

For latest news see Fourth Page. According to the Herald's Beaufort correspondent, yellow fever and small-pox have made their appearance on board the merchant vessels at that port.

A large meeting of Fanians was held in Troy Monday night, at which Thomas B. Carroll and John Morrissey were among the chief speakers.

A new privilege has been granted to Jeff Davis, that of writing to his wife. His letters, of course, are revised before sent. Thus his prison has been gradually relieved of its original taint. He confesses, in fact, that the only things he has to complain of now are his deprivation of liberty, and, in his view, unnecessarily deferring his trial. His health is wholly restored. He takes daily walks and his appetite is excellent. Mr. Davis has also recovered, and Mr. Mitchel is now in their health.

Major W. G. Dickson, formerly inspector of army on the staff of Major-General Barry, has received the appointment of United States Marshal for the State of Georgia. The Major was a resident of Savannah when the war broke out, and although all his material interests lay in the South, they were sacrificed in what he conceived to be duty to the country. He came North and ended the service, where he distinguished himself in campaigns of the Western Army until the surrender of Johnston.

We have important (if true) intelligence from northern Mexico, by way of Santa Fe and Denver. Dispatch states that the French have occupiedihuahua, and that Juarez and his Cabinet have to El Paso, a little town on the Rio Grande, which is the border of Texas and New Mexico. It is admitted that he will probably soon be compelled to cross the river and seek shelter in the United States.

The Haytian despatch boat Geffard put into port North Carolina, on the 1st instant for water. The captain is the bearer of despatches to Washington, which it is presumed have reference to aid for the quelling of the rebellion which President Geffard just now finds hands full. As the steamer is to come on to New York to be caulked and refitted, we shall probably be put in possession of fuller information on subject in a day or two.

A negro mass meeting—a strange and significant feature in Alabama politics—was held at Wetumpka, Ala., August 23. About two thousand former slaves were present. They were addressed by General Fisk, of the Freedmen's Bureau, who told them that whatever was detrimental to the black man was detrimental alike to the white man.

He had hoped to be able to lease some abandoned plantations to them; but as President Johnson believed, "was going to pardon all the rebels," their prospects were not so good in this respect as they had been. He advised them to live on their own shares, and to "disabuse their minds of the notion that their old masters' estate was going to be cut up amongst them. He told them they should have justice and fair play, but that they must "work out their own salvation."

The conduct of the assemblage is stated to have been unexceptionable, and the General's speech produced a good effect on all present. The boarders at ten hotels in one of the New York cities pay about one eighth of the whole revenue incomes collected in that wealthy ward, and supposed that if all the boarders in that ward included they would be found to return about seven per cent of the whole. The number of boarders at the ten hotels who return incomes is 217, and the aggregate amount is \$3,180,902.

One county in Illinois will produce a million bushels of wine this year. A count was kept of Congress Springs, Saratoga Springs, last week, when it appeared that boys dipped at the rate of fifty glasses a minute, 1000 glasses per hour. The amount drank that day, in three hours, was about 9,000 glasses.

The yellow fever is prevailing in Havana, the portion of deaths being greater than usual. Mayor Gunther has petitioned Gov. Fenton to issue an order on the 26th inst. for trial of former as a member of the street commission, on Gregory charges.

Miss Dix, the philanthropist, has gone to Williamsburg, Va., to look after the welfare of the lunatics in that city. Her report has been carefully and impartially considered by the Major-General Commanding, and the facts therein elicited and brought out, with other facts in the same connection, which have been brought to his notice, show the attack on Mr. Wheeler, by Lieutenant Colonel Blackburn and Captain Quinn, 4th Tennessee Cavalry, wholly unprovoked and unjustifiable, and unbecomingly an officer in the service of the United States.

Mr. Wheeler, as a paroled prisoner, is justly entitled to protection, instead of being exposed to assaults, and his position, by virtue of his parole as an unarmed man, and hence without means of defence, should have been, and must in future be respected; and not only in his case, but in the case of all other persons occupying a similar position.

You will convey to Lieutenant-Colonel Blackburn and to Captain Quinn, of the 4th Tennessee Cavalry, the notification of the extreme displeasure and reprimand of Major-General Thomas for their unofficer-like and reprehensible conduct, and say to them that their master-out of the service of their regiment has been the only reason for their not being subjected to arrest and trial by court-martial. Their conduct at the time of the assault, as well as subsequently, has been an insult and disgrace to the uniform they wore, and is justly disapproved and frowned down upon by every honorable and high-minded officer and enlisted man in the service.

The Major-General commanding directs that you will further require of Lieutenant-Colonel Blackburn and Capt. Quinn positive and satisfactory assurance for their future good conduct, and the strict compliance with all orders and regulations for the preservation and maintenance of public peace, and at the same time advising them that they will be held to strict accountability for any further breach of the same.

I am, very respectfully, your obedient servant, BOBBET H. RAMSEY, Colonel and Assistant Adjutant General.

THE DAILY PROGRESS.

VOL. VI. RALEIGH, MONDAY, SEPT. 11, 1865. NO. 255.

STATE NEWS.

From the Salisbury Banner we learn that the sentence of the Military Commission in the case of Miss Temple Neely has been made known. They find her guilty of manslaughter, but in view of the fact that the shot that killed her servant was fired in defence of her aged mother, they assess the punishment at \$1,000 fine. The citizens generally are relieved at this verdict, for through her trying sorrow, Miss Neely has had the warmest sympathy of all the citizens and soldiers. She comes through the fire unscathed. Every one who has ever made their mother's knee the altar of their prayer to God, fully sympathize with the act, and have followed the progress of the trial with anxious minds and hearts. Miss Temple will return to her home in a few days, where we hope the smiles of friends will lighten up the gloom cast by the shadow of her past dark trouble.

Gen. Heath, the new commandant of the District of Salisbury, has arrived there and established his headquarters at that place.

A mass meeting of the citizens of Salisbury has been held to memorialize the Governor regarding a municipal government for that city.

From the new Superintendent, Capt. S. S. Kirkland, the Salisbury Banner learns that it is impracticable to run a daily train on the W. N. C. Railroad, from the fact that they have but one passenger car belonging to them, and one passenger car borrowed from the Atlantic Railroad and which is liable to be called for at any time. They are also deficient in other transportation. It is the wish of the Superintendent that there be a daily train and he will lend all his energies to this end. The grading of the road also requires much attention and he is anxious to have as much of it repaired as is possible before the winter sets in.

Dr. I. W. Jones is a candidate to represent the people of Rowan in the State Convention.

The Wadesboro' (Anson county) Argus has been revived.

The Newbern Times says that Maj. Gen. Webb, in his tour of inspection through our much abused State, was in that city on Thursday last.

Newbern is so healthy that the undertakers are selling out and the doctors are buying second handed clothing.

A man named Martin Camell, while laboring under an attack of delirium tremens, jumped into the Neuse River, near Newbern the other day, and was drowned.

The first bale of new cotton, from this State, was shipped on the 8th for New York on the steamer Charles Benton. It is from the plantation of Haskell & Fisher, about four miles from Newbern. It is classified as strict middling.

We observe that Dr. Rufus K. Speed, of Pasquotank, is recommended for the next Congress from the 1st district in the State.

Dr. Wm. Nicholson, a sensible man and a most excellent member of the society of Friends, is a candidate for the Convention in Perquimans county.

We learn that W. A. Smith, Esq., of Johnson, has declined to run for the Convention, and that Dr. J. T. Leach has been announced. So says the Newbern Times.

Twenty white laborers have been brought to Wilmington from the North. They arrived on the 7th instant.

The Blackburn-Wheeler Difficulty. The following is the report of the Union General at Nashville, concerning a cowardly assault by two of our officers upon General Wheeler in bed and unarmed:

HEADQUARTERS MID. DIV. OF THE TENNESSEE, Nashville, Tenn., Aug. 26, 1865. Brevet Brig. Gen. E. C. Mason, Comd'g Post of Nashville.

GENERAL: I have the honor to acknowledge the receipt of your report of the investigation ordered by the Major-General commanding into the cause for the assault upon Mr. Joseph Wheeler, late Major-General in the army of the so-called Confederate States, at the City Hotel, in this city. Your report has been carefully and impartially considered by the Major-General Commanding, and the facts therein elicited and brought out, with other facts in the same connection, which have been brought to his notice, show the attack on Mr. Wheeler, by Lieutenant Colonel Blackburn and Captain Quinn, 4th Tennessee Cavalry, wholly unprovoked and unjustifiable, and unbecomingly an officer in the service of the United States.

Mr. Wheeler, as a paroled prisoner, is justly entitled to protection, instead of being exposed to assaults, and his position, by virtue of his parole as an unarmed man, and hence without means of defence, should have been, and must in future be respected; and not only in his case, but in the case of all other persons occupying a similar position.

You will convey to Lieutenant-Colonel Blackburn and to Captain Quinn, of the 4th Tennessee Cavalry, the notification of the extreme displeasure and reprimand of Major-General Thomas for their unofficer-like and reprehensible conduct, and say to them that their master-out of the service of their regiment has been the only reason for their not being subjected to arrest and trial by court-martial. Their conduct at the time of the assault, as well as subsequently, has been an insult and disgrace to the uniform they wore, and is justly disapproved and frowned down upon by every honorable and high-minded officer and enlisted man in the service.

The Major-General commanding directs that you will further require of Lieutenant-Colonel Blackburn and Capt. Quinn positive and satisfactory assurance for their future good conduct, and the strict compliance with all orders and regulations for the preservation and maintenance of public peace, and at the same time advising them that they will be held to strict accountability for any further breach of the same.

THE CITY.

NO YELLOW FEVER AT MOREHEAD.—It is really criminal in men to originate or revamp from their imaginations stories which are calculated to shock and justly alarm whole communities. Of this character is the report so current last Saturday, of the prevalence of yellow fever at Morehead city. There is not a particle of foundation for the report. By order of Maj. Gen. Ruger, Dr. Barnes, of his staff, visited that place a few days since, and made thorough examination of the shipping, &c., and has made official report that he discovered nothing to warrant the idea that "yellow jack" or any other contagion was existent or likely to exist there.

We make this authoritative denial in the hope that, for the future, more caution will be exercised in repeating such stories. They are only calculated to injure the State in a commercial aspect and unnecessarily alarm our own citizens.

GEN. MEADE.—A private telegram from Greensboro' informs us that Gen. Meade and staff and Gen. Ruger and staff were at the Metropolitan Hotel in that city on Saturday last. It was the intention of Gen. Meade to start for Richmond in the evening of that day. During his stay in the State he has paid flying visits to several prominent points, and although his stay at each was limited to a few hours, he has probably posted himself as regards the object of his mission.

Messrs. Keogh & Crane, of the Metropolitan, at Greensboro', we have no doubt, entertained their distinguished guests in a satisfactory manner. A short time since they leased the Brittain House, and refurnishing, refitting and rearranging it generally, gave it a new name—the Metropolitan. We advise all travelers to give them a trial when passing.

A COURT OF INQUIRY is now in session in Raleigh, convened at the request of a certain Captain and A. Q. M., to investigate the cause of a rumor which, if true, would decapitate said A. Q. M.—The story goes that on a certain occasion, where some of the most beautiful and most seducible ladies of the "City of Oaks" were present, at a social gathering, a toast was proposed to the health of "Our President—Jefferson Davis," and was drunk by the captain. His friends claim that the toast was qualified by a proposition to hang J. D., after the exalted manner of Haman.

AN EQUINE MATTER.—There is an old song about a quadruped of the equine species biting his master, because "he heard the good parson say all flesh is grass." Whether the horse of a certain gentleman we wot of has been in earshot of a parson or not—we think that the owner hasn't very lately—we do not know; but from all accounts, he acted, last Saturday evening, as if he had. Some people have strange pets, and if they insist on foster-ing man-eaters they must expect once in a while to get bit.

ALTERED NOTES.—Our attention has been called to the method by which small notes are altered from a less to a greater denomination. The note shown us was of ten cents value originally, but the adroit holder of the fractional had pasted a figure "5" over the "1," thereby improving its face to the extent of forty cents additional.

This is small gain for so large a risk, and while no great number of such altered notes are probably circulating in our midst, rumor says that Norfolk and other Virginia towns have a goodly sprinkling afloat.

ATTEMPT TO BREAK IN.—It is reported that a party of men, who had indulged freely, made attempt forcibly to enter a "shebang" last Saturday night, in the vicinity of the gas house. A colored man, who is the proprietor, gave the alarm, and the assailants retreated without effecting an entrance and minus any booty. Indeed, from the facts stated to us we doubt whether the purpose was plunder.

WHITE HELP.—See advertisements of Wm. B. Smith, Esq., who wants a white woman to do the house-work of a small family.

It is plain to us from the applications which reach us in various forms, that if some enterprising business man would introduce white help here, it would pay him handsomely and amply remunerate the parties employed.

SERENADED.—A party of amateur vocalists, whose voices show considerable cultivation, were out on a rampage last Saturday night, and serenaded quite a number of ladies and gentlemen. They designed so to compliment us, but were prevented by the enfeebled health of one of our esteemed neighbors.—We thank them for their kind intention.

TO BE MUSTERED OUT.—We learn, on excellent authority, that the enlisted men of the colored regiments stationed in this State, whose homes are in the North, will be mustered out immediately. This will reduce the present number of that class of troops in this State, nearly, if not quite, one half.

FALSE ALARM.—About 10 o'clock, last Saturday night, some one with an admirable pair of lungs screamed "fire! fire!" at the very highest octave of which he was capable. Divers and sundry people were thereby largely alarmed, but the apprehension was not warranted by any outward blazes.

RAIN.—After a season of several weeks, unrelieved by rain or heavy dews, there was a considerable shower Saturday. The clouds are still heavy, and we cherish a faint hope that the oppressive closeness of this quiet Sabbath will be replaced by a cool Monday morning.

ON DIT.—That the trains on the Raleigh and Gaston road are soon to be run on a faster schedule so as to accomplish the trip from Raleigh to Gaston and return in 18 hours.

CHANGE OF HOUR.—By the new schedule, the trains for Goldsborough, etc., leave here at 3 o'clock, in the morning, instead of 10 1/2 as heretofore.

THANKS.—We are again under obligations to Mr. W. F. Whitehurst, of the Southern Express Company, for late State papers.

APPOINTED.—Mr. William Allen of this city, has been appointed a clerk in the city Post office.

AGENTS WANTED FOR THE SECRET SERVICE, THE FIELD, THE DUNGEON, AND THE ESCAPE. BY ALBERT D. RICHARDSON, N. Y. Tribune Correspondent. 1,000 COPIES SELLING PER DAY!

The most interesting and exciting book ever published, embracing Mr. Richardson's unparalleled experience for four years. Travelling through the South in the secret service of the "Tribune" at the outbreak of the war, with our armies and fleets, both East and West, during the first two years of the Rebellion; his thrilling capture; his confinement for twenty months in seven different rebel prisons; his escape and almost miraculous journey by night of nearly 400 miles. It will abound in stirring events, and contain more of the fact, incident and romance of the war, than any other yet published. Horace Greely says of it: "A great many books will yet be written concerning this war, in addition to the many already in print; but not one of them will give, within a similar compass, a clearer, fuller, more readable account, entirely from personal observation, of the nature, animus, purposes, tendencies, and instrumentalities of the slaveholders' rebellion, than does the unpretending narrative of Mr. Richardson." Teachers, ladies, energetic young men, and especially returned and disabled officers and soldiers, in want of profitable employment, will find it particularly adapted to their condition.
