We learned last night that a man doing ousness for an estimable citizen, a jeweller on Fayetteville. street, decamped on Friday morning, taking off ten or a dozen watches stolen from his employers' safe. The thiel has no doubt made for the Yankee lines. We trust he may be caught and the property recovered.

Dr. Ellis Malone, of Franklin conuty, has been appointed by the Governor a Director of the Insane Asslum of the State for the unexpired term of Dr. Charles Skinner, deceased, of Warren.

On the subject of an extension of conscription the Salam Press says :

We prepared a lengthy article upon the subject of Senator Wigfall's scheme to put in the service all oer and boys, from 16 to 55, thus making the entire population subject to military law, and to create nothing short of a military despotism, but owing to the press on our limited columns, must content.ou selves with publishing the articles from the Richmond Examiner and Raleigh Progress, upon the subcet, under the kead of "spirit of the press."

It the people are not disposed silently to submit. prosuming they have still the right to instruct their Representatives in Congress, they should lose no time to make known their wishes to have the policy of Wigfall & Co., put down, ere it is too late. It is commuted there are enough original secessionists within the present conscript age, now at home speculating and enjoying shade offices, to fill up the thinned wasks, and we hope they will hold back no lonmer, as their services are now needed in the army.

We are glad to see at least a portion of the press speak out against any further conscription ; and we hope Congress will seriously consider the matter, and not impose undue and ruinous burdens upon the people of these localities where there are, comparatively speaking, no slaves, and where the main dependence is upon white labor to raise food for the support of ORANGE C. #### VALUABLE TRACT OF LAND FOR SALE.

RARE CHANCE FOR REFUGEES TO PURchase land in this neighborhood. As I have more land than I necessarily need, I offer for sale one of my plantations in Wake county, eight miles East of Raleigh, lying on Neuse river and Beaver Dam Creek, just above the Milburne Paper Mill, containing about 1250 acres, over one-third of which is open for cultivation. The plantation has on it a good dwelling house, together with all other necessary out-houses. The plantation is in good condition to make the next year's crop, and if desired 1 will sell everything necessary to make a crop. Confederate money taken, or 6 or 8 per cent. bonds preferred.

ORANGE C. H., Dec. 26 .- Gen. Rosser made a circuit of the entire Yankee army during the past week, starting from Fredericksburg and entering the Vailey at Conrad's Store. He burnt the bridge over Pope's Head Run, near La ston's Station, just out from Alexandria, capturing and destroying the troops left as a guard, but owing to high water and bad weather he was prevented from doing more. Gregg's Tankee cavalry pursued, but did not overtake him. Rosser was forced to swim Bull Run .-Our loss very slight, if any. The enemy, while in pursuit, destroyed two tanneries containing leather at Sherryville, Rappahannock county, and also two tanneries, a flour mill and some government work shops at Tusa, in Page county, and committed many other excesses, including the taking away of negroes. They shot a Confederate named Smedby, at Washington, Rappahannock counv, after sexrendering.

Parties just out from Culpeper report the enemy to be pulling down all vacant and out houses in their, line, including all churches, in order to construct winter quarters. The enemy are issuing rations to the citizens in Lulpeper county. The enemy have moved some infantry as far in this direction as Mitchell's Station, to act as front picket, and to relieve the cavalry to go rearwards to ernit.

#### SECOND DISPALCH.

A NEW MATERIAL IN WARFARE .- Chieride of nitrogen will, it is said, soon be utilized as an implement of war. Mr. Isham Bragg, an English chemist. autourcing his discovery proposes to carry up his composition in balloons, and drop it from the air in the midst of armies and fortresses. "The very mention of this compound" he goes on to say, "as a proposed element in modern warfare, may possibly provoke a smile among chemists who know that the most accomplished of their number would scarcely dare to experiment with 4t in quantities larger than a grain of mustard-seed, and even then only at a respectful distance, and under guard at The moment of its detonation. And vet not one of those chemists would be bold roough to deny that with two or three "chemically clean carboys of this terrible compound present in a city or fortress, however strong, the slightest cuttings of phosphorus or a single drop of olive oil coming in contact with it, would in one instant deside the fate of the place and its indebitants. Mr. Bragg then proceeds to affirm that he has discovered a method of overcoming the car tingent difficulties, and that he is able to manufacture this deadly material with perfect sitety, and in any required quantity, and that it can be saidly conveyed to its destination .- Summary of Medical Science.

THE ENEMY IN THE VALLEY .- The Richmond Sentinel of Friday says;
