MEDICAL IMPOSTOR!

ON the night of the 20th of July last Dr. David T. W. COOKE eloped from his place of residence in the district of York, South Carolina, where he had for some time attempted to palm himself on the public as a Physician and Surgeon.

The subscribers, actuated by principles of patriotism and philanthropy, think it their duty to make the following statement of facts, for the correctness of which they pledge their reputations for veracity and every claim to the respect of their fellow citizens at large.

Dr. David T. W. Cooke was raised in the village of Charlotte, North Carolina. After receiving a smattering of education, he obtained through the influence of his friends a subaltern commission in the Federal Army. While in the Army he married an amiable young woman of considerable property in the county of Currituck, in the state of North Carolina. After wasting her property and contracting debts to the amount of about fifteen hundred dollars, he removed to Franklin County, from whence he eloped in arrears about twelve hundred dollars, leaving his wife with two children, and in expectancy of another, to subsist on the bounty of her friends or to perish. His wife and three children are yet living, and obtain their subsistence through the munificence of her affectionate mother. He next returned to Charlotte, where he spent three or four years in idleness and the most wanton dissipation. After contracting debts in Charlotte which he was unable to discharge, he took shelter in York district South Carolina, and commenced the study and practice of physic. From this place he eloped in July last, indebted not less than one thousand dollars. In addition to the audacity with which he incessantly practised his fraudulent and swindling arts, he has seduced from his friends and business in this district a young man of sober and industrious habits, by the name of Green B. Hudson. This unfortunate young man has yet to learn that no degree of confidence is to be reposed in a man who is well known never to have possessed the smallest spark of friendship, or any of those agreeable qualifications which constitute the character of a gentleman or good citizen. Immediately before his flight, Dr. Cooke, under spurious but false pretences, procured certificates, expressive of his medical acquirements, from several respectable citizens of this district, one of whom has affixed his signature to this publication.

Doctor Cooke is of the common size and of very handsome figure. His nose is somewhat aquiline and his complexion florid. His eyes are small, of a light blue and very quick, with an uncommon dimple on his chin. He plays extremely well on the fiddle and is very fond of frolic. He is boastful, impudent and assuming in company, and withal addicted to drinking.

The editors of News-papers in the southern and western states are requested to publish this a few times in their respective papers.

The above lottery is authorized by an act of the Legislature of North Carolina, for the purpose of enabling the Trustees of the NEWTON ACADEMY near the town of Asheville, to complete the necessary buildings belonging to the same—and also to establish a Female Academy at the town of Asheville.

Which two objects the Trustees and Managers flatter themselves will be a sufficient inducement, independent of the flattering prospect held out in the above SCHEME, to influence all zealous friends to useful Institutions to become liberal purchasers of tickets.—And they deem it unnecessary to expatiate largely in contrasting the advantages these institutions may have (if well supported with friends) over most other Seminaries.—For it is now very generally known that Asheville is one of the most healthy situations on this continent—and lying in the neighbourhood of the Warm Springs, and on the main road from thence, (as well as from the Western to the Southern States) is more generally resorted to by the best characters of both sexes during Summer and Autumn, (for the benefit of health) than almost any other place in the Southern section of the Union.—And being also a place where board and Tuition are had on very moderate terms.—Where the Youths of the sister states will lay the foundation of sound constitutions together with their Educations, and receive the visits of their friends to and from the Warm Springs.—All these advantages united bear evident testimony of the eligibility of Asheville as a seat for Literary Institutions.—And therefore on these self-evident grounds, we respectfully solicit the public patronage.
