#### A Statement To The Public By W. T. CULPEPPER

To The People of Pasquotank County and The Eastern District: The good people of Pasquotank County saw fit in June 1932 to nominate me for Representative of Pasquotank County, the highest honor any County could confer upon anyone, realizing as I do and the experience that I had in the 1933 Legislature it is a big for if a fellow tries to do his duty to serve the people of his County in that capacity. And I would like to state here that the geople of Pasquotank gave me the heartiest support all the way through my term of office and I tried mighty hard to do my duty not only to Pasquotank County but to see the needs of the entire Eastern District and worked with that aim in mind. On account of the wonderful support received in 1933 I decided again to offer myself as a candidate for the 1935 Legislature. I feel that I had the hearty support of the people in Pasquotank and nothing could given me greater pleasure than to have gone back to the Legislature and served my people in 1935.

On May 18th I was appointed by Congressman Lindsay C. Warron, Postmaster at Elizabeth City which is considered to be one of the highest appointments in the First District and being that I was the fortunate one to get this appointment, which appointment has been confirmed by the United States Senate and the Fresident, it becomes necessary, therefore, that I withdraw as a candidate for Representative in Pasquotank County from the Primary to be held June 2nd. As it now and always has been the height of my ambition to serve the people in the community which I have lived all of my days, to the best interest that I know how and I hope that my administration as Postmaster at Elizabeth Gity will end, when my time shall come to get out, with as good will of the people and in the same spirit which the General Public accepted my appointment.

I know that the Government owns a wonderful building located on a beautiful spot placed here to serve its people and the Government is its people and it will be my purpose to see that the neople who are served by this Office will be to the best of my ability, and with the cooperation and help of the employees, get the service that the people are entitled to. And I do hope that I will be able to perform the duties of this Office acceptable to the Public and a credit to the community.

Again I want to thank each and everyone of you for your loyal support and hope that I can continue to keep your goodwill

Yours for Service.

W. T. CULPEPPER.

Believing that Results of the Operation of the General Sales Tax has been advantageous to Eastern North Carolina:

## We solocit your support of this Measure for the following reasons:

It has relieved the Tax Burdened Land Own-First: ers of Eastern North Carolina, which would not have been the case had not the Sales

Tax been operative; Eastern Carolina is almost entirely rural and land values have got to be restored before we can ever have a prosperous section.

Second: It has made it possible to keep every school in North Carolina running for the full eight months term, which would not have been the case had the Sales Tax not been operative. Your child and every other child in the State, no matter how far he lives from a town has the same opportunity that the child in the largest city in the state has.

Third: It saved the Credit of the State and every unbiased Citizen knows this. Why was it then that the North Carolina banks didn't want any North Carolina paper at any rate of interest, when now less than twelve months since the Sales Tax went into operation, they are begging for this paper at a very low rate of interest? The fact that the Credit of the state is A-1 gives every citizen a certain amount of pride in his State that nothing else does.

### FOR SOLICITOR **First Judicial District**

Since my early boyhood I have possessed an carnet desire to serve the people of this district as Solicitor With that in mind, upon completion of my legal train ing at Wake Forest College I returned to this my naive district to practice my profession. I have now complete ed my eighth year as a practicing attorney, and I atta new asking the voters of this district to give me the oppose tunity of serving them as prosecuting officer.

I have always been a conscientious fighter for the Democratic party and its principles.

If the people of the first judicial district of North Carolina feel disposed to elect me to the office a Solicitor I will be ever grateful, and in return for the confidence I pledge to them the best of service 1 20 capable of giving.

W. O. Saunders, Editor of the Independent, Elizabeth City, N. C.

Dear Mr. Saunders:

STA:V

I beg of you a brief space to enable me to say a word in behalf of the candidacy as Solicitor of Mr. Chester Morris of Currituck, my native county. I have known Mr. Morris ever since he made our county his home, and have been brought into close personal and professional contact with him. In my judgment, Mr. Morris, by reason of his honorable character, his professional ability, and his splendid sense of justice, is eminently qualified to fill the office to the utmost satisfaction of the people of the district and with distinction to himself. I am certain that he would perform his duties efficiently and fearlessly, hecdless of all considerations other than those of honor, right and justice. I say this for Mr. Morris and not against any of the other candidates for the office, for whom, to the extent of my acquaintance with them, I entertain a high regard. I believe that Currituck will give this splendid young attorney its strong support and I hope that the people of the other counties of the district who know this able and high-minded young attorney will give his splendid qualities the consideration they deserve.

I may add that I make this statement in behalf of Mr. Morris without his solicitation or knowledge.

> Very sincerely yours, S. T. ANSELL.
