mumford at Wilmington who will describe and shew the lands in the vicinity of that place.

Excellent Saw Mills for Sale.
 ONE half of a valuable Estate in Mills, built by the late Peter Mallett, Esq. and the Subscriber, on Black River, below Fayetteville, on the road to Wilmington. Across the river is a permanent dam, on which are two Saw Mills, which work four saws, with each a separate running gear, and have cut 18000 feet of lumber in a week; and a Corn-mill, well supplied with custom. The Mills are new and well built, are constantly supplied with an abundance of water, and protected from freshes by a natural wash way. The river extends 40 miles above the Mills; logs can be floated to them from a great distance, and rafts go from the foot of the Mills to Wilmington. 16,500 acres of Land, covered with pine, cypress and oak, and adjoining each side of the river, are connected with the Mills; 1000 acres of which of an excellent quality for rice, may be drained and watered by a dam at the wash-way. The uplands abound in lightwood, and tar and turpentine may be made to advantage.—There is no situation in the state which combines equal advantages for the manufacture of pine lumber, naval stores and rice, where there is sufficient water to transport every thing to market, and the Mills are so perfectly guarded from the danger of floods. An equal undivided half of the whole property, with a few Negroes, stock of Cattle, Blacksmith's Tools, a number of Oxen, and all other things necessary about the Mills, are to be sold on a liberal credit, to suit the convenience of the purchaser. For terms apply to M. Mrs. John Winslow and John Eccles, of Fayetteville, who are fully empowered to sell the same.

John Le Tellier,
DENTIST,
 INTENDS visiting Wilmington in the course of four or five weeks, at which time he will offer his services to the inhabitants and its vicinity, in the various branches of his profession; particularly in **CLEANSING** and **RESTORING** the **TEETH** to their natural elegance, with instruments that cannot injure the enamel. In transplanting real teeth, so as to be permanent, and setting artificial ones with ivory, that will not change to an unnatural color; in plugging hollow teeth, and reinfusing those with the gums that are much depreciated by carelessness, or corroding medicine, and extractions such as are too far gone to save; in which operation of **BRUFF'S Patent Perpendicular Extracting Instruments,**

Which take the teeth out with a much greater degree of less pain, than any other instrument hitherto invented; fastens those that are loose, (unless wasted at the roots) regulates them from their cutting in children, assists nature in the beautiful arrangement of the second set, and preserves them in their natural whiteness, entirely free from all scorbutic complaints.

To know if your teeth want cleaning, examine them before a glass in a clear light, beginning at the two middle front teeth of the lower jaw; if the gums are departing from their former place, or a black or yellow crust adhering to the teeth, you have cause of alarm, as that corrosive substance called tartar, will cause an offensive breath, decay the teeth, produce scurvy, or consume the gums and bony parts till the teeth drop out.
 N. B. He has **DENTRIFICE** of a superior quality for sale.
 June 25, 1805.

CERTIFICATE.
 Mr. LE TELLIER makes use of the proper method of cleaning the **TEETH**, without injuring the enamel, and is authorized by me to use the Patent Perpendicular Extracting Instruments in all places where the right is not disposed of, and not within fifty miles of Washington City, the place of my residence.
