THE NEWS.

-Affairs on both the Texan and Mexican sides of the Rio Grande were quiet at the date of latest advices. Two colored soldiers were executed at Brownsville on the 28th ult. for outrages on females. An entire division of the Twenty-fifth corps (colored) paraded on the occasion, and the appearance, discipline and deportment of the troops formed the theme of enthusiastic commendation on the part of both Texan and Mexican spectators, great numbers of whom were present. Cortina, with his force of Republicans, still hovered aroun! Matamoras, but had not made no further attack on the town, and it was not supposed that he would, his numbers being too insignificant. A Matamoras paper revives the story that Ex-Senator Gwin is at the head of the Imperial government of the Mexican State of Sonoro, at an annual salary of sixty thousand dollars, but without any ducal or other noble title.

-It is expected that an order will soon be issued at Washington, mustering out all general officers who still rem ain in the service drawing heavy saleries and doing no duty. The number of those wao have not responded to the invitation to resign, and who have therefore to be removed by , more summary process, is said to be nearly two hundred. The number of other officers who will also be relieved with the Generals to whose staff's they have been attached, is of course very large.

-The Alexandria (Virginia) Gazette, speaking of the Episcopal Seminary there, says:

"We believe that the Seminary, Bishop John's residence, and the other buildings, on the Seminary Hill, having been, or are about to be turned over to their owners. The sale of the frame buildings, erected during the war, adjacent to the Seminary, is to take place on Monday, the 21st instant. These buildings are to be torn down and removed."

-The following citizens of Petersburg were pardoned by the President on Wednesday:

Reuben Ragland, James M. Venable, Thomas Withers, R. A. Hamilton, Peter McEnry, Leroy Roper, William H. Johnson, Joseph B. Dunn, D. B. Lenuint, J. F. McIl vaine, R. D. McIlwaine, John K. Childrey and James G. Parton.

-An order has been issued by General Terry, mustering out of service the 81st, 98th and 100th New York, the 10th Connecticut, and the 188th Pennsylvania regiments All of these regiments have been around Richmond, except the 98th New York, which has been on duty at Danville.

-Lt. Col. James D McBride, late of the 6th U S Colored Artillery, attempted horsewhip Genenral Meredith in Washington Sunday night, because he was "a copperh ead and secessionist." The General knocked him down, and a polic man carried him to the station-house. When the Colonel's head hit the pavement, probably he wished it was a copperhead.

-The Washington correspondent of the Pittsburg Commercial says that it has good authority for aying that, on account of his health, Secretary Stanton will retire from the Cabinet in a few weeks, at the furthest.

A New Orleans correspondent says the property of John Slidell, comprising with hundred and fortytwo lots and squares of ground, with stores, dwellmy houses and a ballking house, were sold for \$100,410. Before the war it was estimated at \$300,000. Confiscation at this rate is not likely to add much to the United States Treasury by way of reimbursement of the expenses of the war.

-The next session of the University of Virginia, will commence on the 1st of October next, and terminate July 3, 1866, the Faculty, and the mode and measure of instruction being the same as here-

-The one hundred and second regiment of United States colored troops have received orders to be mustered out of the service.

-It is said that the war department order directing the discharge of certain troops in Texas will not materially diminish the force in that State.

-Personal -General Joseph E. Johnson and

lady reached the city of Richmond last Friday evening, and are stopping at the Spotswood Hotel. -The National Intelligencer of Wednesday shows

up the inconsistencies of Mr. Forney's Chronicle with an unsparing hand.

-The Washington Chronicle, an Administration organ, says the New York News denounces the atrocities of Champ Ferguson, the guerilla and outlaw. Certainly, replies the News we denounce all rascals alike, the guerilla who murders his enemy, and the editor who wants his enemy murdered. We are constantly denouncing the editor of the Chronicle.

-The body of a Union officer, with every appearance of a foul murder, was discovered on Friday, in Williamsville, near Springfield, Ill. The discovery causes much excitement.

-The 11th Missouri cavalry arrived at Cairo. Thursday, on their way to St. Touis. They have with them a pet alligator, which has accompanied them through all their marches and fighting.

-A lead mine has been opened in Winona county, Minnesota, and a company organized with a capital of \$25,000 to work the same

-Ford's theatre has been completely metamorphosed. The stage box in which President Lincoln was assassinated was removed to make way for the new fire proof floor. The building will be ready in a short time for the reception of Confederate archives.

-" Sepulchral news reaches us from Autin," says a paris letter: "the grave-diggers have struck! The people of Autin must not therefore, die, unless they wish their bodies to remain unburied. We see no other way of opposing the pretensions of men who live by other people's deaths. Such a result as this it was scarcely supposed would be produced by the law on coalitions.

A Budget of Compliments-The Ladies Responsible-Wilmington Herald and Fayetteville News.

From the Wilmington Herald. Flattering Opinions.—Our amiable young friend at Fayetteville who presides over the seven-by-nine sheet printed there that cost one hundred and fifty dollars, all told, according to his own statement, indulges in some very flattering comments on the national troops and officers. In reprinting his remarks we do not desire to be understood as in any manner endorsing them. We merely desire to let the young man be heard. But at the same time we have an indistinct remembrance of having seen something in his sheet a few weeks ago-about the time the troops were withdrawn from that town-about the " gentlemanly conduct" of said troops, their "uniform good behavlour," " regrets at parting," etc., etc. It is singular that they have so suddenly fallen in his mation as to be now but "elevated hod carriers," inferiors to the "true southern gentlemen," etc. But time thus modifies all our opinions. Let the public

Then follows the article from the News; and here is the last named journal's response: From the Fayetteville News.

The pimp charges us with having complimented the Federal troops which were stationed here, for uniform good behavior," and "gentlemanly conduct," to all of which we plead guilty, and all ofwhich we aver again. But that the gentlemanly conduct or the uniform good behavior of these officers and men entitled them to more consideration socially and especially in the eyes of Southern ladies, to our own men, who by birth, education and natural southern instinct, in our opinion, are far their superiors, we cannot assent. We would as soon recognize the claim of the pimp to decency, and as soon tolerate his admission that those men were fitted for the society into which some kindly disposed people would have had them introduced. That it would be impossible to give him such an entrance into society it is only necessary to remark that he is the writer who said that the negro should be credited where his statemen tconflicted with that of the white man; that he published in his own paper under these capitals: "THE DIRECT LIE," a charge that he, the editor, had lied, and in his comments said that to give a man the lie was no argument at all; and that he made an unwarranted attack on Dr. Love, and when called to account, preferred to be posted as a coward and a common liar, to giving the Doctor the redress which he demanded. These things would unfit him for social position; and will hereafter deter us from noticing his vile productions in the columns of our

NEW YORK AND YELLOW FEVER-ALARMING RE-PORT. - The New York World has the following :-The last steamer from New Orleans to this city brought intelligence that the pestilential scourge, the yellow fever, had appeared at Havana to an unusual extent. Although the mortality it has caused was not recorded in the news, many must have fallen victims to its ravages. Yesterday afternoon a report was circulated in this city that this terrible disease was at quarantine, having been brought there bp some passengers on the vessels from Cuba. The health officer should act promply and firmly in the matter. If by any lack of care or mishap, this dread disease should appear in this city, the present sultry weather would facilitate its increase, and swells our lists of mortality to the extent of those which marked the first visit of the cholera. The city authorities should at once take action on this matter, and the Board of Health should be immediately convened, to devise such measures as may be necessary for the safety of the

SUIT AGAINST TAE UNITED STATES .- Ten Millions of Dollars Involved .- Ex-Judge Allen has commenced a suit in behalf of the leading brokers and bankers of Wall street and vicinity, to restrain Assessor Gilbert from levying, and Sheridan Shook from collecting certain taxes. The Internal revenue authorities claim to levy a tax on all sales made by brokers on their own account, the same as for stocks, etc., sold on commission. The brokers, through their counsel, have given notice of their intention to apply for an injunction to Judge Nelson, to prevent the collection of the tax. They claim under the decision of Judge Nelson, in favor of their position, Mr. Samuel G. Courtney, Assistant District Attorney, intends to contest the application, on the ground that the decision of Judge Nelson having been appealed from, the taxes must be paid until that decision is sustained, and also that the equitable powers of the Court could not be invoked in a case of this kind. The argument will take place some time during the latter part of this month .- New York News.

THE CITY.

PROVOST MARSHAL'S SANCTUM. - Raleigh, Aug. 19th, 1865.—This morning any number of soldiers came before the Assistant, -some complaining of having their watches taken from them; others of all their greenbacks; while others were brought up for being drunk and disorderly. The latter class consisted of soldiers and citizens.

One young man, a citizen, was arrested for selling whiskey on the streets. He lost his whiskey, but was let go, he promising not to be guilty of doing so again.

Some hard characters were arrested during the afternoon. There is more of the gang at large yet. It appears that this gang attacks citizens and soldiers, if they think they have any money about them. Citizens should be on their guard until the balance are arrested, for which purpose an energetic effort is being made.

The inaugural labors of the new Provest, Capt. Adams, have opened with full houses and we fear that instead of decreasing, the work of the officealways severe-will become even more laborious than in the past. We shall be gratified if disap-

CLEANING UP .- We observed the custodians of the cleanliness of our city hard at work, last Saturday, superintending the removal of the rubbish from the streets; particularly in the vicinity of the market house. Yesterday morning market square looked as if clad in a holiday suit and we accept it as an augury that as far as practicable the whole city is to be maintained in as good sanitary condition.

We are not unmindful of the truth that the municipal authorities are not overburdened with financial possessions and that from want of such means their operations are much restricted; but we hope there will be taxation in any and every form if requisite to preserve the public health, keep off contagions and as well the oders sonnetized in this country a week

NORTH CAROLINA MAIL SERVICE. The Postmaster General is moving with considerable energy, at last, in restoring mail service in North, Carolina .-He has accepted the offer of Nathand Boyden, President of the Central North Carolina Railroad Company, to convey mails from Goldsborough by Boon Hill, Pine Level, Smithfield Station, Clayton, Auburn, Raleigh, Cary, Morrisville, Cedar Fork, Brassfield, Durham, University Station, Hillsboro', Mebanesville, Haw River, Graham, Company's Shop, Alamance, Gibsonville, McLeansville, Greensboro', Jamestown, High Point, Thomasville, Lexington, Holtsburgh, Salisbury, China Grove, Concord, Harris' Depot. and Query's, to Charlotte, 223 miles and back, daily, or as much oftener as trains may run, at the rate of \$50 per mile per an-

THE DEAD .- From an official successor or interment of Confederate soldiers in Blandford Cemetary, at Petersburg, we note the following from this State:

Jas. J. Burnett Camden county; Samuel Salyer, Curricuck; Martin Tillison, Granville; J. H. Tulley, 21d N. C., regiment; and E, H. Hawkins, Rowan.

Friends of the deceased, who wish either to remove their remains or place some mark over their graves, will find no difficulty in doing so, as identification is probably an easy matter.

REPORTED ROBBERY .- It is stated to us that a squad of soldiers visited Vinegar Hill, last Friday night, stacked their arms, and then proceeded to plunder indiscriminately the passers-by. The gentleman who give us this information, says that one person, passing in a carriage was halted, taken from the vehicle, and stripped of a number of valuable things.

We do not vouch for the accuracy of the statement, but if true the military authorities on a proper representation of the facts and identification of the parties will meet out punishment to the guilty.

COUNTY COURT .- The magistrates of Wake meet in solemn conclave to-day for the purpose, specially, of selecting inspectors of election, administering the amnesty oath, and doing other things important and unimportant. As a feast of preparation for the election, many persons will doubtless "swallow the pup," as the paroled have it.

No Mail-from causes unknown-reached us by Saturday night's train, from the north, east, south or west. From this cause, and the consideration that the government has interdicted the use of the telegraph by the press for the present, we are without our usual late and full summary of northern news.

IN PETERSBURG. -The following Raleighites were in Petersburg, last Friday, at Jarretts:

M. R. Preston, B. Smeads, and Misses K. and S., J. McPheeters; W. Drogan, Miss Partridge M., Jordan, C. S. Hines and J. Shaw. At the Bollingbrook, Geo. W. Masa, George H.

Wilson, Wm. Smith, John O'Brien, Andrew West and S. Levering.

BE IN TIME. - The steamship D. H. Mount, Capt. Backins, will sail direct for New York from Newbern, next Saturday. We hear the accommodations of this line, both for freight and passengers, spoken of as very superior and safe. Timely notice is now given shippers in which to get their freights ready.

A CHANCE -Residences have been for a long time very difficult to secure in this city. Parties wishing to house themselves for the remainder of the year should consult the notice of Mr. C. H. Belvin.

GOVERNMENT SALES—it will be seet - tak ...lace at Charlotte on Wednesday, Thursday and Friday

To the number already in, one for Post county is added. See the advertisement of Col. B yd.

A FALLEN ANGEL .- A fair but frail creature, known to belong to the society of the demi mondes, while displaying her equestrianism in the vicinity of the rallroad bridge, fell from her horse yesterday, and unfortunately received no hurt.

NEW TROOPS .- We learn that the 120th regiment Indiana infantry reached the city Saturday night, and will be stationed at Raleigh, in lieu of the troops to be mustered out under late orders. Another regiment is on its way.

Funeral Notice. The Funeral of the late Mrs. SION H. ROGERS wil take place from the Episcopal Church this (Monday)

afternoon, at 5 o'clock. Friends of the family and the citizens generally are invited to attend. aug21-1t
