The detachments from the Counties of Chowan, Currituck, Camden, Pasquotank, Perquimans, Gates, Hertford, Bertie, Northampton, Halifax, Warren & Nash, constitute one regiment to be denominated the first regiment; the counties of Washington, Tyrrell, Hyde, Beaufort, Craven, Gaston, Jones, Lenoir, Caswell, Pitt, Martin, Edgecombe and Wayne, will constitute one other regiment to be denominated the second regiment; the counties of Onslow, New Hanover, Bladen, Brunswick, Columbus, Duplin, Sampson, Robeson, Cumberland, Moore, Richmond and Anson, will constitute one other regiment to be denominated the third regiment; the counties of Wake, Johnston, Franklin, Granville, Person, Orange and Chatham, will constitute one other regiment to be denominated the fourth regiment; the counties of Caswell, Guilford, Rockingham, Stokes, Surry, Wilkes, Ashe and Randolph, will constitute one other regiment to be denominated the fifth regiment; the counties of Rowan, Montgomery, Mecklenburg, Cabarrus and Iredell, will constitute one other regiment to be denominated the sixth regiment; and the counties of Lincoln, Rutherford, Burke, Buncombe and Haywood, will constitute one other regiment to be denominated the seventh regiment. That the first and second regiments will constitute the first Brigade, the third and fourth regiments will constitute the second brigade, and the fifth, sixth and seventh regiments, will constitute the third brigade.

The Commandants of regiments will report as soon as practicable the names of the several persons enrolled in the Brig. Gen. commanding in the Brigade to which such regiments are attached. The Brigadier General will report to the Major General commanding in that Division, and the Major General respectively will report immediately thereafter to this office. For expedition the Commandants of regiments and brigades are required also to report to this office immediately after the Muster Rolls are received by them respectively.

The President expresses a preference for uniform volunteer companies; the officers aforesaid are therefore requested to see that their exertions to obtain as many of that species of force as possible.

The detachment will be organized in companies of one hundred each, battalions of 500; regiments of 1000; brigades from two to three thousand, and the whole to form one division. The General Staff required by the President is one Major General, three Brigadier Generals; one Deputy Quarter Master General, one Assistant Deputy Quarter Master General, and one Assistant Adjutant General. This Staff will be designated by the Governor. The Commandants of regiments will designate the company officers. The Generals of Divisions and Brigades will recommend the Field Officers.

In the selection of officers it is difficult to lay down any fixed rule, without its having an injurious effect when rigidly applied. Justice it would seem requires that the preference should be given to those of senior rank, but a strict adherence to this principle might render the army almost inefficient. To be governed by it when great injuries might be sustained, would be improper. Therefore in recommendations the officers making such will be governed by merit and not by seniority of grade.

The officers aforesaid will take the most effective measures to cause the returns to be made to them without delay, to the end that returns may be made to this office in the shortest time possible. They will also transmit with the Muster Rolls to this office a Roster of all the Field Officers who may volunteer their services, designating them as recommended from the others.

It is expected that in complying with the present requisition, the citizens of this State will manifest that zeal and promptness to their country's call, which has heretofore distinguished them on similar occasions.

By order of the Commander in Chief,  
ROBT. WILLIAMS, Adj. Gen.  
of the Militia of N. C.

FOR SALE AT THE STAR OFFICE.

## NOTICE.

HAVING removed from Halifax County, I am disposed to sell (on moderate terms) my United States tract in said county, consisting of the tract of Land (my late residence) lying in the fork of Conocochee and Whitehall swamps, and on the main road leading from Halifax Town to Yafboro', about 5 miles from the former place, and extending across the road leading from Enfield to Bridges's ferry. There is about eleven hundred acres of land in this tract; the improvements are good and considerable, the land is as good as that in the neighborhood, the range is most excellent and is now under a new fence, the plantation is very well watered, and possesses many advantages. I have another tract lying on Beaverdam swamp, about 8 miles S. W. of Halifax town, and about 5 miles N. of Enfield, it contains eleven hundred and fourteen acres, mostly woodland; the improvements upon this tract are inconsiderable, the land, by good judges, is thought to be equal if not superior to any tract of highland in the county, being suitable for the production of corn, cotton, wheat and tobacco to great advantage; there is an excellent range on this tract. These tracts of land can be seen on application at each place, and the terms can be known on application to me personally, or by letter directed to me at Cochran's store Person county, North Carolina, or to H. G. Montfort, near Halifax town. I invite persons who may be in the least disposed to purchase land in that part of the country, to examine the above described lands, as I am well convinced they will exceed my description, and the terms will be such as to justify them in giving a liberal price.

SAM. P. ASHE.  
Clermont, Person county, N. C. near Cochrans Store, N. B. I shall attend the ensuing Halifax, August Court.
