Lands for sale in Orange.

THE subscriber, intending to remove to the state of Kentucky in the fall, offers for sale his lands lying in the County of Orange. There are in one body between 4 and 5000 acres lying on both sides of Little River, and in the fork of Little River and Enoe: A considerable portion of these lands is low grounds, equal to any in this part of the State, and well adapted to the culture of corn, wheat, rye, oats, and tobacco. The upland is generally of a free, lively quality, well suited to the production of all species of grain common to this climate, and considerable portions of it well calculated for the growth of cotton and tobacco. On these lands, there are several good plantations, situated on Little River, and Enoe, which would readily admit of divisions from each other so as to suit the convenience of different purchasers. The seat whereon the subscriber now resides, called Snow Hill, and included in the above mentioned body of lands, is perhaps surpassed by none in this part of the state for fertili-ty of soil, elegance of situation, and extent and variety of prospect. It is not deemed necessary to state further the advantages which these lands possess, as it is presumed no one would wish to purchase without first viewing them. They lie fourteen miles to the East of Hillsborough, and the main road running thence to Petersburg, passes through them for a considerable extent.

The subscriber offers for sale also one tract of land lying 8 miles to the East of Hillsborough, adjoining the lands of William Cain. This tract contains between 4 & 1 and of William Cain. I his tract contains between 4 & 500 acres, is all upland of excellent quality, and has upon it a large plantation. The payments will be made easy to purchasers, by giving convenient, and reasonable credits, and taking in part likely young Negroes of good familiar.
