S the term for which the present Steward of the University of North Carolina was engaged, will expire with the current year; we, being the Committee of Appaintment, are ready to receive proposals for the ensuing year-and we invite all fit characters for the place to come forward with their terms at an early day. We however think it but candid to state, that a proposition, as we learn, is intended to be submitted to the board of Trustees at their annual meeting in November next, for abolishing the Stewardship and for renting out the Houses now occupied by the Steward. Should this plan succeed with the board, the proposed contract will be superseded—Should it fail, it will be our duty to proceed to the appointment.
