### FEMALE EDUCATION, WARRENTON.

AN Examination of the Pupils at this Seminary, commenced on Wednesday the 8th instant, under the superintendency of Mr. Crawford, Principal of the Warrenton Academy, it was attended by a numerous assemblage of Ladies & Gentlemen of the first respectability. The exercises of the scholars in Spelling, Reading, Grammar, Parsing, History, Geography, & the use of the Celestial and Terrestrial Globes, occupied the two first days—the Copy Books and Needle Work of the young Ladies were inspected by the audience.—The Compositions of four young Ladies, Miss Henderson, of Granville, Miss Blake, of Petersburg, Miss McNeill, of Wilmington, and Miss Glover, of Warrenton, together with a Valcictory, by Miss Jane Vance, of Wilmington, were read, and very generally approved—the third day was devoted to a musical performance by the pupils of Maj. Miller, who likewise displayed specimens of their progress in the art of Drawing and Painting.

The exercises of the School will recommence on the 8th day of January next, under the same Preceptors that have hitherto conducted it—many advantages result to all parties, by a punctual attendance at the opening of the school. In addition to the other branches of Science heretofore taught, those of Astronomy and Natural Philosophy will be introduced.—The French Language and Dancing will be taught by Mr. Cruvelles, a native of France, who will regularly attend during the whole course of the year.—The terms for board and tuition, exclusive of the French Language and Dancing, are, as heretofore, \$105 per annum—payment will be expected in advance.—There will be a three months vacation after the summer and fall examinations in July and December, no extra charge will be made for those who remain during the vacations, nor any deductions for those taken away—pupils will not be received for a shorter term than six months, nor will any be admitted as day scholars, who do not reside in the Town or its vicinity.—For the information of such as may be disposed to commit their Children or wards to our care, the following certificates are annexed:

I do hereby certify, that I attended the examination of the young ladies, at Mr. Mordecai's institution, on Geography, the use of the Globes, History, Grammar, Parsing, Composition, Reading and Writing, and that their very accurate knowledge in the preceding branches of Literature, manifested by a strict examination, evinced the great assiduity of the young ladies, and also the unremitted attention of Mr. Mordecai and his assistants.

Warrenton, Dec. 8, 1810.

We, the subscribers, having attended the examination of Mr. Mordecai's Scholars, cannot, in justice to our own feelings, withhold the public expression of the high satisfaction we severally received in witnessing the great proficiency, discovered by the different classes which came under our inspection—the many convincing proofs which the repeated examinations of this Academy have manifested, would render unnecessary any eulogium we could possibly confer upon it, were the influence of its merits to be confined to the visitors only; but when the extent to which its benefits may be carried, is considered, the free circulation of the advantages to be derived from it, is highly necessary—we, therefore, most cheerfully testify our decided approbation, of the unremitted assiduity of the Principal and his associates, which is proved better by the progress of the scholars, than by anything we can say.

The several classes underwent a severe & strict examination by Mr. Crawford, principal of the Male Academy of Warrenton, as well as by Mr. Mordecai and his assistants, and almost without exception acquitted themselves, with much credit, in the different grades of Learning, at which they had arrived—while health which bloomed on the fair countenances of 70 or 80 young ladies, added to the pleasure of the spectators and of the Parents and Friends—in short, we cannot but recommend this Academy as a nursery of virtue and learning to such Parents and Guardians as wish to send their charges from home.

Kemp Plummer, do.

We, the undersigned, in addition to the foregoing, have attended Maj. Miller's exhibition of Music and drawing, and are pleased with both; the progress the young ladies had made in Music was quite satisfactory, and the specimens of Painting really surpassed any expectations that could reasonably be indulged—all which were convincing proofs of the capability of Maj. Miller, and reflected much praise on the young ladies, who have been engaged in these pursuits.

### FRANKLIN ACADEMY.

THE Examination of the students of the Franklin Academy, took place on Monday and Tuesday last, the 4th and 5th inst. The Trustees are happy to announce to Parents, Guardians, and the patrons of this Institution, that the students generally passed a very excellent examination in the branches of Education usually taught in this Seminary. The exercises of this Academy will again commence on the first Monday in January next, under the direction of Mr. Davis H. Maheu, as principal, whose superintendance of this Academy for the year 1809, gave the greatest satisfaction. Mr. Maheu will be assisted by Mr. Hillman, a young gentleman of talents and well qualified to teach the first branches of learning. The well known and highly approved talents of the Principal, the healthiness of the place, the cheapness of board and tuition, together with the advantages of a handsome Library lately established at this Seminary, it is presumed will be sufficient incentives to a liberal share of public patronage.

### ENCOURAGE LITERATURE.

THE Managers solicit each Member of the Legislature to purchase a few Tickets—as eight or twelve Dollars cannot be felt by them; and besides the prospect of their drawing handsome prizes, the consolation it must afford a generous mind to have contributed in this way to so useful an Institution in the most infant settlement in the State, will no doubt amply compensate for the money advanced. From present prospects it is hoped the drawing will commence by the first of January next.  
Asheville, Buncombe, Nov. 16, 1810.

Tickets for sale at the Star Office, and at most of the post offices in North and South Carolina.

The above Lottery is authorized by an act of the Legislature of North Carolina, for the purpose of enabling the Trustees of the NEWTON ACADEMY near the town of Asheville, to complete the necessary buildings belonging to the same—and also to establish a Female Academy in the town of Asheville.

Which two objects the Trustees and Managers flatter themselves will be a sufficient inducement, independent of the flattering prospects held out in the above SCHEME, to influence all zealous friends to useful institutions to become liberal purchasers of tickets—and they deem it unnecessary to expatiate largely in contrasting the advantages these institutions may have (if well supported with friends) over most other Seminaries—For it is now very generally known that Asheville is one of the most healthy situations on this continent—and lying in the neighbourhood of the Warm Springs; and on the main road from thence, (as well as from the Western to the Southern States) is more generally resorted to by the best characters of both sexes during Summer and Autumn, (for the benefit of health) than almost any other place in the Southern section of the Union.—And being also a place where board and Tuition are had on very moderate terms—Where the Youths of the sister states will lay the foundation of sound constitutions together with their Educations, and receive the visits of their friends to and from the Warm Springs.—All these advantages united bear evident testimony of the eligibility of Asheville as a seat for Literary Institutions.—And therefore on these self-evident grounds, we respectfully solicit the public patronage.

### EDUCATION.

THE Trustees of the Vine-Hill Academy have great pleasure in announcing to the Public, that they have engaged as principal of that Institution, Mr. DANIEL ADAMS, who has long devoted himself to the instruction of Youth, and for the last two years has been the principal of a very respectable Academy at Stratford, in Connecticut. Mr. Adams will teach the learned Languages and the various branches of science preparatory to a College Education; and from the great respectability of his character, (which is personally known to one of the Trustees) his experience and success, it is hoped this institution will receive the patronage and support its infant state so much requires.

The English Department will be under the superintendance of Mr. Hawkins, whose great attention to his school the present year, and conduct generally has been highly satisfactory. The Trustees are candid when they declare for the satisfaction of Parents, their belief that the site of the Vine Hill Academy and its vicinity, is excelled by few in the State for its salubrity. The school will commence the first of January next. A boarding-house will be kept at the Academy by Major Alsobrook, which will be under the particular superintendance and tuition of the Trustees. Price of board 50 dollars per annum in the Board may also be obtained in payments. It is expected neighbourhood for any board and Tuition will be paid in advance.
