THE CIRCASSIAN EXODUS.

One of the most remarkable events of this eventful era is the defeat of the Circassians by the Russians, and the flight of the entire nation into Turkish territory.

Circassia became subject to the Tartar Khans of the Crimea in the 16th century. From this servitude, the Circassians released themselves in the 16th century, by the aid of Ivan I., of Russia, who had married a Circassian princess.

Three hundred thousand "immigrants"—men, women and children—were, a short time since, hovering on the Circassian coast of the Euxine and catching at every opportunity to reach Trebizond.

The Turkish Government has made energetic efforts to relieve the sufferings of the Circassians. The expense involved in the measures adopted is estimated at not less than one million pounds sterling.
