

ter, carrying 3 guns and 80 men—the ship was captured on pretence of her being bound to an English port with naval stores. On the 9th of June the Huntress was retaken by a British vessel of war.—The executive of the United States has on this subject, forwarded very strong representations to the Spanish and British governments and agents, both in Europe and the West-Indies; and there can be no doubt as soon as the vessel reaches an English port and the matter is properly understood, she will be sent immediately to the place of her original destination. In the mean time, however, government has equipped another store ship, which sailed for the Mediterranean some days since.

Excellent Saw Mills

FOR SALE.

ONE half of a valuable Estate in Mills, built by the late Peter Mallet, Esq. and the Subscriber, on Black River, below Fayetteville, on the road to Wilmington. Across the river is a permanent dam, on which are two Saw Mills, which work four saws, with each a separate running gear, and have cut 18000 feet of lumber in a week; and a Corn-mill, well supplied with custom. The Mills are new and well built, are constantly supplied with an abundance of water, and protected from freshes by a natural wash way. The river extends 40 miles above the Mills; logs can be floated to them from a great distance, and rafts go from the foot of the Mills to Wilmington. 16,500 acres of Land, covered with pine, cypress and oak, and adjoining each side of the river, are connected with the Mills; 1000 acres of which of an excellent quality for rice, may be drained and watered by a dam at the wash-way. The uplands abound in lightwood, and tar and turpentine may be made to advantage.—There is no situation in the state which combines equal advantages for the manufacture of pine lumber, naval stores and rice, where there is sufficient water to transport every thing to market, and the Mills are so perfectly guarded from the danger of floods. An equal undivided half of the whole property, with a few Negroes, flock of Cattle, Blacksmith's Tools, a number of Oxen, and all other things necessary about the Mills, are to be sold on a liberal credit, to suit the convenience of the purchaser. For terms apply to Messrs. John Winslow and John Eccles, of Fayetteville, who are fully empowered to sell the same.
