Dr. WILLIAMS has removed to the House in which Mr. Cowley was murdered.  
Raleigh, Sept. 10th, 1810.

#### JOHN WATT & Co. COACH-MAKERS,

FROM Petersburg, have taken the large Red House on Fayetteville Street, formerly occupied by Mr. James Meigs, as a tavern, where they intend carrying on their business in all its various branches—they flatter themselves that from their perfect knowledge of the business and a determination not to deliver any work but what they can warrant, they will merit every encouragement which a liberal public may be disposed to confer.  
Raleigh, Sept. 13, 1810.

#### RUN-AWAY

FROM the Subscriber on the 4th instant, a negro woman named NANCY, about forty years old. Expect she took with her a small bay mare, about 5 or 6 years old—she wore away new home-spun clothes made of cotton and flax, and carried with her sundry articles of clothing. I expect she will aim for Pasquotank, as she was lately purchased in that county—I will give a generous reward to any person who will deliver either or both to me near the Falls of Neuse, Wake county.  
JAMES BURROW.  
Sept. 6th 1810.

The above Almanack contains 36 pages, printed on a small new type and thin wove paper, and will answer both as a house or portable Almanack. The editors hope from its cheapness to meet encouragement. In the course of two months they expect to receive and offer for sale a quantity of German Almanacks for 1811, at the low rate of 12 dollars per groce.

They also have, and will constantly have on hand, (neatly printed on a script type, and good paper) a general assortment of Blanks for Superior or County Courts, Sheriff's deeds, bail bonds, and bonds for the delivery of property, constable's warrants, deeds of conveyance, State Attorneys Bills of Enforcement for Superior or County Courts, &c. which they offer for sale, at the moderate price of 80 cents per quire, and at 75 cents per quire if five or more quires are taken at one time.

#### To Carpenters.

A Large undertaking for Carpenters. It will require one who has a very considerable force to accomplish the buildings. Payments will be promptly made. For further particulars enquire of the Printers.

#### Roanok Ferry.

THE Subscribers wish to inform their friends, customers, and the public in general, that they have this year the management of the Ferry crossing Roanok, at the place well known by the name of HASKINS & MITCHELL'S Ferry, on the main road leading to Petersburg and Edinboro. They have good boats sufficiently large to carry a wagon and hoghead of tobacco, both teams at once, or three hogheads; and ferryman sufficient to manage them. David Mitchell, one of the subscribers, who now has the management, pledges himself that due attention shall be paid, and every exertion will be made to give general satisfaction; at which place as great dispatch will be used as at any other Ferry on Roanok. They solicit the continuation of their friend's patronage.  
CHARLES MITCHELL, Person County.  
DAVID MITCHELL, Mecklenburg.  
14—6 m.

N. B. DAVID MITCHELL informs his friends that he has built a House on the north side of Roanok, at the landing place for the accommodation of his customers; at which place he intends keeping a Grocery Store, viz: all kinds of Spirituous Liquors, Molasses, Coffee, Sugar, &c. &c. He also intends keeping PRIVATE ENTERTAINMENT on the main road, one mile from the Ferry, where he has good Stables &c. Care will be taken to give satisfaction.

#### A GREAT BARGAIN IN LAND AND MILLS.

THE Subscriber offers for sale a TRACT of LAND lying in Iredell county, on the main road leading through the fork of the Yadkin to Willsborough, containing about six hundred Acres, nearly 70 of which are cleared. The woodland, though generally upland, is of a good quality, some of it first rate. On the premises there are an excellent apple orchard and good buildings, consisting of a new dwelling-house 36 feet by 20, two stories high, with a kitchen adjoining the East end, 17 by 16, the cellar walled with stone; and two brick chimneys with five fire places. Also a new framed building; 42 feet by 30, built for a lumber-house—other necessary buildings and houses of value, occupied by Millers, Coopers, &c.—Attached to the house is a fine garden.

The MILLS, taking into consideration the natural advantages, are thought to be equal if not superior to any in the state. The bed of the creek at the mills is about 80 feet wide, which rises towards each bank till it is high enough for the whole of the dam to stand on a solid rock. The top of the dam is about 180 feet in length, which together with the wonderful fall below, prevents the water from rising very high. The Grist Mill is in good repair, has two pairs of stones, elevators, conveyors, screws and bolts, on the most improved plan for country manufacturing; the house, built a few years ago, is 36 feet by 28, two stories above the husk. There being plenty of water and good ways for carriage, work is abundant; people coming a great distance to the mill in the summer and fall.

The Saw Mill begins to want repair, but might easily be rendered one of the best in the country, having near sixteen feet of fall.

#### ALSO FOR SALE

A TRACT adjoining the above of almost 120 acres—This tract is considered equal to any in this country, of its quantity. About 40 acres are cleared and in good order, with an apple orchard, &c.

Also, one other TRACT lying a mile higher up the creek, containing three hundred acres, has considerable low ground and meadow land. The upland is exceedingly good, having chiefly pine and hickory timber. Near 40 acres are cleared and in good condition. There are on the premises an orchard and some new buildings.

As I wish to remove to the state of Ohio this fall or ensuing winter, considerable sacrifices will be made in the above lands, &c. I will give a credit, on being made safe, for a considerable part of the purchase; or take lands in the state of Ohio, or north-western part of Kentucky.

SAMUEL WELCH.  
Ninth Month 1st, 1810. 36-3c

#### LAND.

FOR sale a tract of land about three miles from Hillsborough, containing 650 acres, with a good orchard. Bond with approved security will be required.—Payments to be made at 12, 18, and 24 months, by equal instalments. Apply to William B. Mears at Wilmington, or to the subscriber at Hillsborough.  
JAMES WEBB.  
Sept. 12, 1810.

#### A PLEASANT SITUATION IS OFFERED FOR SALE,

SITUATED in the immediate vicinity of Williamsborough, (Granville County) late the property of Dr. John Hair, now the property of JAMES K. BURCH, viz: Sixty-seven Acres of Land, the greater part of which is uncleared, with tea or fifteen Town Lots adjoining. On the premises is a handsome Dwelling-House, with four convenient rooms neatly finished, an Office in the yard having two rooms also finished, a framed Granary and Stables, all nearly new.—Also an Apple Orchard of well selected trees, and a never failing Spring. As it is presumed that no person will purchase without viewing the premises, a further description is deemed unnecessary.

This situation is peculiarly desirable as a summer retreat for a family from the lower and more unhealthy parts of the state. An undoubted title will be made and terms accommodating to the purchaser. For further particulars apply by letter or otherwise to the subscriber at Raleigh.

WILLIAM SHAW.

THE Sheriffs and other accounting Officers in the State aforesaid, who have yet to pay up the Taxes and other public Dues for the year 1809, will bear in mind, that their Accounts respectively must be balanced and closed on or before the first day of October next.—Most of the Officers included in the above description, have often settled their accounts at the Public Treasury and are of distinguished punctuality.—Good officers are solely influenced by a sense of duty, and it is therefore held unnecessary here to mention the penalties and forfeitures provided by Law, in cases of failure.

#### HISTORY OF PRINTING.

THIS work, by the senior Mr. Thomas, of Worcester, Massachusetts, is now completed at the press. As no opportunity was given to those gentlemen, who wish to be supplied with these volumes to engage them by subscription; and as many, particularly printers and booksellers, in various parts of the continent have expressed a desire to possess copies, this is to request those who are inclined to become purchasers, to send in their names to Thomas Henderson, jun. & Co. in Raleigh, by the 14th day of October next ensuing, when a return will be made to the publisher of the work in Boston, and the number of copies which may, by that time be engaged, will be immediately forwarded.

Among many curious and interesting articles relative to Printing, &c. these volumes contain an account of ancient manuscript books, and the method of bookmaking, before the discovery of printing—of illuminations by the scribes—of ancient and modern engraving and paper making—of the practice of printing in China—of the discovery and dispersion of the art in Europe, with a brief account of ancient printers and a list of the first who practised the art in Europe, Asia, Africa and America—ancient Colophons used by printers—the introduction of printing into the various parts of the United States, and the colonies of foreign nations in America—a biographical sketch of all the printers in the English colonies from the first settlement of each colony to the period of the revolution—memoirs of prosecutions for libels—an account of all the Newspapers that were published before the revolution; and a list of all that are now printed in the United States, with a calculation of the number circulated annually—an account of paper mills and the quantity of paper supposed to be manufactured yearly—new invented printing presses, with a description of one called the patent circular press, calculated to carry six or more forms, and to be worked by water, or by means of a horse, of which a successful experiment has lately been made from the model of the inventors in Boston. In these volumes are interspersed anecdotes of printers, &c. and many particulars not before published relating to the History of the country, & others which aided in bringing forward the revolution. To which is added an account of all the booksellers in the colonies, now the United States, from the first settlement of the country to the year 1775.

The work is in two volumes 8vo. containing 1060 pages, well printed on vellum paper, and has five plates, one of which is a fac simile of the first article known to be printed in Europe by the discoverer of the Art of Printing; two are fac similes of the printing types first used in England, another represents cylindrical printing presses accompanied by a description of them; the fifth is an Indian Gazette. The price of the two volumes in boards, is six dollars; or six dollars seventy-five cents, handsomely bound.

As a small edition only of this work is published, no more copies can be forwarded than may be actually engaged by the time above mentioned.

#### Fifty Dollars Reward.

RAN-AWAY from the Subscriber on the 11th of September, 1809 a Mulatto fellow named JIM. He is large and likely, about five feet eleven inches high, and aged thirty-five. His face is overrun with marks of the Small Pox, and on one side of his nose (the right side I believe) there is a scar occasioned by the kick of a horse. When he ran-away from me he carried with him a Bay Mare. Jim can read and write and I expect he will pass himself for a free man. I suspect he has gone to Wilmington, having connections there. Any person who will deliver him into my possession shall receive Fifty Dollars, and Twenty-Five if he is secured in any jail.
