### YANKEE QUTRAGES IN FLORIDA -- NEW TROY BURNT.

We copy the following communication from the Lake City Columbian, of a recent date

The deserters, about one hundre I strong, came up on last Tuesday night and burned up New Troy, the county site of Lafayette county. Not a house was left. They also burned nearly all the houses in the centre and Southern portions of the county, leaving only a few, and it is presumed the owners of those were either concerned or sympathized with the deserters. They carried off all the negroes, horses and mules they could get. They say they did this in revenge for the injury the troops did then?, by burning up and carrying off their property.

It is a deplorable fact that, between the operations of our troops and the deserters, Lafayette county is made a sad wilderness; hundreds of women and children, rendered destitute without shelter, food or clothing, are thrown upon the charities of a friend + parishes of his diocese within their limits. less world. The government nor its citizens neither caring for nor offering assistance to them in their unfortunate condition. If something is not done many of them will most certainly starve.

We should rather have heared of a variety with to the apparent chagrim of Republicans generallv.

### AN IMPORTANT SUGGESTION.

A correspondent of the Savannah News, writing from Charleston, South Carolina, suggests that subalterns carry muskets or rifles instead of swords. He thinks that it would increase the effective force of our infantry full 5,000 men, and save the lives of many gallant young fellows who are fit-for major-generals. He is of the opinion that either Count Hamilton or Louis XIV, was regarded as the benefactor of France, for suggesting that sergeants and corporals should carry firelocks or muskets instead of spears or spontoons. The suggestion was adopted, and 16,000 more fighting men added to the French army.

#### LATER FROM EUROPE.

Advices from Europe to the 24th ult. have been received at New York.

Mr. Lindsay, in the House of Commons, has submitted a motion for the recognition of the Southern Confederacy. The consideration of the motion was postponed until the 17th. It is stated that the Emperor Napoleon has sent two commissioners to America to report the progress of the war, and that they are authorized, in conjunction with England, to renew overtures for the cessation of the carnage.

The Alabama left the Cape of Good Hope on the 25th of March.

The proposition of the London Conference to detach Holstein and the Southern part of Schleswig P. M. from Denmark, has been rejected by the latter.

A letter from Canton, Miss., to the Clarion, states that Bishop Green, of the Protestant Episcopal Caurch, has gone into the Yankee lines to visit the
