#### A SUBSCRIBER.

"HALIFAX, 1st May, 1814. " DEAR SIR,

" Since I addressed you last, we have had great alteration. Lere in commercial affairs. In consequence of the peace between Spain and France, all kinds of West India goods have taken a rise of at least 33 per cents and several vessels have left this port for France, under Spanish colors, loaded chiffy with sugar and coffee ; the former article has risen within one week, from \$ 8 to 12; several of those vessels were to be loaded for the United States, and some of them had began to load, with English manufactories and West-India produce, but had to unload again in consequence of the governor's having ordered the collector to clear no vessels, (cartels excepted) to any port in the U. States. This was considered by the merchants as an unauthorised act, and a meeting of these took place, who waited on his excellency to know his reasons a he informed them, that he had that day received information from Bermuda, that Admiral Cochrane was to declare the whole of the ports of the U.S. in a state of blockade, and that an additional naval force, was on its way from England, to better enable the Ad-tairal to accomplish this important object-The governor added, that the reasons for this step ware twofold ; the first was, that from the last accounts from his Majesty's ministers, (by the last March mail) he had not the least reason to hope, that any peace would result from the negociations at Gottenburg ; and the second was, that the naval and military commanders had orders to prosecute the war with the utmost vigor, and had full assurance, that a sufficient force to accomplish every object in view, should be sent next summer. On the gentlemen, (who waited on him) asking, if there was not cause to believe, that the armistice, talked so loudly of in the American pa-pers, should take place, the governor smilled, and said, that there was no officer in this country, vested with any power to treat with the
