**WILLIAMSBORO' ACADEMY.**—The exercises of this Institution will commence on the first day of January next, under the superintendance of Andrew Rhea, M. A. the present professor of languages in the University of North-Carolina, as principal. There will be taught at this Academy, the Latin and Greek languages, Mathematics, the Elements of Euclid, Practical Geometry, Trigonometry, Surveying, Navigation, Mensuration of Heights and Distances, Superficies and Solids, Geography, Algebra, Natural and Moral Philosophy, English Grammar, Reading, Writing and Arithmetic. Particular attention will be paid to Composition, Reading and Eloquence. The price of tuition, \$30, payable half yearly in advance. Extra charges for firewood, attendants and the use of a Library, will be moderate and regulated by the Trustees. Board may be had in the private families of Stephen Sneed, Judge Henderson and William Roberts in town, and Dr. Hare and others in the neighborhood at \$60, payable half yearly in advances. The Trustees deem it unnecessary to say anything of the qualifications of Mr. Rhea—his acquirements as a scholar, his character as a gentleman, and his long experience and high standing as a teacher, are universally known, and daily appreciated throughout the State. The Trustees pledge themselves to use their utmost exertions to excite and keep up a spirit of emulation in the School, and to pay particular attention to the correct conduct and moral deportment of the students; and they flatter themselves that the commanding talents of Mr. Rhea, the healthiness of the place and the cheapness of board in the most respectable private families, together with the advantages of a good society, will render this one of the most eligible seminaries of learning in the state, and ensure it a liberal share of the patronage of a generous public.

A female teacher wanted. A Lady qualified to take charge of young females, and capable of teaching Reading, Writing, Arithmetic, English Grammar, Parsing and Needle Work, may be placed in a comfortable and permanent situation, on making immediate application to Judge Henderson, president of the board of Trustees. SAM HILLMAN, Sec'y. Williamsborough, Nov. 10, 1814. 45 1/2

### RALEIGH ACADEMY.

THE exercises of this Institution commenced, as usual, on the first Monday in January, under the superintendance of the Rev. M'PHEETERS, assisted by well qualified teachers.

The literary department of the Female Academy is placed under the care of the Rev. Josiah Crudup, Jun.—and the painting, drawing and ornamental needle-work, will be taught by a lady in all respects well qualified, who will have charge of the manners and deportment of the young ladies.

The preparatory school will be conducted according to Mr. Lancaster's improved mode of teaching elementary knowledge, lately introduced into this country—the Trustees having had Mr. John Evans, of this city, thoroughly qualified for instructing youth after this manner, and are now engaged in enlarging their school room, and in fitting it up for this purpose. As soon as the works are finished, which will be in a few weeks, this mode of teaching will commence. In the mean time the children will be taught in the ordinary way.

The price of teaching in the preparatory school is reduced to \$10 per annum, or \$5 per session;—which, when it is considered that no books will be wanted, will be cheaper than any other school.

As soon as the Lancasterian mode of teaching is in operation, the Trustees propose taking a number of poor children to educate free of expense. Application, for admission of scholars of this description, must be made to Judge Potter, Wm Shaw or J. Gales, who are appointed to attend to this business. WM HILL, Sec'y. January 5, 1815. 2 3/4
