ENCOURAGE LITERATURE.

The Managers solicit each Member of the Legislature to purchase a few Tickets—each eight or twelve dollars cannot be sold by them; and besides the prospect of their drawing handsome prizes, the consolation it must afford a generous mind to have contributed in this way to so useful an institution in the most infant settlement in the State, will no doubt amply compensate for the money advanced. From present prospects it is hoped the drawing will commence by the first of January next.

Tickets for sale at the Star Office, and at most of the post offices in North and South Carolina.

SEVEN THOUSAND DOLLARS! MAY BE GAINED FOR THE SMALL SUM OF FOUR DOLLARS!

All prizes not demanded within 12 months after drawing, will be considered relinquished for the benefit of the institutions.

The above Lottery is authorized by an act of the Legislature of North Carolina, for the purpose of enabling the Trustees of the Newton Academy near the town of Asheville, to complete the necessary buildings belonging to the same—And also to establish a Female Academy at the town of Asheville.

Which two objects the Trustees and Managers flatter themselves will be a sufficient inducement, independent of the flattering prospect held out in the above SCHEME, to influence all zealous friends to useful institutions to become liberal purchasers of tickets—and they deem it unnecessary to expatiate largely in contrasting the advantages these institutions may have (if well supported with funds) over most other Seminaries—for it is now very generally known that Asheville is one of the most healthy situations on this continent—and lying in the neighbourhood of the Warm Springs, and on the main road from thence, (as well as from the Western to the Southern States) is more generally resorted to by the best characters of both sexes during Summer and Autumn, (for the benefit of health) than almost any other place in the Southern section of the Union—And being also a place where board and tuition are had on very moderate terms—Where the youths of the sister states will lay the foundation of sound constitutions together with their Education, and receive the visits of their friends to and from the Warm Springs.—All these advantages united bear evident testimony of the eligibility of Asheville as a seat for Literary Institutions—And therefore on these self-evident grounds, we respectfully solicit the public patronage.

RALEIGH ACADEMY.

THE Trustees of this Institution have the satisfaction of stating to the Public, that the semi-annual Examination of its students, which closed on Friday last, was highly approved, not only by them, but by all who attended upon it. In a few instances only was it necessary to bestow faint praise—in none censure—in several the most flattering encomiums were deservedly awarded. It was particularly pleasing to the Trustees to observe, that a defect which they had noticed at the last Examination, in relation to the cultivation, amongst the higher Students especially, of a correct and perfect acquaintance with the American Language had in a great degree, been removed, as was clearly evinced in the Grammar Exercises, Compositions & Public Speaking of the Young Men. Several of these Compositions and Orations were such as did honor to the Institution; some of the latter were, indeed, in every superior style, combining grandness

of delivery, justness of sentiment, and elegant pronunciation.

The Young Ladies of the Academy, as usual, presented themselves in their various studies of Reading, Writing, Arithmetic, English, Grammar, Geography, Astronomy, Moral Philosophy, History, Computation, Drawing and Music, in a manner highly honorable to themselves, and to their Preceptors and Preceptors. The Trustees believe that they may state with truth, that there were Students in each of these useful, elegant, and polite branches of Education, which might compare with those of any Institution in the United States.

The Session was closed by the delivery of an elegant and appropriate Address to the Students by the Rev. Dr. Joseph Caldwell, President of the University of this State, who honored the Institution with his presence during some of the most material parts of the Examination.

The Trustees feel the more pleasure in being able to make this favourable Report, as they had apprehended some deficiency from the regretted absence for two or three weeks past of the Rev'd. Wm. M'Pheeters, the Principal of the Academy. She was under the necessity of taking a Journey into Virginia; but his place had been so well supplied by the Rev. B. Rice, and the several Tutors had been so attentive to their duty, that no defect was apparent.

The next session of the Academy will commence on the 1st of January, under the Superintendance of the Rev. Wm. M'Pheeters, with the assistance of approved Tutors in the several Departments. Mrs. Sambourne proposing to have the care of the Young Ladies as during the past year. And the Trustees flatter themselves that their exertions to procure Teachers of the first eminence; the great progress which is invariably made by the Students of this Seminary; the moderate price which is charged for Tuition and Board; and especially the healthy and agreeable situation of the Raleigh Academy, will ensure to it a continuance of that patronage with which it has hitherto been so eminently distinguished.
